Pony Bird Retirement Plan

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Pony Bird Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Pony Bird Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pony Bird Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pony Bird Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pony Bird Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Pony Bird Retirement Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PONY BIRD RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

1. Description Of The Plan

The following brief description of Pony Bird Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Pony Bird (the Company or Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

John Hancock Life Insurance Company (John Hancock) is the Plan's recordkeeper and contract issuer.

Eligibility

The Plan covers all employees of the Company who have completed 1,000 hours of service and have attained age 18. Employees enter the Plan the day eligibility requirements are satisfied.

Contributions

Participants can contribute up to 100% of annual compensation, as defined in the Plan, as either pre-tax contributions, Roth contributions, or a combination of both. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan allows for a discretionary matching contribution equal to 50% of the amounts contributed by each participant, not to exceed 4% of eligible compensation. The matching contributions amounted to \$42,388 and \$52,495 for the years ended December 31, 2021 and 2020, respectively.

The Plan also allows for discretionary contributions for employees who were active participants and had 1,000 or more service hours at any time during the Plan year. For the Plan years ended December 31, 2021 and 2020, the Company made discretionary contributions of 2% of eligible compensation. Contributions amounted to \$70,656 and \$80,465 for the years ended December 31, 2021 and 2020, respectively.

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Vesting

Participants are 100% vested in their deferral contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service. Participants vest 20% after two years of service, becoming fully vested after six years of service. Participants also become 100% vested upon reaching normal retirement age (age 65), becoming disabled or death.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses, reduce Company contributions or be reallocated to participants as a discretionary Company contribution. Forfeitures available for future use amounted to \$5,348 and \$9,538 as of December 31, 2021 and 2020, respectively. Forfeitures of \$9,041 were used to fund Company contributions for the year ended December 31, 2021. There were no forfeitures used during the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, Company contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment Of Benefits

Participants are entitled to receive the balance of their accounts upon death, total disability, retirement, or termination of employment in the form of a lump-sum. The Plan Administrator may elect to automatically distribute to terminated participants, in a lump-sum payment, balances of \$1,000 or less. If the amount is over \$1,000 but less than \$5,000, the Plan Administrator may elect to roll the vested amount into an individual retirement account (IRA) in a direct rollover.

In-Service Withdrawals

Participants who attain the age of 59-1/2 may withdrawal any portion of their vested account balance. In certain circumstances, a participant may elect a hardship distribution, as defined in the Plan Document. Hardship withdrawals will be approved only if they conform to the Plan provisions and established Internal Revenue Code (IRC) safe harbors.

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Administrative Expenses

The Plan pays certain expenses, including third party administrator and contract administration fees. All other expenses are paid by the Company.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of a variety of investment options available.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by John Hancock, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Pooled separate accounts	\$ 1,892,417	\$ 1,978,681

John Hancock also certified to the completeness and accuracy related the following investment income for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Net change in fair value of investments	\$ 220,579	\$ 278,960

4. Fair Value Measurements

The Plan follows accounting rules which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. The NAV, as provided by John Hancock, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Investments in pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Pooled separate accounts					
Income (1)	\$ 64,115	\$ 58,100	None	Daily	None
Growth & Income (2)	176,411	108,662	None	Daily	None
Growth (3)	25,189	35,986	None	Daily	None
Aggressive Growth (4)	36,862	32,244	None	Daily	None
Asset Allocation (5)	1,589,840	1,743,689	None	Daily	None
	<u>\$ 1,892,417</u>	<u>\$ 1,978,681</u>			

The investment strategies of the pooled separate accounts are as follows:

- (1) Income funds seek a high level of current income.
- (2) Growth and income funds seek long-term growth of capital. Current income is also a consideration.
- (3) Growth funds seek long-term growth of capital.
- (4) Aggressive growth funds seek long-term growth of capital consistent with prudent investment risk.
- (5) Asset allocation funds seek high total return through its target retirement date, with a greater focus on income beyond the target retirement date.

There have been no changes in the valuation methodology used at December 31, 2021 or 2020.

5. Income Tax Status

The Company uses a prototype plan document sponsored by CCH Incorporated, d/b/a FTWilliam.com. The prototype plan sponsor obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan document was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan and the related trust are tax-exempt as of the financial statement date.

PONY BIRD RETIREMENT PLAN

Notes To Financial Statements *(Continued)*

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective July 1, 2022, the Plan was restated by adopting the prototype plan document sponsored by CCH Incorporated, d/b/a FTWilliam.com. The prototype plan document received an IRS opinion letter dated June 30, 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Party In Interest Transactions

The Plan invests in pooled separate accounts managed by John Hancock. The Plan also paid John Hancock for certain administrative expenses. These transactions are considered party in interest transactions allowable under ERISA.
