Independent Auditor's Report

To the Plan Administrator
Marshall Wace North America LP 401(K) Profit Sharing & Trust
New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Marshall Wace North America LP 401(K) Profit Sharing & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i- Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountant's Compilation Report on the 2020 Financial Statements

Management is responsible for the accompanying statement of net assets available for benefits of the Plan as of December 31, 2020, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

Notes to Financial Statements

1. Description of Plan

The following description of the Marshall Wace North America LP 401(K) Profit Sharing & Trust (the “Plan”) provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2004, Marshall Wace North America, LP (the “Employer” or the “Company”) established the Plan. The Plan is a defined contribution 401(K) Plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Employees of the Company, as defined in the Plan document, must be twenty-one years of age or older to be eligible to participate in elective deferral contributions and receive matching contributions. Additionally, employees who are age twenty-one or older are eligible to participate in profit sharing contributions. Employees subject to a collective bargaining agreement, leased employees and non-resident aliens are not eligible to participate in the Plan.

Participant Contributions

Eligible employees are automatically enrolled in the Plan at 10% of the employee's pre-tax wages unless the employee affirmatively elects not to participate. The Plan allows each participant to contribute from 1% to 80% of his or her annual compensation, as defined, up to the maximum annual amount allowed by law. If participants elect a deferral percentage of less than 10%, it will automatically be increased to 10% on the first day of the following calendar year unless the participant explicitly elects the deferral percentage of less than 10% during the Plan sponsor's annual open enrollment period. Rollovers, after-tax contributions, and catch-up contributions are allowed. In-plan Roth rollovers, as defined, are allowed.

Employer Contributions

The Employer makes a matching contribution on elective deferral contributions or catch-up contributions, or a discretionary profit-sharing contribution to the Plan, which is allocated to the eligible accounts based on an integrated allocation formula, as defined in the Plan document. The matching contribution is calculated at 100% of up to 10% of participant deferrals. For the year ended December 31, 2021, the employer matching contribution totaled \$1,698,680.

Qualified non-elective contributions (“QNEC”) may be made at the discretion of the Employer. Qualified matching contributions are not allowed. No QNEC contributions were made during the year ended December 31, 2021.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant's accounts are credited with participant contributions, rollovers, and an allocation of any Employer contributions. Plan earnings are allocated to participant accounts based on the earnings of the specific mutual funds selected by the participant and administrative expenses are allocated based upon a participant's

Notes to Financial Statements

account balance in proportion to the balances of all participant's accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are always 100% vested in their elective deferrals, rollovers, catch-up contributions, after-tax contributions and QNEC's, plus actual earnings thereon. Participants become fully vested in the Company's matching contributions and profit-sharing contributions and earnings after one year of service.

Participants who reach the normal retirement age, as defined by the Internal Revenue Code (the "IRC"), and who are still employed with the Company at that time, become 100% vested in their account balance. In addition, participants who die or become disabled while still employed with the Company become 100% vested in their account balance.

Investment Options

Contributions are invested by Ascensus Trust Company ("Ascensus" or the "Trustee") according to the options elected by the participants. All participant and Employer contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participant loans are allowed at a minimum is \$1,000 not to exceed a maximum of \$50,000 or 50% of the participant's account balance, excluding participant Roth deferrals and earnings, whichever is less. The loans are secured by the participant's vested account balances and, except for loans used to acquire a principal residence, must have a repayment period of no greater than five years. Loan transactions are treated as a directed investment from the participant's account under the Plan. Interest is calculated at the prime rate, as determined monthly by the Wall Street Journal, plus 2% at the time of the loan. The interest rates for loans outstanding as of December 31, 2021 and 2020 were 5.25% and 6.75%, respectively. Principal and interest are paid ratably through payroll deductions every pay period. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement, disability, financial hardship or death. Benefits are payable in one lump sum payment. Partial or installment payments are permitted only to satisfy required minimum distribution rules. Hardship withdrawals are available, as are in-service distributions to participants who have attained the age of 59½. Corrective distributions are made, returning contributions to participants, when employee contributions exceed contribution limitations imposed by Department of Labor ("DOL") regulations. If a participant employment terminates with the Employer, the Plan permits distribution of the participant's account, not in excess of \$5,000, to be cashed out or transferred to an IRA without the participant's consent.

Notes to Financial Statements

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions to the Plan. There were no forfeitures balances as of December 31, 2021 and 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, and investment management fees. Certain investment expenses which are charged within investments are presented net of the appreciation in fair value of investments. All other expenses of the Plan for the

Marshall Wace North America LP 401(K) Profit Sharing & Trust

Notes to Financial Statements

year ended December 31, 2021 were paid by the Company and are excluded from these financial statements.

Direct compensation paid by the Plan as administrative expenses totaled \$765 for the year ended December 31, 2021, which consisted of third-party administrative fees.

Adopted Accounting Pronouncement

Effective January 1, 2020, the Plan adopted Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820), which modifies the disclosure requirements on fair value measurements in Topic 820. The guidance did not have a significant impact on the Plan's financial statements.

3. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

U.S. GAAP establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about inputs market participants would use at the measurement date.

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 - Valuation based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuation based on quoted prices for similar assets or liabilities in active markets; for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the financial instrument has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 - Valuation based on inputs that are unobservable and significant to the overall fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020. There have been no changes to the valuation methodologies used at December 31, 2021 and 2020.

	<u>\$ 23,615,048</u>	<u>\$ 23,615,048</u>	<u>\$ -</u>	<u>\$ -</u>

Mutual funds are valued at the quoted market prices of shares held by the Plan at year end. Money market funds are valued at the closing price reported by the fund sponsor from an actively traded exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investments

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Marshall Wace North America LP 401(K) Profit Sharing & Trust

Notes to Financial Statements

5. Tax Status

The Plan obtained the latest opinion letter for the volume submitter plan it has adopted on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the pre-approved profit-sharing plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risk and Uncertainties

The Plan invests in various publicly traded mutual funds and a money market fund. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the Trustee and third-party administrator written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan, all participants’ accounts will become fully vested and shall be distributed in accordance with the provisions of the Plan.

8. Related Parties/Parties in interest

The Company, Ascensus Trust Company, the Trustee, and The Vanguard Group, the record-keeper, are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants which are secured by the vested balance of the participants’ account. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as a reduction in the net appreciation in fair value of investments.

These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Subsequent Events

The Plan has evaluated subsequent events through September 19, 2022, which is the date the financial statements were available to be issued.
