Independent Auditor's Report

To the Trustee and Plan Administrator of

Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan

- Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Trustee and Plan Administrator of
Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MidAtlantic Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by MidAtlantic Trust Company, the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

Note 1. **Description of Plan**

The following description of the Highgate Medical Group, P.C. Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is Highgate Medical Group, P.C. (the Company). The trustee is responsible for oversight of the Plan, and the Plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the trustee.

Administration - Effective March 13, 2021 Principal Life Insurance Co, is the custodian of the plan and provides record keeping and advisory services. MidAtlantic Trust Company was the custodian through March 12, 2021. Touchstone Retirement provided record keeping and advisory services under MidAtlantic Trust Company. Actuarial Consulting Services, Inc. is the third-party administrator (TPA) effective January 1, 2021.

Eligibility - Employees are eligible to participate in the Plan on the 1st day of the month, following or coinciding with their date of hire. Eligibility is also contingent on the participant attaining age 21.

Participant Contributions - The Plan provides for participant pre-tax contributions of compensation or after-tax Roth contributions, as defined, up to the maximum annual limitation allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions - The Plan allows the Company to make a discretionary matching contribution determined annually by the Company. This discretionary matching contribution cannot exceed 2.5% of an employee's wages. For the year ended December 31, 2021, the Company made a discretionary matching contribution of 25% on employee deferrals up to 10% of compensation.

The Plan allows the Company to make a discretionary profit-sharing contribution in an amount determined each year by the Company's Board of Directors. The discretionary profit-sharing contribution is allocated to eligible participants based on their percentage of compensation to total eligible participants' compensation. To be eligible for the profit-sharing contribution, the participant is required to be employed on the last day of the Plan year and have at least 1 year of service to the company. For the year ended December 31, 2021 the Company did not make a discretionary profit-sharing contribution.

Contribution Direction - Participants direct both participant and employer contributions into various investment options offered by the Plan. Effective March 2021, the Plan offers over 15 different investment options consisting of collective trust funds, registered investment companies pooled separate accounts, and a guaranteed interest fund. Prior to March 2021, the Plan offered over twenty investment options consisting of registered investment companies. Participants may change their investment allocation on a daily basis.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. Certain expenses that are directly attributable to a participants' use of certain services offered by the plan are directly allocated to that participants account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their account is as follows:

Note 1. **Description of Plan** *(Continued)*

Years of Service	Percentage Vested
After 1	20%
After 2	40%
After 3	60%
After 4	80%
After 5	100%

Participants become 100% vested in the profit-sharing contribution upon total and permanent disability or death.

Forfeitures - Forfeiture amounts are used to reduce employer contributions. The Company used $41,032 in forfeitures to reduce the employer matching contribution for the year ended December 31, 2021. The Company did not have an employer profit sharing contribution for the year ended December 31, 2021 and accordingly, no forfeitures were used to reduce it.

Payment of Benefits - Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date, actual retirement date, upon experiencing financial hardship or attaining the age of 59½. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distribution at termination is a lump sum payment. Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age or death if their account balance exceeds $1,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its share of earnings/losses and will be charged a portion of administrative expenses.

Note 2. **Summary of Significant Accounting Policies**

Basis of Accounting - The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Pooled Separate Accounts and Collective Trust Funds are valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is based on the market value of its underlying investments and is not a quoted price in an active market.

The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits payments to participants are recorded when paid.

Note 2. **Summary of Significant Accounting Policies** *(Continued)*

Expenses - Expenses of maintaining the Plan are paid by the Plan and are included from these financial statements. Certain fees related to participant requested services are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events - These financial statements have not been updated for subsequent events occurring after September 20, 2022 which is the date these financial statements were available to be issued.

Note 3 **Group Annuity Contract**

The Plan has a group annuity contract with Principal Life Insurance Co. (Principal). The Plan has elected the funds to be invested in a fixed annuity that is held in a fixed account. The contract was put in force upon Principal becoming the plans custodian on March 13, 2021 and will remain in force until terminated by Principal or the Plan. The group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The interest crediting rate is calculated based on the earnings of the underlying assets and prevailing market conditions. The interest crediting rate is reset bi-annually and there was a minimum rate of 1% set for 2021. The average credited rate for 2021 was 1.56%.

The contract has provisions that prevent the immediate and full payout at contract value due to plan sponsor-initiated events, including but not limited to, spin-off, layoff, sale or merger will cause the contract to be a market value adjustment. The Plan believes that these events are not probable to occur, thus the fixed account has been valued at contract value.

The contract may be terminated by Principal or the Plan Sponsor by providing ninety days written notice. If a contract termination date is declared, the plan sponsor will receive payment of the fixed account at contract value in a lump sum payment at the lesser of contract value or contract value with a market value adjustment.

Note 4. **Investments Measured at Fair Value Based on Net Asset Value**

The following table summarizes investments measured at fair value based on net asset value (NAV's) per share as of December 31, 2021:

December 31, 2021	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Collective Trust Funds	$ 50,259	N/A	Daily	1 day
Pooled separate accounts	$ 1,053,673	N/A	Daily	1 day

*There were no Investments measured at fair value based on net asset value per share as of December 31, 2020.

Note 5. **Fair Value Measurements**

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 5. **Fair Value Measurements** *(Continued)*

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methods used to measure fair value:

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV is the closing price reported on the active market on which the securities are traded. Mutual funds are classified as Level 1 investments. The fair value of registered investment companies was $3,865,047 at December 31, 2021. ($5,553,214 – 2020)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. **Party-In-Interest Transactions**

Plan investments are managed by Principal Life Insurance Co, the custodian of the Plan at December 31, 2021 and, therefore, these transactions qualify as party-in-interest. Investment income and interest and dividend income on assets invested with the custodian amounted to $119,202 for the year ended December 31, 2021. Fees paid by the Plan for administrative services amounted to $14,155 for the year ended December 31, 2021.

Note 7. **Financial Certification**

The following financial information relating to the Plan's assets as of December 31, 2021 and 2020, as well as income and transactions for the year ended December 31, 2021, have been derived from information provided by both MidAtlantic Trust Company, and Principal Life Insurance Co. , the custodians of the Plan for 2021, and has been certified by them as complete and accurate. Due to a change in custodians of the plan on March 12, 2021, the information regarding dates previous to this change was provided and certified by MidAtlantic Trust Company, and the information regarding dates that succeeded March 12, 2021, was provided and certified by Principal Life Insurance Co. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent accountants.

Note 8. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer profit sharing contributions.

Note 9. **Tax Status**

The Plan has adopted the Actuarial Consulting Services, Inc. Defined Contribution Prototype Plan and Trust. The prototype plan received a positive opinion letter from the IRS on June 30, 2020. The opinion relates only to the acceptability of the form of the plan under the Internal Revenue Code. The Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 10. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks including the impact of the Covid-19 pandemic. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
