Independent Auditor's Report

To the Participants and Administrator of
Applied Technical Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Applied Technical Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Applied Technical Services 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Applied Technical Services, LLC 401(k)

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the Applied Technical Services, LLC 401(k) Plan (the Plan or Plan Sponsor) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Effective July 1, 1993, and restated November 1, 2019, Applied Technical Services, Inc. (the Company) adopted a Section 401(k) profit-sharing plan. The Plan allows all eligible employees of the Company, who have 6 months of service and have attained age 21 to participate. Upon satisfaction of the eligibility requirements, employees may enter the Plan on the first day of the month immediately following or coincident with eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On November 26, 2020, a third party purchased a controlling interest in the Plan Sponsor which resulted in a change of control. In connection with the acquisition, the Plan Sponsor changed the Plan's name to Applied Technical Services, LLC. The transaction closed on December 28, 2020.

The Plan includes Applied Technical Services, LLC and its wholly owned or controlled subsidiaries (REALTYshare, LLC, Abel Solutions LLC, Space Science Services LLC, Project Services LLC, Penta Facility Group, LLC, Dedicated Roof & Hydro- Solutions, LLC, Penta Engineering Group, LLC, International Inspection, LLC, Reliability Testing Services, LLC, Aviation Technical Testing, LLC, Gray's Engineering & Consulting, LLC, Intermountain Testing Company LLC, ENI Labs, LLC, Benchmark Calibration Laboratory, LLC, Advantage Reliability Services, LLC, Knight Testing, LLC, and Precision Solutions LLC, Radiation Test Solutions, Inc. (RTS)).

In an amendment to the Plan effective January 1, 2022, Century Calibration Labs, LLC, was added to the Plan.

Administration

The Plan Sponsor serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, among other things, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits.

The Plan Sponsor has engaged Great-West Life & Annuity Insurance Company (GWL&A or Trustee) to serve as the Trustee of the Plan. The Trustee receives all contributions made under the Plan, holds plan assets and pays benefits to participants as directed by the plan administrator (see Notes 3 and 6).

Contributions

The Plan includes a provision under the Internal Revenue Code (IRC) Section 401(k) whereby participants may make pre-tax and Roth contributions to the Plan, subject to limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Employer matching contributions are discretionary, and participants become eligible for these contributions at the beginning of the calendar quarter subsequent to completion of one year of service. Employees are automatically enrolled in the Plan to defer 5% of compensation for each payroll period, unless the employees elect to opt out of the Plan. For the year ended December 31, 2021, the Company contributed 50% of the first 5% of elective deferrals that a participant contributed to the Plan. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service (IRS). The Company may make discretionary contributions allocated as a percentage of compensation of eligible participants for the Plan year. For the year ended December 31, 2021, the Company did not make this type of contribution to the Plan.

Administrative Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Company. The expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participant Accounts

Each participant account is credited with pre-tax, Roth, and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, rollover balances, and any allocated earnings thereon. Participant vesting in Plan Sponsor's matching contributions and income earned thereon is based on years of service with the Plan Sponsor, as defined by the Plan Document. The vesting percentages are as follows:

Completed Years of Service	Vesting Percentages
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of sixty-five, early retirement age of fifty-five and five years of service, or upon disability or death while an employee of the Plan Sponsor.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the Trustee or its affiliates serve as investment advisors (see Note 6), selected by the plan administrator.

Notes Receivable from Participants

In general, participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are secured by participant account balances and bear interest at a rate based on prevailing interest rates at the time of the note, as determined by the plan administrator. Notes receivable are to be repaid through level payments over a period not to exceed five years unless such loan is for the purchase of a participant's primary residence.

Withdrawals

In general, a participant may withdraw up to 100% of the participant's pre-tax, Roth, and rollover contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship.

In-service withdrawals of all or a portion of a participant's vested account balance, other than participant rollovers, employer matching and profit sharing accounts, may be made by a participant after reaching age 59 ½ as defined in the Plan Document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, death, or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum or installment distribution. In general, if the participant's account balance, as defined in the Plan Document, is greater than the involuntary cash-out amount, the account may not be distributed without the participant's consent. However, regardless of the participant's election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account. Forfeitures of terminated employees' non-vested accounts may first be used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future Plan Sponsor contributions to the Plan. Forfeitures used to reduce Company contributions totaled \$158,437 for the year ended December 31, 2021. Unallocated forfeitures at December 31, 2021 and 2020 were \$137,460 and \$115,797, respectively.

CARES Act

Beginning on April 15, 2020, the Plan adopted the distribution and loan rules of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. The provisions were in effect until December 31, 2020. In accordance with the provisions of the CARES Act, plan operations were updated to take advantage of provisions in the CARES Act. These changes were made immediately and the plan will be formally amended on or before the amendment deadline of December 31, 2022.

Coronavirus-Related Distributions: Qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan that was exempt from the 10% early distribution penalty. Participants who took a coronavirus-related distribution had the option to pay the income tax (if applicable) over a three year period or to recontribute to a qualifying plan or IRA within a three year period in the form of a rollover contribution with no income tax impact.

Participant Loans: Qualified individuals could elect to suspend loan repayments with repayments restarting in January 2021. Following the suspension, loans were reamortized and included the interest accrued during the suspension period.

Required Minimum Distributions: Any minimum distributions required to be made to participants or beneficiaries in 2020 were waived. This provision also applied to any 2019 required minimum distributions that had to be made by April 1, 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Risks and Uncertainties

The Plan's invested assets are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Note 3: Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by GWL&A, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2021	2020
Statements of net assets available for benefits:		
Investments, at fair value	\$ 73,969,234	\$ 62,913,332
Notes receivable from participants	1,107,160	1,192,072
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 4,484,401	
Interest and dividends	4,295,844	
Interest from notes receivable	60,562	

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.
- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.
- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Stable value fund: The stable value fund invests in a variety of investment contracts including traditional guaranteed investment contracts (GIC's), security backed investment contracts, and separate account GIC's. The stable value fund is valued at the net asset value of the fund, which is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, minus any liabilities. The practical expedient would not be used if it is determined to be probable the fund would sell the investment for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 66,569,747	\$ -	\$ -	\$ 66,569,747
Stable value fund (a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>7,399,487</u>
Investments at fair value	<u>\$ 66,569,747</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 73,969,234</u>

Assets at Fair Value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 56,444,298	\$ -	\$ -	\$ 56,444,298
Stable value fund (a)	<u>-</u>	<u>-</u>	<u>-</u>	<u>6,469,034</u>
Investments at fair value	<u>\$ 56,444,298</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 62,913,332</u>

(a) In accordance with Subtopic ASC 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan Sponsor has entered into an adoption agreement under the *Great-West Trust Company Defined Contribution Prototype Plan and Trust* (the prototype plan). The prototype plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC.

The Plan has been amended since receiving the favorable opinion, however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of December 31, 2021.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2018.

Note 6: Party-in-Interest Transactions

LPL Financial (LPL), the Plan's investment advisor, performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. LPL receives earnings from mutual fund service providers for services LPL provides to the funds. These earnings are used to offset certain amounts owed to LPL for its services to the Plan. If the earnings received by LPL exceeds the amount owed under the Master Plan Service Agreement, LPL remits the excess to offset Plan administrative expenses. In 2021, excess amounts remitted to the Plan totaled \$81,976.

Certain Plan assets are invested with GWL&A. Thus, GWL&A, as Trustee defined by the Plan, qualifies as a party-in-interest. Fees paid by the Plan for Trustee and investment management services for the year ended December 31, 2021 totaled \$287,705.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

Note 8: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, \$14,787 (excluding lost earnings) from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor intends to file Form 5330 and make the restorative contributions to the Plan during 2022 to restore lost earnings from 2021 participant wages that were not remitted in a timely manner to the Plan.

Note 9: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the statement of net assets available for benefits date of December 31, 2021 and the report date, the date these financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
