Report of Independent Auditors

To the Plan Administrator and Participants
EPOCH Senior Living 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the EPOCH Senior Living 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the EPOCH Senior Living 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the EPOCH Senior Living 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the EPOCH Senior Living 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the EPOCH Senior Living 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the EPOCH Senior Living 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion of the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following brief description of the EPOCH Senior Living 401(k) Plan, (the Plan) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

Organization and Eligibility

The Plan is a defined contribution plan, established September 1, 1998, and most recently amended and restated April 26, 2021. Employees of EPOCH Senior Living, LLC and ESL Management, LLC (the Company), including Per Diem employees, who have attained the age of 21 and thirty-days of service, except nonresident aliens who do not receive any earned income from the Company which constitutes United States source income, leased employees and employees covered by a collective bargaining agreement are eligible to participate. Effective November 19, 2021, eligible employees may begin participation in the Plan after completion of thirty-days of service (previously participants entered on the first day of each month following thirty-days of service).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. In addition, employees are allowed to withdraw funds without the IRS 10% early withdrawal penalty. Written amendments to the Plan to reflect these operational changes will be adopted later in accordance with applicable law and IRS guidance.

Contributions and Funding

Eligible employees may contribute from 1% to 75% of their annual compensation, subject to Internal Revenue Code limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions and Funding (continued)

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not “pre-tax” deferrals as defined in the Code.

Effective July 1, 2020, the Plan includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation deferred by 3% and invested in the Qualified Default Investment Alternative fund.

The Company may make a matching contribution equal to a discretionary percentage that is determined annually and is applied to the participant’s contribution up to a maximum of 10% of the participant’s eligible compensation. For the years ended December 31, 2021 and 2020, the Company elected to contribute 10% on the first 10% contributed by participants for a matching contribution not to exceed 1% of eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, allocations of the employer’s contribution, Plan earnings (losses), and administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching contributions is based on years of continuous service. A participant is 100% vested after two years of credited service.

In the event of death, permanent disability or retirement, a participant’s account becomes fully vested.

Forfeitures

If participants terminate service prior to being fully vested in the employer’s contribution account, they forfeit the amount which is not vested. Forfeitures are used to offset future employer contributions to the Plan and to pay plan expenses. The balance in the forfeiture account at December 31, 2021 and 2020, respectively, was \$959 and \$2,780. During the years ended December 31, 2021 and 2020, respectively, forfeitures of \$9,178 and \$10,152 were used to offset employer contributions.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow from their vested account, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance and reduced by the highest loan balance over the previous twelve months. Participants must comply with loan provisions including: only one loan can be outstanding at a time, level payments of principal and interest must be repaid no less than quarterly over the term of the loan, the term of the loan must not exceed five years unless for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%.

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age. The form of payment is a lump sum.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to alter, amend or terminate the Plan by action of its Board of Managers, subject to the provisions of ERISA. In the event of termination, each participant will automatically become 100% vested in his or her account balance and distributions shall be made in accordance with the Plan document.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Investments and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fund management fees charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, fund management fees are reflected as a reduction of investment return for such investments.

Administrative Expenses

The Plan entered into fixed basis point pricing with Fidelity Workplace Services LLC. The fees related to recordkeeping services are fixed at 27 basis points through February 28, 2021 and 26 basis points effective March 1, 2021, and subject to certain offsets as described in the service agreement. These fees are billed to participant accounts quarterly. Recordkeeping fees amounted to \$39,717 and \$36,837 for the years ended December 31, 2021 and 2020, respectively.

In addition, an annual amount of \$40,000 is deducted from participant accounts pro rata on a quarterly basis for expenses associated with the Plan investment advisor. Advisor fees amounted to \$40,000 for the years ended December 31, 2021 and 2020.

Certain other expenses such as participant loan processing fees and other fees are deducted directly from participant accounts. These fees amounted to \$5,141 and \$2,737 for the years ended December 31, 2021 and 2020, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Return of Excess Contribution

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the excess contribution to the applicable participants' accounts prior to March 15, 2022 and 2021, respectively.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain 2020 financial statement amounts have been reclassified to conform with 2021 financial statement presentation.

3. Investments

All investment information and notes receivable from participants disclosed in the accompanying financial statements and schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of mutual funds, interest, dividends and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2021 and 2020.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund (Fidelity Advisor Stable Value Portfolio II) is valued at the net asset value provided by Fidelity. The net asset value is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. Redemptions are processed daily. The net asset value is used as a practical expedient to estimate fair value. There are no unfunded commitments.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Withdrawals influenced by Company-initiated events, such as in connection with the sale of a business, may result in a distribution at other than contract value. Withdrawals made in order to accommodate distributions to participants under a participating plan, whether in-service or following termination of employment may be made on any business day. Withdrawals made in order to accommodate a participant-directed exchange to another investment option under a participating plan may be made on any business day, provided that the exchange is not directed into a competing fund (money market funds or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.

Withdrawals directed by a Plan Sponsor must be preceded by a twelve-month written notice to the Trustee; provided, however, that the Trustee may, in its discretion complete any such plan-level withdrawals before the expiration of such twelve-month period. There are no reserves against contract value for credit risk, contract issues or restrictions. No events are probable of occurring that might limit the ability of the Plan to transact at the daily value of the Fidelity Advisor Stable Value Portfolio.

The average yield based on actual earnings of the underlying investments in the Fidelity Advisor Stable Value Portfolio II was 1.69% and 1.81% at December 31, 2021 and 2020, respectively.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2021.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,216,064			\$ 16,216,064
Total assets in the fair value hierarchy	\$ 16,216,064			16,216,064
Common collective trust fund *				302,756
Total investments at fair value				\$ 16,518,820

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2020.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,665,877			\$ 15,665,877
Total assets in the fair value hierarchy	\$ 15,665,877			15,665,877
Common collective trust fund *				252,857
Total investments at fair value				\$ 15,918,734

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

Certain plan investments are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the plan trustee. In addition, Fidelity Workplace Services, LLC is the plan recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

EPOCH Senior Living 401(k) Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (COVID-19 pandemic). On March 11, 2020, the WHO classified the outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. As a result, the Plan's investment portfolio experienced significant fluctuations in fair value during the year ended December 31, 2021. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Company continues to monitor the ongoing impact of the COVID-19 Pandemic.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Fidelity Management & Research LLC. The non-standardized pre-approved profit-sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020. The difference relates to the recording of the fair value of the Fidelity Advisor Stable Value Fund in the Form 5500, accrued contributions and return of excess employee contributions.

	2021	2020
Net assets available for benefits, per Form 5500	\$ 16,659,383	\$ 16,010,417
Participant contributions receivable	16,586	14,227

Net assets available for benefits, per financial statements	<u>\$ 16,642,111</u>	<u>\$ 16,001,778</u>

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2021:

Net increase per the Form 5500	\$ 648,966
Add: participants' contributions receivable at December 31, 2021	16,586
Add: employer contributions receivable at December 31, 2021	1,461
Less: FSP adjustment at December 31, 2021	(3,138)
Less: return of excess contributions at December 31, 2021	(32,181)
Less: participants' contributions receivable at December 31, 2020	(14,227)
Less: employer contributions receivable at December 31, 2020	(1,163)
Add: FSP adjustment at December 31, 2020	9,174
Add: return of excess contributions at December 31, 2020	14,855
Net increase per the financial statements	<u>\$ 640,333</u>

9. Subsequent Events

The Company has evaluated all subsequent events through September 7, 2022, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
