Rio Grande Co. Profit Sharing Plan

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Rio Grande Co. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Rio Grande Co. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rio Grande Co. Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rio Grande Co. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rio Grande Co. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required By ERISA

The supplemental schedule of Schedule Of Assets Held For Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

The financial statements of the Plan as of December 31, 2020 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated September 21, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description Of Plan

The Rio Grande Co. Profit Sharing Plan (the Plan) is sponsored by Rio Grande Co. (the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants and all others should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have 3 months of service and are 18 years of age, except those employees covered under a collective-bargaining agreement.

Participant Contributions

Each year, participants may contribute up to 100% of their eligible wages, as defined in the Plan Agreement, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 in 2021. Employees may contribute rollover contributions from other qualified plans. Participants may change their tax-deferred contribution percentage as of any payroll period and may discontinue their election on the first day of each payroll period. Once discontinued, the participant may reelect to make contributions on the first day of any payroll period. Participants may redesignate the investment options in which their allocated shares of the total Plan are invested to be effective on any day.

Employer Contributions

The Company may make a discretionary profit-sharing contribution to eligible participants, calculated using an integrated allocation formula which allows for additional contributions for participants with eligible wages in excess of the Social Security wage cap. Employer contributions are allocated to the same investments chosen by the participants. Participants must be employed at the Company on the last day of the Plan year to receive profit-sharing contributions. There was a discretionary profit-sharing contribution of \$1,092,063 for the year ended December 31, 2021.

Participant Accounts

Participants may direct their deferrals, rollovers and employer contributions into various investment options. Each participant has the option of directing contributions into any of the investment accounts and may change the allocation daily; however, for certain investment accounts, in an effort to reduce market timing and excessive trading, certain restrictions may apply. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant's account is credited with an allocation of: a) the Company's contribution; b) Plan earnings and c) forfeitures of terminated participant's non-vested accounts and the employee's 401(k) contributions. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions and earnings thereon. Company discretionary profit-sharing contributions are vested as follows:

<u>Years Of Service</u>	<u>Vested Percentage</u>
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Payment Of Benefits

On termination of service, a participant may elect to receive either: a) a lump sum or b) rollover. Participants may also receive in-service benefits upon regular retirement age, or if they meet certain hardship criteria.

Participant Notes Receivable

The Plan does not allow loans.

Forfeitures

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2021 and 2020 totaled \$44,242 and \$51,541, respectively. During the year ended December 31, 2021, \$51,241 in forfeitures was used to reduce employer contributions.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments held in a defined contribution plan, other than fully benefit-responsive investment contracts, are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net change in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Certain events could limit the ability of the Plan to transact at contract value in the common collective trust. The Plan Administrator is not aware of any events which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

Payment Of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are also included in administrative expenses.

Subsequent Events

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certification Of Investment Information

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by Fidelity Trust Company (the Trustee), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following information is complete and accurate.

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Investments - at fair value		
Collective trust fund	\$ 2,879,226	\$ 3,174,510
Registered investment companies	23,705,671	19,833,512
Notes receivable from participants	1,092,063	1,019,817

Fidelity Trust Company also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the year ended December 31, 2021:

Dividends and interest	\$ 1,122,372
Net change in fair value of investments	2,373,991

4. Fair Value Of Investments

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets• Inputs other than quoted prices that are observable for the asset or liability |

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies

Assets are valued at the daily closing price as reported by the registered investment company. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (the NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust

These are valued at the unit value or the NAV of shares held by the Plan at year end. The NAV, as provided by the Trustee of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of shares outstanding. All of the underlying investments held by the Plan may be redeemed daily. The common collective trusts held by the Plan are not required to be reported in the fair value hierarchy. All of the common collective trusts held by the Plan file an annual report on Form 5500 as a direct filing entity. The common collective trust has no unfunded capital.

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements (Continued)

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,705,671	\$ —	\$ —	\$ 23,705,671
Total Investments In The Fair Value Hierarchy	\$ 23,705,671	\$ —	\$ —	23,705,671
Common collective trust at net asset value per share (a)				2,879,226
				<u>\$ 26,584,897</u>

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,833,512	\$ —	\$ —	\$ 19,833,512
Total Investments In The Fair Value Hierarchy	\$ 19,833,512	\$ —	\$ —	19,833,512
Common collective trust at net asset value per share (a)				3,174,510
				<u>\$ 23,008,022</u>

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common collective trust	\$ 2,879,226	\$ 3,174,510	None	Daily	None

There have been no changes in the valuation methodology in 2021 or 2020.

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

5. Plan Tax Status

The Plan uses a volume submitter defined contribution plan. The IRS has issued an opinion letter dated June 30, 2020 stating the Plan is qualified under Section 401(a) of the IRC, and the underlying trust is therefore exempt from federal income taxes under Section 501(a) of the IRC. The Plan has been amended since receiving the opinion letter. Plan management and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

6. Party In Interest Transactions

Plan investments consist of certain registered investment companies and common collective trust accounts managed by the Trustee. These transactions qualify as party in interest transactions allowable under ERISA.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company may pay certain outside administrative expenses of the Plan.

7. Reconciliation Of Financial Statements To Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 27,676,960	\$ 24,027,839
Employer contributions receivable	(1,092,063)	—
Net Assets Available For Benefits Per The Form 5500	\$ 26,584,897	\$ 24,027,839

RIO GRANDE CO. PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 3,649,121
Change in employer contributions receivable	<u>(1,092,063)</u>
Net Increase In Net Assets Available For Benefits Per The Form 5500	<u>\$ 2,557,058</u>

The Form 5500 is prepared on a cash basis while the financial statements are prepared on the accrual basis.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Plan is not covered under the Pension Benefit Guarantee Corporation termination insurance program.

9. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

AUDITOR COMMUNICATIONS
DECEMBER 31, 2021

Trustees
Rio Grande Co. Profit Sharing Plan
Denver, Colorado

We have audited the financial statements of Rio Grande Co. Profit Sharing Plan (the Plan), as permitted by the Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) as of and for the year ended December 31, 2021 and have issued our report thereon dated September 16, 2022.

As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's (the DOL) Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 8, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects Of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2021. We noted no transactions entered into during the year for which there was a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred. There are no instances where we consider a significant accounting practice that is acceptable under the applicable financial reporting framework not to be most appropriate to the particular circumstances of the Plan.

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. There were no significant unusual transactions identified as a result of our audit procedures that were brought to the attention of management.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no sensitive estimates affecting the financial statements.

The disclosures to the financial statements are neutral, consistent and clear. Certain financial statement disclosures can be particularly sensitive because of their significance to the users of the financial statements. The most sensitive disclosures affecting the financial statements are:

- The disclosure of certified financial information in Note 3 to the financial statements, which was not audited
- The disclosure of fair value measurements in Note 4 to the financial statements, which discloses the fair value hierarchy of the Plan's investments
- The tax status of the Plan in Note 6 to the financial statements, which describes the Plan Administrator's assertion that the Plan is being operated in accordance with the Internal Revenue Code

Circumstances That Affect The Form And Content Of The Auditors' Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditors' report. There were no circumstances that caused us to modify our auditors' report.

Matters Resulting In Consultation Outside The Engagement Team

There were no significant matters which resulted in consultation outside of our engagement team.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered In Performing The Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected And Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no uncorrected misstatements identified during the audit.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no corrected misstatements identified during the audit.

Disagreements With Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the attached management representation letter.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to an entity’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings Or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule(s) accompanying the financial statements is to perform adequate procedures to evaluate whether its form and content, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(C).

This information is intended solely for the information and use of the Trustees and is not intended to be and should not be used by anyone other than these specified parties.
