NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established on January 1, 2000, is a defined contribution plan covering substantially all employees of Gallagher & Associates, LLC (Company) and its subsidiary, Gallagher Museum Services, LLC (collectively, the Companies). The Plan is subject to the provisions of ERISA.

The plan document was amended effective January 1, 2020 to allow for auto enrollment and escalation as discussed below.

Eligibility - Employees are eligible to participate once they have attained 6 months of service, as defined by the Plan. Employees who are nonresident aliens, leased employees, or covered by a collective bargaining agreement are not eligible to participate in the Plan. Employees may enter the Plan on the first day of each calendar month coincident with or next following the date upon satisfying the eligibility requirements and, effective January 1, 2020, are eligible for auto enrollment. Service with Douglas/Gallagher, Inc., a predecessor employer, is credited for purposes of eligibility and vesting.

Contributions - Each year, participants may elect to contribute up to 100% of their compensation, as defined by the Plan, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral or after-tax Roth contributions. Effective January 1, 2020, under the Plan's automatic contribution arrangement, a pre-tax contribution of 5% of compensation will automatically be elected, unless otherwise directed by the employee. Each participating employee's deferral percentage shall increase by 1% of compensation in the second through sixth year up to a maximum of 10% of compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Companies may provide the following contributions on behalf of participants:

A safe harbor matching contribution, calculated on an annual basis, equal to 100% of a participant's elective deferrals up to 3% of eligible compensation plus 50% of a participant's elective deferrals that exceed 3% but do not exceed 5% of a participant's eligible compensation. For 2020, safe harbor matching contributions totaled $372,020. The amount was paid into the Plan in 2021 and is recorded as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2020.

A discretionary profit sharing contribution, as determined by the Companies and allocated in the ratio that each qualifying participant's compensation for the plan year bears to the total. In order to share in the allocation of the discretionary profit sharing contribution, a participant must complete 1,000 hours of service during the plan year. Participants not actively employed at the end of the plan year will not share in the discretionary profit sharing contribution, regardless of service. No discretionary profit sharing contribution was made for 2020.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs), as defined in the Plan. No QNECs or QMACs were made for 2020.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into a group annuity contract offered by the Plan, containing various registered investment companies (mutual funds), a fixed account, and collective trust funds (through June 23, 2020). For those participants who do not make an investment selection, their contributions and the Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions, the Companies' safe harbor matching contributions, QNECS, and QMACs plus earnings thereon. Vesting in the Companies' discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six (6) years of credited service. Regardless of the vesting schedule, participants will become fully vested upon death, total and permanent disability or attainment of normal retirement age while an employee.

Notes Receivable from Participants - Participants may borrow from their fund accounts. The minimum note amount is $1,000; however, no note to any participant shall be made in an amount which exceeds 50% of his or her vested account balance. The maximum aggregate dollar amount outstanding to any participant may not exceed $50,000, minus the difference between the highest outstanding note balance during the past 12 months and the outstanding note balance from the Plan on the date the note is made. The notes are secured by the balance in the participant's account, bear interest at prime + 1% and can only exceed a repayment period of five years for the purchase of a principal residence. Only two notes may be outstanding at a time. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums or under a continuous right of withdrawal pursuant to which a participant may withdraw such amounts at such times elected by the participant and are payable upon termination of employment, death or retirement at age 59 ½. The Plan shall make automatic distributions of vested account balances that are less than $5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' contribution portion of participants' accounts (due to participants' termination prior to full vesting) are to be used to reduce the Companies' contributions or pay administrative expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $703 and $695, respectively. No forfeitures were used during 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Accounting - continued - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the Key Guaranteed Portfolio Fund, which is considered to be fully benefit-responsive. The Statements of Net Assets Available for Benefits present the contract value of the fully benefit-responsive investment contract.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and Great-West. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the collective trust funds (held through June 23, 2020) were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the funds, but did have an interest therein represented by units valued daily. The funds earned dividends which were automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund were made daily at the NAV and were considered as made immediately after daily valuation, and the participants' accounts were charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. Fees related to the administration of notes receivable from participants and participant distributions are deducted from note and distribution proceeds or charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Collective Trust Funds (through June 23, 2020): The NAV of the funds were calculated daily and were determined based on the fair value of the underlying investments. The NAV per unit of each class equaled the total value of its assets, less its liabilities, divided by the number of its outstanding units. Units were only valued as of the close of regular trading on the New York Stock Exchange (NYSE) each day the exchange was open.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	2020	2019
Registered Investment Companies - Level 1	$ 8,940,338	$ 2,692,444
Total investments in the fair value hierarchy	8,940,338	2,692,444
Investments measured at net asset value	-	4,437,426
Investments at fair value	$ 8,940,338	$ 7,129,870

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Prior to June 24, 2020, the collective trust funds had no unfunded commitments or significant restrictions on redemptions, as they could be redeemed daily. However, in the event an underlying investment or the Trustee determined that a fund transfer could result in disruptive short term trading, trading restrictions could be imposed.

NOTE 4 - INFORMATION CERTIFIED BY GREAT-WEST

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend and interest income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a Group Annuity Contract (Contract) with Great-West. The Contract offers the Key Guaranteed Portfolio Fund (KGPF), a fixed account that is part of the general account of Great-West. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the Contract, plus earnings and transfers in, less any participant-directed withdrawals, transfers out and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. However, should the plan sponsor terminate the Contract and decide to cease contributions to the KGPF, Great-West reserves the right to defer payment of this amount but not longer than 12 months from the Contribution Cessation Date (as defined).

Interest earned on the KGPF value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Contract will be determined by the Great-West prior to the last day of the previous calendar quarter. The minimum interest crediting rate will never be less than 0%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 - TAX STATUS

The IRS has determined and informed Uniglobal Pension Planning Inc., by a letter dated January 22, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of registered investment companies and the KGPF managed by Great-West, and therefore, these transactions qualify as party in interest transactions.

Great-West (branded as Empower) provides certain administrative services to the Plan pursuant to the Recordkeeping Services Agreement (the Agreement) between the Company and Great-West. In conjunction with the Agreement, Great-West receives a participant account maintenance fee, which is billed and payable quarterly and transactional fees relative to note receivable and distributions. In addition, Great-West receives, as additional compensation, revenue sharing from one or more of the Plan's investment funds, or from affiliates or agents of such investment funds, for services provided by Great-West with respect to such investment funds. A portion of these fees is paid back to the Plan and deposited in a Plan Expense Account (PEA) which is used to offset third party investment advisor and third party administrator fees. Any remaining third party administrator fees, after the PEA offsets, is billed to the Plan. At December 31, 2020 and 2019, the PEA balance in the Plan totaled $0. The Plan or Company may make payments to Great-West for administrative expenses not covered by revenue sharing. Fees paid by the Plan to Great-West amounted to $5,906 for the year ended December 31, 2020.

Commonwealth Financial Network (Commonwealth) provides investment management services to the Plan pursuant to the Retirement Plan Consulting Agreement between the Company and Commonwealth. Fees paid by the Plan's PEA to Commonwealth amounted to $18,360 for the year ended December 31, 2020.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2020 and 2019, 59% of net assets available for benefits was invested in the American Funds Target Date Funds and Putnam Retirement Advantage Funds, respectively. However, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 21, 2022, the date the financial statements were available to be issued.

Effective July 1, 2022, the Plan adopted the CCH Incorporated dba ftwilliam.com prototype plan document, which was amended and restated effective June 30, 2020 in accordance with the Cycle 3 Restatement as required by the IRS. There were no significant changes to plan provisions as a result of this amendment and restatement. In conjunction with the amended and restated Adoption Agreement, the Plan executed a new directed trustee agreement.

RE: Annual Return/Report of Employee Benefit Plan – Form 5500 Year 2020

Contract Number 334811-01
EIN 52-2185723
Due 15 October 2021

Dear Sir/Madam:

Gallagher & Associates, LLC has hired and engaged an independent certified public accountant to audit the Plan for the year ended December 31, 2020. Due to this being our first Plan audit, the auditors' report, financial statements, and Schedule of Assets are not yet complete as we are working to ensure a complete and accurate filing. These reports will be attached to an amended filing of the form 5500 upon completion.

Sincerely,

Thomas Kozeny
Trustee/CFO
