Independent Auditors' Report

To the Administrator of
Primo Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Primo Retirement Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRIMO RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of Primo Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution profit sharing plan, established March 1, 2000, covering substantially all employees of Primo Water Holdings, Inc. (the “Plan Sponsor” or the “Company”) with the exception of labor union employees covered by a collective bargaining agreement unless the collective bargaining agreement provides for participation in the Plan, employees covered under other Company sponsored plans, nonresident aliens, leased employees, and independent contractors. There is no age requirement to participate in the Plan. Full-time and part-time employees are permitted to enter the Plan on the first day of the first month following the completion of two months of employment; however, participants are not eligible to receive a discretionary profit-sharing contribution until the completion of one year (1,000 hours of service) with the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

The Plan includes a provision under Internal Revenue Code (“IRC”) Section 401(k) whereby participants may make pretax and Roth contributions to the Plan between 1% and 90% of their annual compensation subject to limitations under the IRC. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions up to \$6,500. Aggregate limits as prescribed by the Internal Revenue Service (“IRS”) were \$19,500 for participants under the age of fifty and \$26,000 for participants age fifty and older in 2021.

The Plan Sponsor provides a non-discretionary employer match equal to 50% of each participant’s elective deferrals up to 6% of the participant’s compensation. The Plan Sponsor’s matching contributions was approximately \$5,485,000 in 2021.

In addition to the above contributions, the Plan Sponsor may make additional qualified non-elective contributions to non-highly compensated employees or discretionary qualified matching contributions to all eligible participants. An eligible participant is either employed on the last day of the plan year or terminated during the plan year due to death, disability, or retirement. Such additional contributions are subject to limitations under the IRC. The Plan Sponsor made no non-elective or discretionary contributions for 2021.

At the discretion of the plan administrator, employees of the Plan Sponsor may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan and are placed in a separate account subject to the rules for investment established by the plan administrator.

PRIMO RETIREMENT SAVINGS PLAN

(1) Description of Plan - Continued

(c) Administration

The Plan Sponsor serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator engaged John Hancock Trust Company, LLC (the "Trustee" or "John Hancock") as Trustee and third-party administrator to assist in the administration of the Plan.

As Trustee, John Hancock is responsible for the administration of investments for the benefit of the participants and their beneficiaries. The Trustee receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the plan administrator and assists in the administration of the Plan. The Trustee serves as the intermediary for all asset purchases and redemptions and manage certain plan investment options (see Note 7 to Financial Statements).

(d) Participant Accounts

Each participant account is credited with pretax, Roth and rollover contributions made by the participant, Plan Sponsor contributions, and plan earnings. Earnings, expenses and gains and losses on investments are allocated based on participant account balances, as defined in the Plan Document.

(e) Vesting

Participant vesting in non-discretionary employer match contributions and discretionary profit-sharing contributions and income earned thereon is based on years of continuous service during which an employee is credited with at least 1,000 hours of service. All participants become 100% vested after five years of service. The vesting percentages are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Participants that transferred in from the Mountain Valley Spring Company, LLC 401(k) Plan vesting percentages are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3 or more	100%

PRIMO RETIREMENT SAVINGS PLAN

(1) Description of Plan - Continued

(e) Vesting - Continued

Participants that transferred in from the Primo Water Corporation Plan and Trust vesting percentages are as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of sixty-five, or upon disability or death while an employee of the Plan Sponsor.

Any portion of a participant's account balance attributable to pretax, Roth, rollover, safe harbor match, qualified non-elective and discretionary qualified matching contributions is 100% vested at the time of contribution and is not subject to forfeiture.

(f) Investment Options

Participants are required to make participant-directed allocations of their accounts among various investment options offered by John Hancock.

(g) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, participants are limited to one outstanding note at a time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years. Notes receivable from participants used for financing the purchase of a participant's principal residence may be repaid over a period not to exceed ten years. The interest rate on notes receivable from participants is determined by the plan administrator based on prevailing rates at the time of the note. Interest rates on notes receivable from participants range from 3.25% to 9.25% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

(h) Payments of Benefits and Withdrawals

In general, a participant may withdraw up to 100% of their vested account balance, excluding certain Plan Sponsor contributions, in the event of a participant's financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant.

PRIMO RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(h) Payments of Benefits and Withdrawals - Continued

In general, in-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the early retirement age of fifty-nine and one-half. Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or an annuity option, as defined in the Plan Document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account, through a lump sum distribution or through a single sum distribution of a portion of the account balance. The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if no alternative election has been made and the account balance is \$1,000 or less, as defined in the Plan Document. If no alternative election has been made and the benefits owed are more than \$1,000 but less than \$5,000, the Plan may automatically transfer the funds into an individual retirement account ("IRA") established on the participant's behalf.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions were effective beginning January 1, 2020.

Effective March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law, which provided several relief provisions to tax-qualified retirement plans and their participants. The Plan operationally amended the Plan to implement the relief provision under the CARES Act which allowed for special coronavirus-related distributions up to \$100,000. In June 2020, the Internal Revenue Service issued Notice 2020-50, which expanded eligibility for special coronavirus-related distributions under the CARES Act and allowed for repayment of these distributions provided the repayment occurs within three years of receipt of the distribution.

(i) Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or after five consecutive breaks in service, subject to reinstatement before the end of five consecutive breaks in service, as defined in the Plan Document. Forfeitures of terminated employees' non-vested accounts will be used to offset administrative expenses and to reduce Plan Sponsor contributions, as defined in the Plan Document. Forfeitures used to reduce administrative expenses and Plan Sponsor contributions totaled approximately \$38,000 and \$285,000, respectively in 2021. There was a forfeiture balance of \$122,898 and \$32,555 as of December 31, 2021 and 2020, respectively.

PRIMO RETIREMENT SAVINGS PLAN

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments, other than the guaranteed interest account, are stated at fair value. Fair value is the price that would be received to sell our asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 to Financial Statements).

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation or depreciation in fair value of its investments which consists of the realized gains and losses and the unrealized appreciation or depreciation on those investments.

(c) Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(d) Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, and certain other recordkeeping fees. However, transaction fees for a participant note receivable are paid from the borrowing participant's account and investment expenses are paid by the Plan. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account, as defined in the Plan Document.

(e) Payment of Benefits

Benefit payments are recorded when paid by the Plan.

(f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative costs and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

PRIMO RETIREMENT SAVINGS PLAN

(2) Summary of Accounting Policies - Continued

(g) Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

(3) Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the Plan's Trustee, has certified the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Mutual funds, at fair value
- Common/collective trust funds, at fair value
- Guaranteed interest account, at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividend and interest income
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides a common definition of fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Observable inputs such as quoted prices in active markets.

PRIMO RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds are valued at quoted market prices as provided by the Trustee.

Common/Collective Trust Funds are valued by the issuer of the common/collective trust funds based on the value of each of the underlying investments, less any applicable fees. The underlying investments are valued by the issuer using quoted market prices on active exchanges or, if unavailable, primarily using quoted market prices from independent pricing services and broker dealers.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

<u>Description</u>	<u>Assets at Fair Value as of December 31, 2021</u>			<u>Total</u>

PRIMO RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(5) Guaranteed Interest Account

Effective February 3, 2014, the Plan entered into a contract to provide an investment option, the New York Life Guaranteed Interest Account (“GIA”), managed by New York Life Trust Company (“NYLTC”), as an investment option to participants of the Plan. The GIA is a group annuity contract which consists of a broadly diversified fixed income portfolio within New York Life Insurance Company’s (“NYLIC”) general account and is intended to provide a stable crediting rate consistent with preservation of principal. Interest is accrued daily and credited monthly to the GIA and reflects the crediting rate declared in advance and guaranteed by NYLIC.

The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of the cash flows in and out of the general account as well as prevailing market rates on fixed income assets available for investment by the general account. The interest crediting rate may not be reset more frequently than semi-annually after the first contract year. The crediting rate is subject to a minimum rate provision as provided in the group annuity contract, but may never fall below 1% after deduction for any expenses. Participant-initiated transactions are permitted on a daily basis.

The group annuity contract provides that, subject to certain limitations, withdrawals for benefit payments at death, retirement, disability, termination of employment, and for loans, hardship withdrawals or in-service withdrawals as permitted by the Plan are completed at contract value. Certain distributions, including but not limited to distributions resulting from employer-initiated events such as plan termination, merger, spin-off, and early retirement incentives may be completed subject to a market value adjustment, however, the plan administrator deems these employer-initiated events are not probable to occur.

The group annuity contract may be terminated by the contract holder at any time, provided written notice of terminations is received by NYLTC at least 30 days but not more than 60 days prior to the intended termination date. At contract termination, the Plan may elect to receive either an immediate lump sum distribution subject to a market value adjustment or receive a contract value distribution in 6 annual installments over a period of 5 years.

During 2021, the guaranteed interest account was liquidated. At contract termination, there was a market value adjustment of approximately \$840,000. As of December 31, 2021, the Plan no longer offers the guaranteed interest account as an investment option.

(6) Tax Status

The Plan received a determination letter from the IRS dated July 6, 2017, which stated that the Plan and related trust were designed in accordance with the applicable sections of the IRC. The Plan has adopted amendments since receiving the determination letter from the IRS. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

(6) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Exempt Party-in-Interest Transactions

John Hancock and their affiliates perform services for, sell products to and manage and maintain certain investments for the Plan for which fees are charged to the Plan. While the Plan pays most of the fees, a portion is paid by the Plan Sponsor. Fees paid by the Plan to John Hancock amounted to approximately \$913,139 for the year ended December 31, 2021. Fees paid to Sageview Advisory Group, LLC amounted to approximately \$142,495. Other professional fees paid amounted to approximately \$8,500. Party-in-interest transactions also include notes receivable made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(9) Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 13, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the plan document was amended to add automatic enrollment. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.
