Independent Auditors' Report

To the Participants and Trustees of
Mechanical Services & Design Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mechanical Services & Design Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Mechanical Services & Design Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mechanical Services & Design Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mechanical Services & Design Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mechanical Services & Design Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Mechanical Services & Design Inc. 401(k) Plan As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021
and SHORT YEAR (NINE MONTHS) ENDED DECEMBER 31, 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Mechanical Services & Design Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Mechanical Services & Design Inc., the Company and Plan Sponsor, and covers substantially all eligible employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Under the terms of the Plan, covered employees are eligible to become participants on the first day of the month following or coincident with completion of two months of service and upon reaching age 19.

Contributions

- (a) *Participant's voluntary salary reductions.* Participants may elect to contribute up to 100% of their compensation, as defined by the Plan. Each participant's contribution may not exceed the federal maximum amount pursuant to Section 402(g)(5) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, the Plan provides for catch-up contributions for participants age 50 or older.
- (b) *Safe harbor employer matching contributions.* Effective April 1, 2020, the Plan was converted to a safe harbor plan. Under the safe harbor provisions, the Plan Sponsor is required to provide a matching contribution. The Plan Sponsor matches 100% of the first 3% of eligible compensation contributed by the participant plus 50% of the next 2% not to exceed 5% of the participant's annual compensation. The Plan Sponsor accrued a safe harbor matching contribution of \$281,397 for the year ended December 31, 2021 and \$215,405 for the nine months ended December 31, 2020.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

- (c) *Discretionary employer matching contributions.* The Plan Sponsor may make discretionary matching contributions. To qualify for the matching contribution, a participant must have completed at least 1,000 hours of service (or equivalent as defined by the Plan) and be employed on the last day of the Plan Year. Employees who become retired, disabled, or deceased during the Plan Year are also eligible to receive the contribution. This amount will be allocated in an amount designated by the Plan Sponsor to each eligible participant. There was no additional discretionary employer matching contribution for the year ended December 31, 2021 or the nine months ended December 31, 2020.
- (d) *Discretionary profit sharing contribution.* The Plan Sponsor may make a discretionary profit sharing contribution. This amount will be allocated in an amount designated by the Plan Sponsor to each eligible participant. To qualify for the discretionary profit sharing contribution, a participant must have completed at least 1,000 hours of service (or equivalent as defined by the Plan) and be employed on the last day of the Plan Year. Employees who become retired, disabled, or deceased during the Plan Year are also eligible to receive the contribution. The Plan Sponsor accrued a profit sharing contribution of \$551,071 for the year ended December 31, 2021 and \$504,969 for the nine months ended December 31, 2020.

Participant Accounts

Each participant's account is credited or charged with the above contributions, rollover contributions, Plan earnings, and Plan expenses.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.0%, as set by the Plan. Principal and interest are paid ratably through payroll deductions.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Vesting

Participant vesting is based on service years. A year of service is defined as at least 1,000 hours worked (or equivalent as defined by the Plan). Participant's contributions and safe harbor matching contributions plus actual earnings are 100% vested immediately. The discretionary employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. Prior to October 28, 2020, the profit sharing contribution was invested in a portfolio of investments as directed by the Plan Sponsor. The Plan currently offers mutual funds and a guaranteed investment contract as investment options for participants.

Effective January 14, 2021, the Plan changed its product type and investment options. As a result of this change, there was a brief blackout period in which Plan participants and beneficiaries temporarily were unable to (1) direct or diversify investments in their individual accounts or (2) obtain a loan or distribution from the Plan. This blackout period began on December 14, 2020, and ended on January 14, 2021. Prior to the change, the Plan Sponsor communicated the notice of the blackout period to Plan participants.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$41,510 and \$11,167, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses. In 2021, forfeitures of \$4,199 were used to pay Plan expenses. The employer contribution receivable at December 31, 2021 was reduced by the forfeiture balance of \$41,510.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon termination of service due to any reason other than death, a participant may elect to receive either (1) a lump sum amount equal to the value of the participant's vested interest in his or her account or (2) in substantially equal annual or more frequent installments over a period not to exceed the joint life expectancy of the participant or the participant's beneficiary.

For termination due to death, distributions are made in accordance with the Plan, which generally allow (1) distributions of the entire account balance to be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death or (2) distributions over the life of or over a period no greater than the life expectancy of the participant's beneficiary. The participant's beneficiary may elect to receive either a lump sum or installment payments.

Amendments

Effective April 1, 2020, the Plan was converted to a Safe Harbor Plan. Effective October 28, 2020, the Plan was amended and restated to change its Plan Year End from March 31 to December 31. The Plan has a short Plan Year beginning April 1, 2020, and ending December 31, 2020. This amendment and restatement also changed the profit sharing contribution account from trustee-directed to participant-directed.

During 2021, the Plan Sponsor changed its name to Mechanical Services & Design Inc. Effective September 1, 2021, the Plan was restated to reflect the name change of the Plan to Mechanical Services & Design Inc. 401(k) Plan. The Plan was also restated to modify provisions related to qualified birth or adoption distributions, required minimum distributions, Plan eligibility of long-term, part-time employees, and to comply with the CARES Act, SECURE Act and the Consolidated Appropriations Act of 2021.

Effective November 2, 2021, the Plan was amended and restated to allow participants to designate a portion or all of their elective deferral as Roth 401(k) contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

YEAR ENDED DECEMBER 31, 2021
and SHORT YEAR (NINE MONTHS) ENDED DECEMBER 31, 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan payments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid from Plan assets, except for certain expenses of the Plan that are paid by the Plan Sponsor and, therefore, are not included in the statement of changes in net assets available for benefits.

NOTE C - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the Custodian of the Plan).

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below.

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the investment's trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities' liquidations will be carried out in an orderly business manner. Due to the nature of the pooled separate accounts, there are no unfunded commitments or redemption restrictions.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<u>Assets at Fair Value as of December 31, 2021</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in the fair value hierarchy:			
Mutual funds	\$ 9,709,122	\$ 0	\$ 0
			\$ 9,709,122
Total investments at fair value			<u>\$ 9,709,122</u>

<u>Assets at Fair Value as of December 31, 2020</u>			
<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments at net asset value:			
Pooled separate accounts*			\$ 7,657,517
Total investments			<u>\$ 7,657,517</u>

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company Inc. (the trustee). The Transamerica Stable Value Option is not a separate account investment choice; it is an investment in Transamerica's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the trustee, a measurement that approximates fair value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was \$1,370,337 and \$1,299,918, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and set with no maturity. The effective credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest shall not change during the six month period for which it is effective. Contract charges may reduce this return. The average yield and crediting interest rate of the stable value fund was 0.75% as of December 31, 2021.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendment to the Plan Document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs or a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain administrative services are provided by the Plan Sponsor at no cost to the Plan, and certain administrative costs incurred by the Plan are paid by the Plan Sponsor.

The Plan's administrative expenses result from services rendered by parties-in-interest.

Certain Plan investments are managed by Transamerica Financial Life Insurance Company Inc. Transamerica Financial Life Insurance Company Inc. is the Plan trustee; therefore, these transactions qualify as party-in-interest transactions.

NOTE G - INCOME TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the restated prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. The Plan has been amended and restated since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with the IRC. Therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become one hundred percent (100%) vested in their accounts.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through September 21, 2022, which is the date the financial statements were available to be issued.
