INDEPENDENT AUDITORS' REPORT

401(k) Committee
ShotSpotter, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of ShotSpotter, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on Compiled 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2020 financial statement.

ShotSpotter, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ShotSpotter, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan Administrator.

General

The Plan was established effective March 5, 2019 to enable eligible employees to save for retirement. The Plan is a defined contribution plan established, sponsored and administered by ShotSpotter, Inc. (the “Company” or “Plan Administrator”) for the benefit of substantially all employees of the Company. The Plan’s trustee, Fidelity Management Trust Company (the “Trustee”), has the authority and responsibility for the management and investment of plan assets. The 401(k) Committee is the Plan’s named fiduciary for purposes of Section 402(a) of the Employee Retirement Income Security Act of 1974 (“ERISA”).

COVID-19

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency stemming from a new strain of coronavirus (“COVID-19”) that was spreading globally. On March 11, 2020, the WHO declared the COVID-19 outbreak as a pandemic. Following the WHO’s declaration, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Company evaluated the relief provisions available to the Plan’s participants under the CARES Act and implemented the following provisions:

- Special coronavirus distributions up to \$100,000 through December 31, 2020;
- Increased the available loan amount to the lesser of \$100,000 or 100% of the participant’s vested account balances through September 22, 2020;
- Extended the period for loan repayments, if applicable, up to one year through December 31, 2020;
- Required minimum distributions for the calendar year 2020 were temporarily waived.

Eligibility

The Plan covers substantially all employees of the Company, except for employees covered by collective bargaining agreements, nonresident aliens, leased employees and residents of Puerto Rico, once they have attained 21 years of age and have completed one month of service. An employee’s entry date into the Plan will be the first day of the month coinciding with or next following the date he or she satisfies the eligibility requirements.

401(k) Plan

Notes to Financial Statements

Contributions

Participants may contribute up to 100% of their annual compensation as pre-tax or Roth contributions, as defined in the Plan, subject to an annual limitation imposed by Internal Revenue Service (“IRS”) regulations. Participants may also make rollover contributions into the Plan representing distributions from other tax-qualified employer-sponsored retirement plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan provides that the Company may elect to make discretionary matching contributions. For 2021, the Company elected to contribute 50% of the first 2% of base compensation that a participant contributed to the Plan. To be eligible for a matching contribution, an employee must be an active participant during the year and employed by the Company as of the last day of the Plan year. Contributions are subject to certain limitations.

Participant investment account options

Participants direct the investment of all contributions into various investment options offered by the Plan. For participants who do not direct the investment of their contributions, accounts will be invested in accordance with default investment alternatives established under the Plan. The Plan currently offers mutual funds as investment options for participants.

Allocations

Each participant’s account is credited with investment earnings and an allocation of certain Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

The portions of the participant’s account attributable to elective deferral contributions, catch-up contributions and rollover contributions are 100% vested and non-forfeitable.

Vesting in the Company’s discretionary matching contributions plus actual earnings thereon vest according to the following schedule:

Years of Service	Percentage
<1	0%
1	33%
2	66%
3	100%

Notes to Financial Statements

Vesting, cont'd

Participants are 100% vested upon retirement, death, disability or termination of the Plan.

Forfeitures

Unvested amounts forfeited by terminated employees may first be used to reduce expenses related to the administration of the Plan or to reduce the Company's future discretionary matching contributions payable under the Plan. During 2021, no forfeited funds were used to reduce expenses related to the administration of the Plan or to reduce the Company's discretionary matching contributions. The forfeiture account balances were \$1,434 and \$143 at December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the rate charged by other lenders for notes made under similar circumstances. Note repayment periods may not exceed five years except for loans used to acquire a principal residence. Principal and interest are paid through payroll deductions. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Under the CARES Act, qualified individuals' note limitations were increased to the lesser of \$100,000 or 100% of their vested account balance. The CARES Act also delayed note payments for a COVID-19 qualified individual for any note outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extended the note for up to one year. This increased note limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Benefit payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive a single lump-sum payment equal to the value of participant's vested interest in his or her account if the participant's account does not exceed \$5,000. If a terminated participant's vested interest in his or her account exceeds \$5,000, a participant may elect to receive a single lump-sum payment or installments over a period of time of not more than his or her life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may withdraw any or all of their elective deferral account balances at any time during the Plan year upon attainment of age 59 ½ or upon incurring a financial hardship, as defined in the Plan document, if certain requirements have been met. Benefits are recorded when paid.

Notes to Financial Statements

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, the Plan document provides that participants would become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Notes to Financial Statements

3. Fair Value Measurement, Cont'd

The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth the Plan’s investments as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,825,173	\$ -	\$ -	\$ 8,825,173

Investment valuation and earnings

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consisted of the realized gains or losses on sales of investments and the unrealized appreciation or depreciation of those investments.

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Company has adopted a Fidelity Volume Submitter Plan ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the IRS on June 30, 2020, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and the Plan have been amended since receiving the IRS opinion letter, the Company believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ShotSpotter, Inc.

401(k) Plan

Notes to Financial Statements

5. Tax Status, Cont'd

GAAP requires management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The tax positions taken by the Plan have been analyzed and, as of December 31, 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain Plan assets are invested in mutual funds managed by the Trustee. Certain officers of the Company and members of the 401(k) Committee are current participants in the Plan. The Plan also has notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

7. Pending Distributions

There were no pending distributions at December 31, 2021.

8. Excess Contributions Refundable

There were no excess contributions refundable as of December 31, 2021 or 2020.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 to Schedule H of the Form 5500:

	2021
Net assets available for benefits per the financial statements	\$ 9,414,214
Less employer contributions receivable at December 31, 2021	(249,173)
