## Independent Auditor's Report

To the Plan Administrator  
Reliance Worldwide Corporation Retirement Plan  
Atlanta, Georgia

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Reliance Worldwide Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of *Schedule H, line 4i - Schedule of Assets (Held at End of Year)* - December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

### 1. Description of the Plan

The following description of the Reliance Worldwide Corporation (the “Plan Sponsor” or the “Company”) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more description of the Plan’s provision.

#### *General*

The Plan, which became effective September 1, 2002 and restated effective January 1, 2017, is a defined contribution plan covering substantially all full-time, part-time, temporary, and seasonal employees, regardless of hours worked, of the Company who are age 18 or older. Employees are eligible to participate on the first day of each calendar month of the Plan year, coincident with or the next month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On November 17, 2021, the Company acquired 100% of the share capital EZ-FLO International. In conjunction with the acquisition, the Company resolved to rollover the EZ-FLO participants account in to the Plan. A total of \$ 3.4 million in assets were rolled into the Plan from the acquired company EZ-FLO International employee benefit plan.

#### *Contributions*

Each year, participants may contribute to the Plan an amount that does not exceed the maximum dollar amount subject to Internal Revenue Code (“the Code”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Company will withhold an automatic deferral amount of 4 percent from the participant’s compensation each payroll period and deposit in their account, unless the participant has a contrary election on file. The automatic deferral percentage is 4 percent and will increase by 1 percent a year, up to a maximum of 8 percent of compensation.

The Plan provides for a safe harbor matching contribution (“Safe Harbor Matching Contribution”) in which the Company, in order to satisfy the “safe harbor” requirements of the Code, contributes a matching contribution on behalf of the participant based upon each participant’s deferred contributions. The Safe Harbor Matching Contributions for 2021 was equal to 100% of the participant’s deferred contributions up to 3% of the participant’s eligible compensation, plus 50% of the deferred contributions between 3% and 5% of the participant’s compensation. The Safe Harbor Matching Contributions are contributed each pay period. On May 25, 2020, the Company took the COVID exception and suspended the Safe Harbor contribution. Through May 25, 2020 the Company had contributed \$769,826 in employer match contributions. In December 2020, the Company made the decision to compute the employer match for 2020 and deposit into the participant accounts. The deposit of \$859,173 happened in January 2021. For the year ended December 31, 2021, Safe Harbor Matching Contributions totaled \$1,839,106 which are included in the Statement of Changes in Net Assets Available for Plan Benefits. The Company may make additional contributions to the Plan, however, there were no such contributions made during the year ended December 31, 2021.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions, the Company's contributions and allocation of earnings on investments held in the participant's account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

Participants are immediately vested in their contributions, employer match contributions, plus actual earnings thereon.

### ***Notes Receivable from Participants***

Participants may borrow up to \$50,000, but limited to no more than a maximum equal to 50 percent of their vested account balance with a minimum loan amount of \$1,000. The \$50,000 limit is imposed on a combined total of all loans from the Plan. The loans are secured by the balance in the participant's account and bear interest at prevailing interest rates. The current interest rates range from 3.25 percent to 6.50 percent. Principal and interest is paid ratably through payroll deductions.

### ***Payment of Benefits***

A participant may receive a benefit payment upon termination, disability, or retirement. Participants may also receive qualified hardship distributions from the Plan. Upon attainment of 59-1/2 years of age or upon hardship, participants may receive an in-service withdrawal from their salary deferral or matching contributions account balances. In accordance with the participant's election, benefit payments can be made in a single lump-sum payment in cash or through installments over a period of not more than the participant's assumed life expectancy. Involuntary cash-outs in a lump sum payment can be made at the Company's discretion for participant balances under \$1,000, and involuntary rollovers to an individual retirement account can be made at the Company's discretion for participant balances between \$1,000 and \$5,000.

### ***Administrative Expenses***

The Company pays the administrative costs associated with any professional services provided to the Plan and the cost of communications to the participants. Administrative expenses recorded by the Plan represent recordkeeping fees paid directly from the Plan to the Plan's trustee. Loan fees and other administrative fees related to benefit payments are deducted directly from the participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

### 2. Summary of Accounting Policies

#### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Recent Accounting Standards***

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied on retrospectively, while others applied prospectively. Plan management adopted ASU 2018-13 for the year ended December 31, 2020. There was no material impact to the Plan's financial statements upon adoption of this pronouncement.

#### ***Investments Valuation and Income Recognition***

The investments of the Plan (with the exception of fixed annuity contracts) are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by Great-West Trust Company, LLC ("Great West").

The Plan's fixed annuity contract with Great-West Life & Annuity Insurance Company (Note 3) is valued at contract value. Contract value equals the accumulated cash contributions and interested credited to the Plan's contracts, less withdrawals.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. The notes receivable from participants is classified as in default where no repayments have been made by the last day of the calendar quarter after the calendar quarter in which the payment is due. During 2021, \$6,221 of notes receivable from participants was recorded as deemed distributions. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

### *Payment of Benefits*

Benefits are recorded when paid.

### **3. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification 820 *Fair Value Measurement* as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

**Mutual Funds:** Valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within the level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### 5. Investment Contract

The Plan's investments include a benefit-responsive investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The contract is included in the financial statements at contract value, as reported to the Plan by Great West, the trustee of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan (including merger), (2) termination, and (3) other such matters as defined in the agreement. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

### 6. Related Party Transactions and Parties-in-Interest Transactions

Certain plan investments are managed by Great-West. Great-West is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The total fees paid to Great-West for the year ended December 31, 2021 is \$156,588. Notes receivable from participants are considered party-in-interest transactions.

### 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their employer contributions.

### 8. Tax Status

The Internal Revenue Service has determined and informed Great-West Trust Company in an opinion letter dated June 30, 2020, that the volume submitter profit sharing plan prototype and related trust are designed in accordance with applicable sections of the Code. The Plan has since been amended; however, the plan administrator believes that the Plan is currently designed and being

operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Concentration of market risk: Approximately 70% and 71% percent of the Plan's assets were invested in Vanguard Investment as of December 31, 2021 and 2020, respectively.

### **10. Subsequent Events**

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through September 26, 2022, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.
