Chiangpou Travis Besaw & Kershner LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

I have performed an audit of the accompanying financial statements of Chiangpou Travis Besaw & Kershner LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of Chiampou Travis Besaw & Kershner LLP 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated September 29, 2021, I indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. PLAN DESCRIPTION

The following is a brief description of the Chiampou Travis Besaw & Kershner LLP 401(k) Plan (the “Plan”) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is funded by employee and employer contributions and covers all employees of Chiampou Travis Besaw & Kershner LLP (the “Company” or “Plan Sponsor”) who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants may elect to contribute up to 100% of their compensation, as defined in the plan document. The Company may make a discretionary contribution each year. For 2021, the employer matching contribution was equal to 40% of the participant’s elective deferrals up to 5% of eligible compensation. Participants are eligible for the matching contribution on the first day of the next quarter subsequent to hire. This employer matching contribution is referred to as a basic matching contribution. The Company announced the basic matching contribution will increase from 40% to 60% of the participant’s elective deferral up to 5% of eligible compensation effective January 1, 2022, and then increase from 60% to 80% of the participant’s elective deferral up to 5% of eligible compensation effective January 1, 2023. The Company may also make discretionary profit sharing contributions. Participants eligible for the discretionary profit sharing must complete six months of service and be employed on the last day of the plan year to be eligible for the Company’s matching contribution. Discretionary basic matching contributions and profit sharing contributions amounted to \$276,060 for the year ended December 31, 2021, of which \$20,393 will be funded from forfeited accounts.

All contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants direct all contributions into various investment options available under the Plan. If an election is not made by the participant, then elective deferrals will be directed in a default investment.

Vesting – Participants are immediately vested in their voluntary contributions and the earnings thereon. Vesting in the basic matching contribution and the discretionary profit sharing contributions, and earnings thereon, are based on a graded vesting schedule with participants 100% vested after six years.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000, or up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participants can only have one loan outstanding from the Plan at any one time. Generally, loan terms may not exceed five years unless the loan qualifies as a home loan, as defined. The loan interest rate determined on the date of the loan request will be computed on the basis of prime rate plus 2%. Principal and interest are paid through regular payroll deductions.

Forfeitures – Participants not fully vested in employer discretionary contributions upon separation from the Company, as defined in the Plan document, forfeit their non-vested balances, which may be used to pay administrative expenses or reduce amounts otherwise required to be contributed to the Plan, as defined. There were \$20,393 and \$10,225 of forfeitures available at December 31, 2021 and 2020, respectively.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and an allocation of the employer contributions and Plan earnings. Allocations of earnings are based on participant account balances.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall become 100% vested and entitled to the amount of their account at the date of such termination.

Payment of Benefits – Benefits are determined by the final value of the participant’s account at the time of retirement, termination, disablement or death and are paid as lump-sum distributions. Employees are eligible for retirement at age 55. Distributions are also permitted in the event of financial hardship, as defined by the Plan. In addition, the Plan also allows for in-service distributions once a participant has attained the age of 59 1/2 years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Market Risk Factors — The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events – Plan management has evaluated the effects of subsequent events through September 22, 2022, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

Beginning in March 2020, the financial markets experienced significant volatility due to the coronavirus COVID-19 pandemic. While the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing, it could impact the volatility of the Plan's investments and Plan assets. The impact to participants would be dependent on the timing of distributions and the related share price of investments held at the distribution date.

3. FAIR VALUE MEASUREMENTS

The Plan follows the guidance of accounting standards that established a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identified three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2021 and 2020:

Registered Investment Companies – Valued based on the daily quoted market price available on an active market, which represents net asset values of the shares held by the Plan at year end.

Collective Investment Trust – The fair value of participation units held in the MetLife Stable Value Solutions Fund, a common/collective trust (CCT) is based on net asset value, as reported by the manager of the collective trust fund, Wilmington Trust Company. The net asset value is used as a practical expedient to estimate fair value. The CCT invests in the MetLife Group Annuity Contracts, which consist of separately managed investment portfolios in fixed income securities, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. Generally, the CCT provides for daily redemptions of participant-directed distributions by the Plan at reported net asset value. Certain other limitations on distributions and withdrawals may exist for up to twelve months as described in the declaration of trust.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table summarizes the Level 1 assets of the Plan for which fair values are determined on a recurring basis at December 31, 2021 and 2020, respectively:

		December 31,	
		2021	2020
Registered investment companies	Level 1	\$ 15,046,549	\$ 12,050,999
Collective investment trust	(a)	<u>820,532</u>	<u>901,798</u>
		<u><u>\$ 15,867,081</u></u>	<u><u>\$ 12,952,797</u></u>

- (a) The collective investment trust is measured at net asset value and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There were no unfunded commitments at December 31, 2021 and 2020.

4. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan activities and investments are administered by P&A Retirement Plan Services, Inc. (“P&A Group”) and Matrix Trust Company. P&A Group is the third party administrator and Matrix Trust Company is the custodian. Therefore, these transactions qualify as party-in-interest transactions. Certain employees and/or officers of the Plan Sponsor perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants qualify as party-in-interest transactions.

Investment advisory services for the Plan are performed by Landmark Wealth Management, an affiliate of the Plan Sponsor. Fees paid by the Plan for these services amounted to \$75,972 for 2021.

5. INCOME TAX STATUS

The Plan adopted a document sponsored by P&A Retirement Plan Services, Inc. (“P&A Group”). P&A Group received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan’s qualified status. Accordingly, no provision for income taxes has been included in the accompanying financial statements. Plan management was required to restate the plan document to conform the Plan to new tax laws. The plan adopted a plan document sponsored by CCH Incorporated effective January 1, 2022. CCH Incorporated received an opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the IRC.

6. CERTIFIED INVESTMENT INFORMATION

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Matrix Trust Company and furnished to the Company. The Company has obtained certifications from Matrix Trust Company as of December 31, 2021 and 2020, and for the year ended December 31, 2021, that such information is complete and accurate.
