REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of the
PCCA Employees' 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PCCA Employees' 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of PCCA Employees' 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Professional Compounding Centers of America, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan was originally established on May 1, 1993, and was most recently restated, effective January 1, 2019. The Plan is a defined contribution plan available to all employees of the Company, who have attained age 21 and completed six months of service. All employees are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, non-resident aliens, Puerto Rican employees, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) each January 1.

Contributions are subject to certain limitations. The participant must complete a year of service and 1,000 hours to be eligible for the employer safe harbor non-elective contribution of 3% of eligible compensation each pay period.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in the participant and employer contributions credited to their account plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2021 and 2020, interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of military service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or dependents; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) funeral expenses for the participant, their spouse, or dependents; or, (6) certain expenses to repair damage to the participant's primary residence that would qualify for a casualty loss deduction under Code §165.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Benefit Payments – continued

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested amounts are used to offset against future safe harbor contributions or to pay Plan expenses. For the years ended December 31, 2021 and 2020, the Plan used \$0 and \$30, respectively, in forfeitures to reduce employer contributions. For the years ended December 31, 2021 and 2020, the Plan did not use forfeitures to pay Plan expenses. Unallocated forfeitures outstanding as of December 31, 2021 and 2020 were \$1,046 and \$827, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for investment in insurance contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, established a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- Pooled separate accounts ("PSA") are valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These PSAs are classified as Level 2. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2021 or 2020. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,586,719	\$ -	\$ -	\$ 34,586,719
Pooled separate accounts	-	1,381,852	-	1,381,852
Total investments at fair value	<u>\$ 34,586,719</u>	<u>\$ 1,381,852</u>	<u>\$ -</u>	<u>\$ 35,968,571</u>
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,398,888	\$ -	\$ -	\$ 30,398,888
Pooled separate accounts	-	3,712,664	-	3,712,664
Total investments at fair value	<u>\$ 30,398,888</u>	<u>\$ 3,712,664</u>	<u>\$ -</u>	<u>\$ 34,111,552</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Effective March 17, 2021, the Plan made a fund change where they moved investments from a PSA (level 2 valuation hierarchy) to a mutual fund (level 1 valuation hierarchy). The transfer involved funds in the amount of \$2,924,064, and the reason for the change was due to the fund underperforming. The Company's Investment Committee met to conduct a quarterly investment review in the third quarter of 2020, where they analyzed each fund in which the Company scored each fund's performance. The Investment Committee approved the change on December 17, 2020. Per the Investment Policy, the Scorecard System is built around pass/fail criteria, on a scale of 0 to 10 (with 10 being the best) and has the ability to measure active, passive, and asset allocation investing strategies. Active and asset allocation strategies are evaluated over a five-year time period, and passive strategies are evaluated over a three-year time period.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Fully Benefit-Responsive Insurance Contract

The Plan holds a group annuity insurance contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The group annuity insurance contract held by the Plan is a guaranteed income fund. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (the trustee of the Plan).

F. Tax Status

Effective January 1, 2014, the Plan was amended and restated by the adoption of the Prudential Insurance Company of America Volume Submitter Defined Contribution Plan with CODA, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated April 29, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status - continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The assets of the Plan have been held by Prudential Retirement Services, which is an operating division of Prudential Financial. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly-owned subsidiary of Prudential Financial. PRIAC is responsible for, among other things, the custody and investing of the assets of the Plan and for the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB, a wholly-owned subsidiary of Prudential Financial, serves as the trustee for which PRIAC is the record keeper. Certain Plan investments are managed by PRIAC, including pooled separate accounts and an insurance contract. Therefore, these transactions qualify as party-in-interest transactions. The Plan also invests in mutual funds and group annuity contracts managed by Prudential Retirement Services, which acts as the trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 21, 2022, the date the financial statements were available for issuance.

The Investment Committee approved three Plan design changes that went into effect on January 1, 2022. (1) Participants are now allowed to make Roth contributions, (2) Employee eligibility requirements changed from six months to thirty days, (3) Safe Harbor employer match eligibility changed from one year (or 1,000 hours) to six months (or 500 hours), and (4) an increase in the maximum contribution rate for auto escalation from 10% to 15%.

Effective April 4, 2022, the Plan's recordkeeper, Prudential, was purchased by Empower Retirement. This event did not involve a transfer of assets, and was simply a name change.

REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of the
PCCA Employees' 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PCCA Employees' 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of PCCA Employees' 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Professional Compounding Centers of America, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan was originally established on May 1, 1993, and was most recently restated, effective January 1, 2019. The Plan is a defined contribution plan available to all employees of the Company, who have attained age 21 and completed six months of service. All employees are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, non-resident aliens, Puerto Rican employees, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) each January 1.

Contributions are subject to certain limitations. The participant must complete a year of service and 1,000 hours to be eligible for the employer safe harbor non-elective contribution of 3% of eligible compensation each pay period.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in the participant and employer contributions credited to their account plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2021 and 2020, interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of military service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or dependents; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) funeral expenses for the participant, their spouse, or dependents; or, (6) certain expenses to repair damage to the participant's primary residence that would qualify for a casualty loss deduction under Code §165.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Benefit Payments – continued

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested amounts are used to offset against future safe harbor contributions or to pay Plan expenses. For the years ended December 31, 2021 and 2020, the Plan used \$0 and \$30, respectively, in forfeitures to reduce employer contributions. For the years ended December 31, 2021 and 2020, the Plan did not use forfeitures to pay Plan expenses. Unallocated forfeitures outstanding as of December 31, 2021 and 2020 were \$1,046 and \$827, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for investment in insurance contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, established a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- Pooled separate accounts ("PSA") are valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These PSAs are classified as Level 2. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2021 or 2020. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no assets classified within Level 3 of the valuation hierarchy.

Total investments at fair value	<u>\$ 30,398,888</u>	<u>\$ 3,712,664</u>	<u>\$ -</u>	<u>\$ 34,111,552</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Effective March 17, 2021, the Plan made a fund change where they moved investments from a PSA (level 2 valuation hierarchy) to a mutual fund (level 1 valuation hierarchy). The transfer involved funds in the amount of \$2,924,064, and the reason for the change was due to the fund underperforming. The Company's Investment Committee met to conduct a quarterly investment review in the third quarter of 2020, where they analyzed each fund in which the Company scored each fund's performance. The Investment Committee approved the change on December 17, 2020. Per the Investment Policy, the Scorecard System is built around pass/fail criteria, on a scale of 0 to 10 (with 10 being the best) and has the ability to measure active, passive, and asset allocation investing strategies. Active and asset allocation strategies are evaluated over a five-year time period, and passive strategies are evaluated over a three-year time period.

D. Fully Benefit-Responsive Insurance Contract

The Plan holds a group annuity insurance contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The group annuity insurance contract held by the Plan is a guaranteed income fund. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (the trustee of the Plan).

F. Tax Status

Effective January 1, 2014, the Plan was amended and restated by the adoption of the Prudential Insurance Company of America Volume Submitter Defined Contribution Plan with CODA, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated April 29, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status - continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The assets of the Plan have been held by Prudential Retirement Services, which is an operating division of Prudential Financial. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly-owned subsidiary of Prudential Financial. PRIAC is responsible for, among other things, the custody and investing of the assets of the Plan and for the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB, a wholly-owned subsidiary of Prudential Financial, serves as the trustee for which PRIAC is the record keeper. Certain Plan investments are managed by PRIAC, including pooled separate accounts and an insurance contract. Therefore, these transactions qualify as party-in-interest transactions. The Plan also invests in mutual funds and group annuity contracts managed by Prudential Retirement Services, which acts as the trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 21, 2022, the date the financial statements were available for issuance.

The Investment Committee approved three Plan design changes that went into effect on January 1, 2022. (1) Participants are now allowed to make Roth contributions, (2) Employee eligibility requirements changed from six months to thirty days, (3) Safe Harbor employer match eligibility changed from one year (or 1,000 hours) to six months (or 500 hours), and (4) an increase in the maximum contribution rate for auto escalation from 10% to 15%.

Effective April 4, 2022, the Plan's recordkeeper, Prudential, was purchased by Empower Retirement. This event did not involve a transfer of assets, and was simply a name change.

REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of the
PCCA Employees' 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PCCA Employees' 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of PCCA Employees' 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Professional Compounding Centers of America, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan was originally established on May 1, 1993, and was most recently restated, effective January 1, 2019. The Plan is a defined contribution plan available to all employees of the Company, who have attained age 21 and completed six months of service. All employees are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, non-resident aliens, Puerto Rican employees, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) each January 1.

Contributions are subject to certain limitations. The participant must complete a year of service and 1,000 hours to be eligible for the employer safe harbor non-elective contribution of 3% of eligible compensation each pay period.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in the participant and employer contributions credited to their account plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2021 and 2020, interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of military service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or dependents; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) funeral expenses for the participant, their spouse, or dependents; or, (6) certain expenses to repair damage to the participant's primary residence that would qualify for a casualty loss deduction under Code §165.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Benefit Payments – continued

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested amounts are used to offset against future safe harbor contributions or to pay Plan expenses. For the years ended December 31, 2021 and 2020, the Plan used \$0 and \$30, respectively, in forfeitures to reduce employer contributions. For the years ended December 31, 2021 and 2020, the Plan did not use forfeitures to pay Plan expenses. Unallocated forfeitures outstanding as of December 31, 2021 and 2020 were \$1,046 and \$827, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for investment in insurance contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, established a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- Pooled separate accounts ("PSA") are valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These PSAs are classified as Level 2. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2021 or 2020. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,586,719	\$ -	\$ -	\$ 34,586,719
Pooled separate accounts	-	1,381,852	-	1,381,852
Total investments at fair value	\$ 34,586,719	\$ 1,381,852	\$ -	\$ 35,968,571
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,398,888	\$ -	\$ -	\$ 30,398,888
Pooled separate accounts	-	3,712,664	-	3,712,664
Total investments at fair value	\$ 30,398,888	\$ 3,712,664	\$ -	\$ 34,111,552

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Effective March 17, 2021, the Plan made a fund change where they moved investments from a PSA (level 2 valuation hierarchy) to a mutual fund (level 1 valuation hierarchy). The transfer involved funds in the amount of \$2,924,064, and the reason for the change was due to the fund underperforming. The Company's Investment Committee met to conduct a quarterly investment review in the third quarter of 2020, where they analyzed each fund in which the Company scored each fund's performance. The Investment Committee approved the change on December 17, 2020. Per the Investment Policy, the Scorecard System is built around pass/fail criteria, on a scale of 0 to 10 (with 10 being the best) and has the ability to measure active, passive, and asset allocation investing strategies. Active and asset allocation strategies are evaluated over a five-year time period, and passive strategies are evaluated over a three-year time period.

NOTES TO FINANCIAL STATEMENTS *(continued)*

D. Fully Benefit-Responsive Insurance Contract

The Plan holds a group annuity insurance contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The group annuity insurance contract held by the Plan is a guaranteed income fund. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (the trustee of the Plan).

F. Tax Status

Effective January 1, 2014, the Plan was amended and restated by the adoption of the Prudential Insurance Company of America Volume Submitter Defined Contribution Plan with CODA, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated April 29, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status - continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The assets of the Plan have been held by Prudential Retirement Services, which is an operating division of Prudential Financial. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly-owned subsidiary of Prudential Financial. PRIAC is responsible for, among other things, the custody and investing of the assets of the Plan and for the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB, a wholly-owned subsidiary of Prudential Financial, serves as the trustee for which PRIAC is the record keeper. Certain Plan investments are managed by PRIAC, including pooled separate accounts and an insurance contract. Therefore, these transactions qualify as party-in-interest transactions. The Plan also invests in mutual funds and group annuity contracts managed by Prudential Retirement Services, which acts as the trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 21, 2022, the date the financial statements were available for issuance.

The Investment Committee approved three Plan design changes that went into effect on January 1, 2022. (1) Participants are now allowed to make Roth contributions, (2) Employee eligibility requirements changed from six months to thirty days, (3) Safe Harbor employer match eligibility changed from one year (or 1,000 hours) to six months (or 500 hours), and (4) an increase in the maximum contribution rate for auto escalation from 10% to 15%.

Effective April 4, 2022, the Plan's recordkeeper, Prudential, was purchased by Empower Retirement. This event did not involve a transfer of assets, and was simply a name change.

REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees of the
PCCA Employees' 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of PCCA Employees' 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of PCCA Employees' 401(k) Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Professional Compounding Centers of America, Inc. (the "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Houston, Texas.

The Plan was originally established on May 1, 1993, and was most recently restated, effective January 1, 2019. The Plan is a defined contribution plan available to all employees of the Company, who have attained age 21 and completed six months of service. All employees are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, non-resident aliens, Puerto Rican employees, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. In addition, unless these participants opt out of participation, their deferral rate increases by 1% (up to 10%) each January 1.

Contributions are subject to certain limitations. The participant must complete a year of service and 1,000 hours to be eligible for the employer safe harbor non-elective contribution of 3% of eligible compensation each pay period.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in the participant and employer contributions credited to their account plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2021 and 2020, interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of military service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, their spouse, or dependents; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) funeral expenses for the participant, their spouse, or dependents; or, (6) certain expenses to repair damage to the participant's primary residence that would qualify for a casualty loss deduction under Code §165.

A. Description of the Plan – continued

Benefit Payments – continued

Effective January 1, 2019, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeitures

Forfeited balances of terminated participants' non-vested amounts are used to offset against future safe harbor contributions or to pay Plan expenses. For the years ended December 31, 2021 and 2020, the Plan used \$0 and \$30, respectively, in forfeitures to reduce employer contributions. For the years ended December 31, 2021 and 2020, the Plan did not use forfeitures to pay Plan expenses. Unallocated forfeitures outstanding as of December 31, 2021 and 2020 were \$1,046 and \$827, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for investment in insurance contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, established a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.
- Pooled separate accounts ("PSA") are valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted. These PSAs are classified as Level 2. The redemption frequency of each of these PSA is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in PSAs.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2021 or 2020. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no assets classified within Level 3 of the valuation hierarchy.

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,586,719	\$ -	\$ -	\$ 34,586,719
Pooled separate accounts	-	1,381,852	-	1,381,852
Total investments at fair value	<u>\$ 34,586,719</u>	<u>\$ 1,381,852</u>	<u>\$ -</u>	<u>\$ 35,968,571</u>
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,398,888	\$ -	\$ -	\$ 30,398,888
Pooled separate accounts	-	3,712,664	-	3,712,664
Total investments at fair value	<u>\$ 30,398,888</u>	<u>\$ 3,712,664</u>	<u>\$ -</u>	<u>\$ 34,111,552</u>

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Effective March 17, 2021, the Plan made a fund change where they moved investments from a PSA (level 2 valuation hierarchy) to a mutual fund (level 1 valuation hierarchy). The transfer involved funds in the amount of \$2,924,064, and the reason for the change was due to the fund underperforming. The Company's Investment Committee met to conduct a quarterly investment review in the third quarter of 2020, where they analyzed each fund in which the Company scored each fund's performance. The Investment Committee approved the change on December 17, 2020. Per the Investment Policy, the Scorecard System is built around pass/fail criteria, on a scale of 0 to 10 (with 10 being the best) and has the ability to measure active, passive, and asset allocation investing strategies. Active and asset allocation strategies are evaluated over a five-year time period, and passive strategies are evaluated over a three-year time period.

D. Fully Benefit-Responsive Insurance Contract

The Plan holds a group annuity insurance contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The group annuity insurance contract held by the Plan is a guaranteed income fund. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (the trustee of the Plan).

F. Tax Status

Effective January 1, 2014, the Plan was amended and restated by the adoption of the Prudential Insurance Company of America Volume Submitter Defined Contribution Plan with CODA, which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated April 29, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

PCCA EMPLOYEES' 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status - continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The assets of the Plan have been held by Prudential Retirement Services, which is an operating division of Prudential Financial. The operations of Prudential Retirement Services are conducted principally through Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly-owned subsidiary of Prudential Financial. PRIAC is responsible for, among other things, the custody and investing of the assets of the Plan and for the payment of benefits to eligible participants. Prudential Bank & Trust Company, FSB, a wholly-owned subsidiary of Prudential Financial, serves as the trustee for which PRIAC is the record keeper. Certain Plan investments are managed by PRIAC, including pooled separate accounts and an insurance contract. Therefore, these transactions qualify as party-in-interest transactions. The Plan also invests in mutual funds and group annuity contracts managed by Prudential Retirement Services, which acts as the trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTES TO FINANCIAL STATEMENTS (*continued*)

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 21, 2022, the date the financial statements were available for issuance.

The Investment Committee approved three Plan design changes that went into effect on January 1, 2022. (1) Participants are now allowed to make Roth contributions, (2) Employee eligibility requirements changed from six months to thirty days, (3) Safe Harbor employer match eligibility changed from one year (or 1,000 hours) to six months (or 500 hours), and (4) an increase in the maximum contribution rate for auto escalation from 10% to 15%.

Effective April 4, 2022, the Plan's recordkeeper, Prudential, was purchased by Empower Retirement. This event did not involve a transfer of assets, and was simply a name change.
