Independent Auditor's Report

To the Plan Administrator of the
Nite Ize, Inc. 401(k) Retirement Savings Plan
Boulder, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nite Ize, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Nite Ize, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Nite Ize, Inc. (the “Company”) effective January 1, 2013, and was amended and restated December 5, 2019. The Plan is a defined contribution plan covering eligible employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

The trustees of the Plan are two officers of the Company (“Officers”) and Reliance Trust Company (“Trustee”). The administrator of the Plan is the Company. T. Rowe Price Retirement Plan Services, Inc. (“T. Rowe Price”) provides recordkeeping, administrative and related services to the Plan. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month coinciding with or following six months of service. Leased employees, union employees and non-resident aliens are not eligible to participate in the Plan.

Contributions

Eligible participants may contribute, on a pre-tax or Roth after-tax basis, up to 100 percent of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 or over subject to certain IRC limitations. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan administrator and the Plan Document.

The Plan Document provides for discretionary employer matching contribution. For the year ended December 31, 2021, the Company made a discretionary employer matching contribution of 100 percent of the first 3 percent of compensation deferred on an annual basis.

Rollover contributions transferred from other qualified retirement plans may also be made subject to certain criteria.

Participants’ Accounts

Participants’ accounts are credited with the participants’ pre-tax, Roth and catch-up contributions, discretionary employer matching contributions, and rollover contributions, as well as an allocation of plan earnings or losses. Participants’ accounts are charged with certain administrative fees that

Nite Ize, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various mutual funds and a stable value common/collective trust fund. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The note is secured by the participant's account and bears an interest rate based upon prevailing commercial lending rates and is fixed for the term of the note. The note may be for a term of up to 5 years, and is subject to certain other restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Principal and interest are paid ratably through payroll deductions. Interest rates for the notes outstanding as of December 31, 2021 ranged from 4.25 percent to 6.50 percent.

Vesting and Forfeitures

Participants are 100 percent vested in their participant deferral and rollover contributions and the allocated earnings thereon. Discretionary employer matching contributions are 100 percent vested after 3 years of service, as defined in the Plan Document. Participants are also fully vested upon reaching normal retirement age (65), death, disability or termination of the Plan.

Forfeitures of unvested accounts may be used to offset future employer contributions or pay Plan expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$13,365 and \$25,795, respectively. \$12,026 of forfeitures were used to reduce employer contributions and \$3,293 were used to pay plan expenses during the year ended December 31, 2021.

Benefit Payments

Upon termination of service due to death, separation of service, attainment of normal retirement age (65), or disability, as defined, a participant may elect to receive his/her benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account balance, installment payments, remain in the Plan or may roll over the amount to another qualified retirement plan or individual retirement account ("IRA"). Participants that have separated from service with a vested balance of \$1,000 or less may be automatically rolled into an IRA. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated for any reason the participant accounts will be fully vested and the Plan Administrator is to distribute each participant's interest to the participant or their beneficiary.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further discussed in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date exit price. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for investments in the mutual funds and stable value common/collective trust are deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Participant contributions and any related discretionary employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions in the year the excess occurred.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance. Any accrued, but unpaid interest was de minimus. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Nite Ize, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Expenses of the Plan

Fees (primarily loan origination and distribution fees) are charged directly to the participant's account and are included in administrative fees. Under the service provider agreement with T. Rowe Price, certain revenue sharing rebates received from certain mutual funds held by the Plan reduce recordkeeping fees. Fees in excess of rebates are charged to the Plan. Investment related expenses (in the form of an expense ratio) are included in net appreciation (depreciation) in fair value of investments. All other expenses of the Plan for the year ended December 31, 2021 were paid by the Company and have been excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee, and T. Rowe Price Company, the trustee of the T. Rowe Price Stable Value Common Trust Fund, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020;
- Net investment income and interest earned on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of December 31, 2021.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification 820 ("ASC 820"), provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Nite Ize, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Equivalents: Valued at \$1 per unit, similar to a bank savings account and is fully liquid. The account is FDIC insured.

Stable Value Common/Collective Trust Fund: The T. Rowe Price Stable Value Common Trust Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of the units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require a 12 to 30 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. During the year ended December 31, 2021, the Plan changed funds class, which did not result in any redemption restrictions. The stable value fund is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,114,438	\$ -	\$ -	\$ 9,114,438
Cash equivalents	13,365	-	-	13,365
Total assets in the fair value hierarchy	\$ 9,127,803	\$ -	\$ -	9,127,803
Investments measured at net asset value (a)				92,096
Total investments, at fair value				\$ 9,219,899

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total

Investments measured at net asset value (a)				129,057
Total investments, at fair value				\$ 7,301,202

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period, is applicable only to the Plan:

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>

Notes to Financial Statements

5. Party-In-Interest and Related Party Transactions

The Plan invests in shares of mutual funds and units of a common/collective trust managed by T. Rowe Price. Certain investment fees are paid to T. Rowe Price and are reflected within the net investment gain for the year as well as certain other indirect fees from mutual fund companies. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts and certain loan origination fees are paid to T. Rowe Price. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

The Plan was amended and restated effective December 5, 2019, by adopting a DST Retirement Solutions, LLC Volume Submitter 401(k) Plan and Trust Document which received an advisory letter from the Internal Revenue Service ("IRS") dated June 1, 2015 indicating that it is designed in accordance with the applicable section of the IRC. The Company believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investments in mutual funds, a government money fund, and a stable value common collective trust fund. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of both December 31, 2021 and 2020, three funds held by the plan individually represented more than 10 percent of investments held by the Plan. See the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 for a complete listing of investments held.

8. Subsequent Events

The Plan has evaluated subsequent events through September 21, 2022, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that requires recognition or disclosure in the financial statements, except as noted below.

The Plan was amended and restated effective January 1, 2022, by adopting a DST Retirement Solutions, LLC Defined Contribution Pre-Approved 401(k) Plan and Trust Document which received an advisory letter from the IRS dated June 30, 2020 indicating that it is designed in accordance with the applicable section of the IRC. As a result of the restatement, the Plan was amended to provide for a safe harbor matching contribution of 100 percent of the first 3 percent of compensation deferred, plus 50 percent of the next 2 percent of compensation deferred on an annual basis. Additionally, residents of Puerto Rico are no longer eligible for plan participation.
