Independent Auditors' Report

To the Trustees of
Electric Supply 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Electric Supply 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated July 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Electric Supply 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Adoption Agreement and plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers eligible employees of Electric Supply of Tampa, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). To be eligible to participate in the Plan, an employee must be full-time, have attained the age of 21, and have completed at least six months of service.

The Plan was adopted November 1, 1986 and entirely amended and restated June 1, 2003. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Act of 2001 ("EGTRRA").

Effective April 14, 2021, the Company was acquired by another entity, which resulted in a change in ownership of the Company.

(b) Administration

The Company is the Plan's sponsor and administrator. As the plan administrator, the Company controls and manages the operation and administration of the Plan, except with respect to investments, which are managed by the designated custodian, John Hancock Trust Company, LLC ("John Hancock"), and recordkeeping, which is performed by John Hancock Retirement Plan Services. Under the terms of the Plan, designated officers of the Company act as trustees.

(c) Contributions

The Plan allows for participants to contribute from 1% to 30% of pretax annual compensation, as defined in the Plan, subject to annual limitations as defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. Annual elective deferrals were limited to $19,500 during 2021 with catch-up contributions limited to $6,500.

The plan document allows participants of the Plan to be automatically enrolled, once meeting eligibility requirements, at a deferral percentage of 3% of eligible compensation. Plan entry is in allowed twice a year on the first of January and first of July.

(1) Description of Plan - Continued

(c) Contributions - Continued

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. In addition, the Company may make a discretionary profit sharing contribution, which is allocated to each participant based on a formula explained in the Adoption Agreement. A participant shall share in the allocations of the matching contributions whether or not the participant is actively employed at the end of the plan year and regardless of hours of service. In order to share in the allocations of the discretionary profit sharing contributions, a participant must have completed a year of service or 1,000 hours and be actively employed at the end of the plan year. Participants, who are not actively employed at the end of the plan year due to death, total and permanent disability or early/normal retirement, will be eligible to share in the allocation of the discretionary profit sharing contribution, regardless of service and employment status. For the year ended December 31, 2021, the Company elected to provide no matching contributions to participants. No discretionary profit sharing contributions were made for the year ended December 31, 2021.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, if any, an allocation of the Company's additional discretionary contribution, if any, and plan earnings. Each participant's account is charged with an allocation of plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions plus actual investment income thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual investment income thereon is based on years of continuous service. Participants become 100% vested in Company matching contributions after six years of credited service and discretionary profit sharing contributions after seven years of credited service.

(f) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(1) Description of Plan - Continued

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $750 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.50% to 6.50% as of December 31, 2021. Loan terms range from one to five years unless the loan is for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Effective March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law, which provided several relief provisions to tax-qualified retirement plans and their participants. The Plan operationally amended the Plan to implement the relief provision under the CARES Act which extended the period for loan repayments up to one year.

(h) Payment of Benefits

The Plan provides for the payment of benefits upon retirement, total and permanent disability, termination of employment and financial hardship by way of a lump-sum distribution, substantially equal installments, or an annuity equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

The Plan operationally amended the Plan to implement the relief provision under the CARES Act which allowed for special coronavirus-related distributions up to $100,000. In June 2020, the Internal Revenue Service issued Notice 2020-50, which expanded eligibility for special coronavirus-related distributions under the CARES Act and allowed for repayment of these distributions provided the repayment occurs within three years of receipt of the distribution.

(i) Forfeitures

Any nonvested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures are applied to future employer contributions or administrative expenses. Forfeitures in the amount of $12,148 and $6,570 were available at December 31, 2021 and 2020, respectively, to offset future employer matching contributions or administrative expenses. No balances were used to offset administrative expenses or employer match contributions during the year ended December 31, 2021.

(j) Hardship Distribution

The Plan allows participants to withdraw a portion of their elective deferral account, rollover contributions, and the vested portion of the Company's contribution account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to Plan provisions.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2020, the requirement to suspend employee contributions and Company matching contributions to the Plan as a result of a hardship withdrawal was removed.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

(c) Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value based on quoted market prices.

The John Hancock Stable Value Fund is a collective trust fund. The Trust invests principally in group annuity contracts which are intended to maintain a constant net asset value. The Trust is valued by John Hancock based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(d) Use of Estimates

Management of the Plan has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities and additions to and deductions from net assets to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(e) Unit Values

Individual participant accounts for the common and collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(2) Summary of Accounting Policies - Continued

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

(g) Administrative Expenses

Significant administrative costs related to the Plan are incurred by the Company and are not reflected in the operations of the Plan.

(3) Custodian Certification of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividend and interest income
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Tax Status

The Plan has adopted a prototype plan under John Hancock. The prototype plan obtained its latest opinion letter on May 18, 2015, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(4) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to discontinue the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize use of observable inputs and minimize use of unobservable inputs.

(6) Fair Value Measurements - Continued

Following is a description of valuation methodologies used for assets measured at fair value:

Registered Investment Companies: valued at net asset value based on quoted market prices of shares held by the Plan at year end.

Common and Collective Trust Funds: valued at the unit value as determined by the collective trust as of the valuation date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020:

		Fair Value Measurements at Reporting Date Using		
Description	Assets Measured at Fair Value at December 31, 2021	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 11,980,563	11,980,563	-	-
Investments measured at NAV	1,530,333 **(a)**			
Total assets at fair value	$ 13,510,896			

		Fair Value Measurements at Reporting Date Using		
Description	Assets Measured at Fair Value at December 31, 2020	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 10,219,825	10,219,825	-	-
Investments measured at NAV	1,617,264 **(a)**			
Total assets at fair value	$ 11,837,089			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

(7) Subsequent Events

In accordance with ASC Topic 855, *Subsequent Events*, plan management has evaluated events occurring through August 10, 2022, the date financial statements were available to be issued, to determine if these events were significant to the financial statements.
