Independent Auditor's Report

To the Plan Administrator and Plan Participants
Lutra, LLC 401(k) Plan
Fort Collins, Colorado

Opinion

We have audited the financial statements of Lutra, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Plan Description

The following description of the Lutra, LLC 401(k) Plan (the “Plan”), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a multiple-employer defined contribution plan established by Lutra, LLC (the “Company”) on August 1, 2012. The Company is the primary adopter of the Plan; however, other employers may adopt the Plan. The Company and other adopting employers are collectively the “Participating Employers”. The Plan covers eligible employees of the Participating Employers. The Plan is established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Trustee and Administration of the Plan

Through May 31, 2021, the trustee of the Plan was Capital Bank and Trust Company (the “Former Trustee”), American Funds provided recordkeeping services and FuturePlan was the third-party administrator.

On June 1, 2021, Fidelity Management Trust Company (“Fidelity” of “Trustee”) took over the trustee and recordkeeping functions of the Plan. All assets, including notes receivable from participants, were transferred to Fidelity in June 2021. As a result of the transfer, there was a black out from May 21, 2021 to June 30, 2021.

The Trustee and Former Trustee held all assets of the Plan in accordance with the Service Agreements with the Company. The Company and investment advisor determine the appropriateness of the Plan’s investment offerings and monitor investment performance.

Restatement

As a result of the change in trustee, the Plan was restated effective June 1, 2021, onto a Volume Submitter Plan Document sponsored by Fidelity. As a result of the restatement, there were no significant changes to the Plan provisions.

Eligibility

Employees of the Participating Employers are eligible to participate in the Plan after 1 month of service and attainment of age 18. Eligible participants can enter the Plan on the first of the month coincident with or after meeting eligibility requirements. Employees that are interns or hired under a contract arrangement are not eligible to participate in the Plan. Prior service credit was allowed for certain Participating Employers, as further described in the Plan Document.

Contributions

Eligible participants can contribute to the Plan on a pre-tax or after-tax (Roth) basis up to 100 percent of their qualifying annual compensation, subject to certain IRC limitations. The Plan also

Lutra, LLC 401(k) Plan

Notes to Financial Statements

allows catch-up contributions for participants age 50 and over based on IRC limitations. Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

Participating Employers contribute a Safe Harbor matching contribution of 100 percent of the first 4 percent of eligible compensation employees contributed to the Plan.

Each Participating Employer may make an additional discretionary employer matching contribution or discretionary non-elective employer contribution. For the year ended December 31, 2021, no Participating Employers elected to make a discretionary employer matching contribution or a discretionary non-elective contribution.

Rollover contributions to the Plan can also be made from other qualified plans if certain criteria are met.

Participants' Accounts

Participants' accounts are credited with participant salary deferral (pre-tax, catch-up and Roth) contributions, rollover contributions, Safe Harbor matching contributions, discretionary employer matching and discretionary non-elective contributions and an allocation of plan earnings or losses. Participants can direct the investment of their account balances into various investment options in Mutual funds offered by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

An employee may borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of their vested account balance. Participants may not have more than two notes outstanding at any time. The note term is from 12 to 60 months, unless it is for a principal residence and then the term is from 61 to 180 months. The notes are secured by the participant's account balance and bear interest at prime plus 1 percent. Interest is fixed for the term of the note. A participant's note shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the note agreement. The note is considered to be defaulted if it is not made current by the end of the quarter following the quarter when the missed payment was due. Principal and interest are paid ratably through regular payroll deductions. The interest rate for loans outstanding at December 31, 2021 was 4.25 percent to 6.50 percent.

Vesting

Participants are 100 percent vested in their participant salary deferral contributions, rollover contributions, and Safe Harbor matching contributions and the allocated earnings thereon. Discretionary employer matching and discretionary non-elective contributions vest at 33 percent after one year of service, 67 percent after two years of service and 100 percent after 3 years of service, as defined by the Plan Document.

Lutra, LLC 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeitures can be used to pay administrative expenses or offset employer contributions. As of December 31, 2021 and 2020, there were \$29,410 and \$11,340, of forfeited and other unallocated accounts, respectively. During the year ended December 31, 2021, no forfeitures were used to pay plan expenses or offset employer contributions.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age (age 65), or disability, as defined, participants can elect to (1) receive their benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account or a partial withdrawal, (2) remain in the Plan if their vested account balance has a minimum of \$5,000, or (3) roll over the amount to another qualified retirement plan or individual retirement account. Balances less than \$5,000 are subject to mandatory distribution, as further described in the Plan Document. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan, if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Participants would become fully vested in their accounts upon termination. Participating Employers can elect to withdraw from the Plan at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds, including a money market fund, are stated at fair value as further discussed in Note 3, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee.

Interest income is recorded as earned on the accrual basis. Dividend income and capital gains is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and reinvested capital gains.

Notes to Financial Statements

Contributions

Participant contributions, related Safe Harbor matching contributions, and discretionary employer matching contributions are recognized in the period during which the Participating Employers make the respective payroll deduction from the participant's compensation. The discretionary non-elective employer contribution, if any, is recorded in the year to which the participant's compensation relates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid to participants.

Expenses of the Plan

Certain investment fees (in the form of an expense ratio) are net with investment earnings or losses of the mutual funds. Fees paid by the Plan include distribution and loan processing fees paid by participant accounts. All other expenses of maintaining the Plan are paid directly by the Company and/or the Participating Employers and are excluded from these financial statements.

3. Fair Value Measurements and Disclosures

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the daily closing price as reported by mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact

at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methodologies described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$17,484,061	\$ -	\$ -	\$17,484,061
Totals	\$17,484,061	\$ -	\$ -	\$17,484,061

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$15,523,296	\$ -	\$ -	\$15,523,296
Totals	\$15,523,296	\$ -	\$ -	\$15,523,296

4. Related Party and Party-In-Interest Transactions

Certain Plan investments were shares of mutual funds that are managed by American Funds, and are currently in shares of mutual funds managed by Fidelity. American Funds was the recordkeeper through May 31, 2021 and Fidelity is the recordkeeper effective June 1, 2021. American Funds and Fidelity receive certain fees which are paid from revenue received from the mutual funds. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Income Tax Status

The Plan adopted a Volume Submitter plan document sponsored by Fidelity for which an advisory letter was obtained from the Internal Revenue Service ("IRS") dated June 30, 2020, indicating the Volume Submitter plan document and trust are designed in accordance with applicable sections of the IRC. The Company and plan administrator believe the Plan is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust is tax-exempt. Therefore, no provision for income tax has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Concentrations, Risks and Uncertainties

The Plan invests through its mutual funds in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of December 31, 2021 and 2020 there were two investments that individually represented more than 10 percent of investments held. See the Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

7. Subsequent Events

The Company has evaluated subsequent events through **September 15, 2022**, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
