VRDOLYK LAW GROUP, LLC 401(K) PLANNOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Vrdolyak Law Group, LLC 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Vrdolyak Law Group, LLC (“Company”). Each employee of the Company, excluding employees covered under a collective bargaining agreement, non-resident aliens, and leased employees, is eligible to participate as of the first day of the month following the date the employee works one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees the governance of the Plan.

Contributions

Each year, participants may contribute up to the amount allowed by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a fixed annuity as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. Company discretionary matching contributions may be contributed at the option of the Company's management. The Company made discretionary matching contributions of \$71,382 to the plan for the year ended December 31, 2021. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's discretionary matching contribution, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portions of their account is based on years of continuous service. A participant is 20% vested after one year of service, increasing 20% each additional year until becoming 100% vested after five years of credited service. In the event of death, disability, or when the participant reaches the normal retirement age under the plan, participants will become fully vested.

Investment Options

Upon enrollment in the Plan, a participant may invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

VRDOLYK LAW GROUP, LLC 401(K) PLANNOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, partial account distributions, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Vested account balances of terminated participants that are less than \$5,000 are automatically distributed. Rollover distributions of balances of \$1,000-\$5,000 are subject to the automatic rollover requirements, as defined in the Plan Document.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$44,251 and \$35,186 respectively. These accounts may be used to reduce future employer contributions or to off-set Plan administrative expenses. In 2021, \$4,750 was used by the Company from forfeited non-vested accounts to off-set Plan administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statement in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Investment Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable that are not paid directly by the participant, are deducted from the participant's account. Certain investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review

Subsequent events were evaluated through September 21, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments (except for the fully benefit-responsive guaranteed investment contract) are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

VRDOLYK LAW GROUP, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual funds: Generally valued at the daily closing price as reported by the fund. These mutual funds held by the Plan are open-end mutual funds that are registered with Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

		Plan Investments At Fair Value:		
	Total	Level 1	Level 2	Level 3

Note 4 – Fully Benefit Responsive Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company totaling \$826,446 and \$703,122 at December 31, 2021 and 2020, respectively. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.01%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Related Party and Party-In-Interest Transactions

Certain plan investments are managed by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC are the custodians of the Plan. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative expenses related to the Plan were paid by the Company. These transactions qualify as party-in-interest transactions. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTES TO FINANCIAL STATEMENTS

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their respective account balances.

Note 7 – Information Certified by Custodians

The following is a summary of the Plan’s asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan’s financial statements and supplemental schedule that was prepared by or derived from information provided by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC (the custodians) and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that the information provided to the plan administrator by the custodians related to the following assets and income is complete and accurate:

	<u>2021</u>	<u>2020</u>
Investments, at fair value		
Mutual funds	\$3,168,040	\$3,091,382
Investments, at contract value		
Guaranteed interest account	826,446	703,122
Notes receivable from participants	59,698	66,794

The custodians also certified the completeness and accuracy of \$258,508 of net appreciation in fair value of investments, \$3,769 of interest income on notes receivable from participants, and \$153,712 of interest and dividends related to the aforementioned assets for the year ended December 31, 2021.

Note 8 – Income Tax Status

The Plan has adopted a standardized form of a Volume Submitter (“Volume Submitter”) Profit Sharing Plan with CODA sponsored by the trustee and adopted by the Company. The Volume Submitter Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Volume Submitter plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested its own determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and individual participant account balances.

Note 9 – Risks and Uncertainties (Continued)

On January 30, 2020, the World Health Organization (WHO) declared the novel coronavirus outbreak (COVID-19) a public health emergency. In March 2020, the WHO classified the outbreak as a pandemic based on the rapid increase in exposure globally. The full impact of the outbreak continues to evolve as of the date of this report. Due to the dynamic nature of these unprecedented circumstances and possible business disruption, Plan management will continue to monitor the situation closely.
