COLUMBUS OPHTHAMOLOGY ASSOCIATES 401(k) PLAN

NOTES TO THE FINANCIALS STATEMENTS

Note 1 - Description of Plan

The following description of the Columbus Ophthalmology Associates (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is an amendment and restatement of a previously established qualified plan of the Company, which was originally effective January 1, 2005. The effective date of the amendment and restatement is January 1, 2020. The Plan is a defined contribution plan covering all eligible employees. All employees are eligible except those who work less than 20 hours per week, are enrolled as a student sponsored by the Company or are classified as leased employees. Eligible employees enter the Plan on the first day of the month following the date that eligibility requirements have been met. Company contributions are credited to all eligible employees regardless of the amount of service they complete during the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Contributions - Plan participants' total deferrals in any taxable year may not exceed a dollar limit, which is set by law at \$19,500 with a \$6,500 catch-up for participants 50 years and over in 2021. The Plan allows the Company to make discretionary contributions. The Company may change the percentage for matching contributions each payroll period. The Company matched 100% of employee contributions on the first 3% of compensation deferred.

Additional profit sharing amounts may be contributed at the option of the Company's board of directors and allocated to the participants' self-directed accounts. Contributions are subject to certain limitations. There were no profit sharing contributions approved or paid in 2021.

Participant Accounts - Each participants' account will be credited with (a) their salary deferrals, (b) Company matching contributions, if any, (c) earnings on directed investments, and (d) forfeitures of terminated participant's non-vested accounts. Forfeitures will reduce the required matching contribution of the Company. Company matching contributions will be allocated in the same manner as participant salary deferrals. Allocations of Company discretionary contributions and forfeitures are based upon the participant's eligible compensation for the Plan year, relative to the total of all participants' eligible compensation for the Plan year.

Vesting - The participants become vested in Company contributions based upon the number of years of continuous service. A participant is 100 percent vested after 6 years of continuous service, upon death or becoming disabled. The participant is always 100 percent vested in their salary deferral contributions.

Forfeitures - Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan contribution portion of their accounts. Such forfeitures are first used to reduce the Plan's contributions to the Plan. Any remaining forfeitures may be used to pay administrative expenses of the Plan. At July 14, 2021 forfeited non-vested accounts totaled \$0.

NOTES TO THE FINANCIALS STATEMENTS

Note 1 - Description of Plan— Continued

Administrative expenses - Certain recordkeeping fees are charged directly to the participants' accounts then transferred to and paid from the Plan's revenue account. Fees incurred by the Plan for the investment management services and certain participant recordkeeping fees are included in net appreciation (depreciation) in fair value of investments, because they are paid through revenue sharing, rather than a direct payment from the Plan.

Distribution of Participants' Accounts - The following schedule reflects the options available to the Administrative Committee relative to distribution of participants' accounts:

- Upon termination of services (other than retirement, disability or death), the distribution of the participant's account will normally be deferred until the next valuation date. The distribution will be made in a lump sum. If the value of the participant's account is \$5,000 or less, the account balance will be distributed as cash if another option is not chosen by the participant within a reasonable time after separation of service.
- Upon death, the participant's account will be distributed to their beneficiary in a single lump-sum, or the beneficiary may elect to receive the distribution from the Plan in the form of an annuity and the installments cannot be over a period more than the beneficiaries life expectancy; and
- Upon retirement, the distribution of the participant's account may be made in a lump sum or in equal annual installments over a period not to exceed the participant's life expectancy.
- In-service withdrawals, including hardship withdrawals, may be available as defined by the Plan document. A participant making a hardship withdrawal is ineligible to contribute to the Plan for the next six months from the date of receipt of the withdrawal.

Note 2 - Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the liquidation basis of accounting .

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Management's Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires the use of management's estimates. Actual results may differ from the estimates.

COLUMBUS OPHTHAMOLOGY ASSOCIATES 401(k) PLAN

NOTES TO THE FINANCIALS STATEMENTS

Note 2 - Accounting Policies— Continued

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Benefit Payments

Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Fair Value Measurement section for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of March 14, 2021 and December 31, 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Fair Value Measurements

FASB ASC 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

(Continued)

COLUMBUS OPHTHAMOLOGY ASSOCIATES 401(k) PLAN

NOTES TO THE FINANCIALS STATEMENTS

Note 2 - Accounting Policies— Continued

Fair Value Measurements - Continued

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the period.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Organization at year end. These investments use Level 1 inputs.

Common/collective trusts: NAV calculated by the fund manager based on the underlying investments. This investment uses Level 2 inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>2021</u>	Total	Level 1	Level 2	Level 3
Mutual funds		\$ -	\$ -		\$ -
Common/collective trusts		-	-	-	-
		<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

NOTES TO THE FINANCIALS STATEMENTS

Note 3 - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ -	\$ 5,058,561
Common/collective trusts	-	42,613
Notes receivable from participants	-	35,406
	<u>\$ -</u>	<u>\$ 5,136,580</u>

The net appreciation (depreciation) in fair value of investments at quoted market prices, \$502,620 and \$352 were attributed to mutual funds and common/collective trusts, respectively, for the period ended July 14, 2021.

Note 4 - Federal Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 5 - Future of the Plan

The Board of Directors of the Columbus Ophthalmology Associates, the plan's sponsor, voted on February 28, 2021 to terminate the plan. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2021 financial statements.

All participants became 100% vested in their employer contributions as of February 28, 2021.

NOTES TO THE FINANCIALS STATEMENTS

Note 6 – Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of mutual funds and a common trust fund managed by an affiliate of Ascensus, LLC (Ascensus). Ascensus is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest. All of these, party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Participant loans are available to participants. Related transactions qualify as party in interest transactions.

Fees paid to the Plan for record keeping services amounted to \$20,006 for the period ended July 14, 2021. The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged.

Note 7 - Subsequent Events

Management has reviewed all events subsequent to July 14, 2021, to assess the need for potential recognition or disclosures in the financial statements. Such events were evaluated through August 31, 2022, the date these financial statements were available to be issued. Based upon this evaluation, it was determined that no other subsequent events occurred that require recognition or additional disclosure in the financial statements.
