REPORT OF INDEPENDENT AUDITORS

Participants and the Administrative Committee
Yamaha 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Yamaha 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Yamaha 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Yamaha 401(k) Plan's ability to continue as a going concern for one year from the report date below.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Yamaha 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yamaha 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Yamaha 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 18, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

YAMAHA CORPORATION OF AMERICA RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the plan including significant accounting policies

The Plan is a defined contribution retirement plan administered by Yamaha Corporation of America (the “Company” or “Sponsor”); it was established on January 1, 1987. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was last amended April 19, 2021 to comply with current updates required by ERISA. The Plan has a contract with Fidelity Management Trust Company (the “Trustee” or “Fidelity”) to manage and hold the assets in trust for the Plan. The following description of the Plan provides only general information. Participants should refer to the Plan documents/agreement for a more complete description of the Plan's provisions.

Eligibility

The Plan provides that employees who: (1) are not covered by a collective bargaining agreement, and (2) do not participate in the pension plan of the Japanese parent company, Yamaha Corporation, may participate in the Plan upon satisfactorily completing 90-days of employment.

Contributions, vesting and forfeitures

Participants may contribute up to 75% of pretax annual compensation, as defined by the Plan, and subject to the annual limits of the Internal Revenue Code (“IRC”). At December 31, 2021 and 2020, the imposed annual limit was \$19,500. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 are allowed an additional “catch-up contribution” not to exceed \$6,500 in 2021 and 2020. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to change their investment options directly through Fidelity at any time.

The Company matches 100% of the employee’s contribution up to a maximum of 3% of the employee’s compensation. In addition to the Company’s matching contributions, the Company makes a contribution of 3% of eligible compensation for all employees upon becoming eligible. This additional contribution is made to each participant’s account whether or not the participant is contributing to the Plan. The contribution percentage is discretionary and may vary at the discretion of the Company’s board of directors.

The Company also contributes a flat percentage, depending on the employee’s age at July 1, 1998, as a transition benefit for prior plan employees who were eligible for the Retirement Plan for Employees of Yamaha Corporation of America. The contribution percentages are as follows:

<u>Age at July 1, 1998</u>	<u>Percent of Compensation</u>
45 to 49	1%
50 to 54	2%
55 and over	3%

The percentages are fixed and do not change as the participant ages. This transition benefit will continue as long as the employee is employed by the Company. This contribution is also made to the participant’s account whether or not the participant is making elective deferral contributions to the Plan.

1. Description of the plan including significant accounting policies (continued)

The Company's contributions vest at a rate of 25% after one year of credited service, increasing by 25% for each year of service thereafter. Participants are fully vested after four years of continuous service in which the participant has had not less than 1,000 hours of service per year. Participants are fully vested upon reaching age 65, death, or becoming permanently disabled.

A participant's nonvested balance is forfeited at the time of termination of employment. Such forfeitures may be used to offset future Company contributions and administrative expenses. During the years ended December 31, 2021 and 2020, \$72,577 and \$24,641, respectively, of participant nonvested balances were forfeited by terminated employees. As of December 31, 2021 and 2020, the balances of forfeitures available for offset of future Company contributions and administrative expenses are \$153,049 and \$79,119, respectively.

Benefit obligations

In conformity with guidance for accounting and disclosure by employee benefit plans, benefit obligations to terminated employees who have withdrawn from participation in the Plan are not accrued in the statements of net assets available for benefits; rather, such amounts are disclosed in the notes to the financial statements. There were no such benefit obligations for the years ended December 31, 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution, Company's match, additional discretionary contribution, and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Participants' promissory notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.5%, which are based on the blended prime rate as published in the Wall Street Journal on the first day of the quarter the loan originates plus 1%. Participants' promissory notes are for fixed terms, requiring bi-weekly repayments by payroll deductions and are valued at their amortized cost, which approximate fair value. The Company determines whether participants qualify for a loan by applying such criteria used by a commercial lender in similar circumstances. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the years ended December 31, 2021 and 2020, the Company paid administrative expenses of \$16,448 and \$40,942, respectively.

Use of estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's synthetic guaranteed investment contract is valued at contract value and mutual fund investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a description of the valuation methodologies used in determining the fair value of the Plan's mutual fund investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments under the Plan are based upon the participants' vested share of employer contributions plus the participants' voluntary contributions, including investment income. Benefit payments are made in the form of a lump-sum distribution. Benefits are recorded when paid.

Withdrawals

Participants may request hardship withdrawals from their account balance for certain financial needs, as defined in the Plan.

1. Description of the plan including significant accounting policies (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

2. Tax status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

3. Related party and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$14,732 and \$21,557 for the years ended December 31, 2021 and 2020, respectively. The Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. During 2021 and 2020, revenue credits of \$10,000 and \$62,500, respectively, were deposited into the Plan and are included in other income on the statements of changes in net assets available for benefits.

Net appreciation in fair value of investments	<u>\$ 10,807,987</u>	<u>\$ 20,415,514</u>

5. Common collective trust

The Plan holds a synthetic guaranteed investment contract that is part of a collective investment trust. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value for the synthetic investment contract was \$7,850,566 and \$9,028,766 as of December 31, 2021 and 2020, respectively.

The Plan owns the underlying assets of the synthetic investment contract. A synthetic guaranteed investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. Synthetic guaranteed investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic guaranteed investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below zero percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Common collective trust (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
- Premature termination of the contract by the Plan;
- Plan termination or merger;
- Early retirement incentives; or
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, plant closings or layoffs) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; or
- A material amendment to the agreements without the consent of the issuer.

6. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

YAMAHA CORPORATION OF AMERICA RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

6. Fair value measurements (continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Cash*: Money market securities are valued at the closing price reported in the active market in which the individual security is traded.
- *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at the close of business of the New York Stock Exchange ("NYSE"). Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Cash	\$ 1,767,154	\$ -	\$ -	\$ 1,767,154
Mutual Funds	126,880,724	-	-	126,880,724
Total	<u>\$ 128,647,878</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 128,647,878</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Cash	\$ 2,065,813	\$ -	\$ -	\$ 2,065,813

Total	<u>\$ 113,223,790</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 113,223,790</u>

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31 to the Form 5500:

	2021	2020
Net assets available for Plan benefits per the financial statements	\$ 137,326,442	\$ 123,073,307
Plus adjustment from contract value to fair value for common collective trust	69,866	-
Net assets available for Plan benefits per the Form 5500	<u>\$ 137,396,308</u>	<u>\$ 123,073,307</u>

The financial statements are prepared on the contract value basis method of accounting for investments held in the common collect trust and Form 5500 is prepared using the fair value method of accounting.

9. Subsequent events

Management has evaluated subsequent events through September 23, 2022, the date on which the financial statements were available to be issued.
