INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
VisionCorps Tax Shelter Annuity Plan
Lancaster, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the **VisionCorps Tax Shelter Annuity Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of **VisionCorps Tax Shelter Annuity Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **VisionCorps Tax Shelter Annuity Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **VisionCorps Tax Shelter Annuity Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **VisionCorps Tax Shelter Annuity Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of or for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **VisionCorps Tax Shelter Annuity Plan**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information certified by a qualified institution. In our report dated July 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information presented were in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

VisionCorps
Tax Shelter Annuity Plan
NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of the PLAN

The following brief description of the **VisionCorps Tax Shelter Annuity Plan** (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a tax shelter annuity plan under IRC section 403(b) covering all full-time employees of VisionCorps (Plan Sponsor) and VisionCorps Foundation (Foundation), a controlled related affiliate. The Foundation is a controlled affiliate of VisionCorps because VisionCorps' Board of Directors appoints the members of the Board of Trustees of the Foundation. VisionCorps is also the sole member of VisionCorps Foundation. Employees are eligible to defer contributions into the Plan and receive employer matching contributions as of the employees' date of employment. The Plan also allows for employer discretionary (non-elective) contributions to eligible employees, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 30, 2021, VisionCorps Foundation, a previously controlled related affiliate, merged with the VisionCorps. As the Plan previously covered all full-time employees of VisionCorps and VisionCorps Foundation, the merger does not have a significant impact on the plan.

The Plan was impacted by regulatory changes related to the Setting Every Community Up for Retirement Enhancement (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act. These recent legislative updates were not included in the latest Plan restatement and will require future amendment to the Plan.

Participant Accounts

A record-keeping account is established in each participant's name. Participant contributions, employer contributions, and investment earnings are added to the account. Distributions to the participant, investment losses, and transactional expenses are deducted. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant directs the investment of his or her account balance.

Contributions

Participants may contribute up to the maximum percentage of compensation and dollar amounts permissible under Code Section 402(g). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. In addition, the employer contributes matching safe harbor contributions to the Plan equal to 100% of participant salary deferrals up to 6% of their compensation. The employer matching contributions amounted to \$362,199 and \$323,274 for the years ended December 31, 2021 and 2020, respectively.

There were no employer discretionary contributions made during the years ended December 31, 2021 and 2020.

In addition, certain catch-up contributions may be permitted. Catch-up contributions under Code Section 414(v) are permitted for participants age 50 and older. Catch-up contributions under Code Section 402(g)(8) are permitted for participants with at least fifteen years of service up to a lifetime maximum of \$15,000.

NOTE 1 - DESCRIPTION of the PLAN (Continued)

Forfeitures

Plan forfeitures are used to reduce employer contributions and may be used to pay eligible administrative expenses of the Plan. The unallocated forfeitures at December 31, 2021 and 2020, were \$9,567 and \$10,263, respectively. For the years ended December 31, 2021 and 2020, \$10,875 and \$10,665 of unallocated forfeitures were used to pay eligible administrative expenses of the Plan.

Vesting

Participants shall be fully vested in their 403(b) deferral and employer match account balances at all times.

Participants shall be vested in their employer discretionary contribution account balance as follows:

Years of Service	Vesting Percentage
Less than 2	0
2	20
3	40
4	60
5	80
6	100

For vesting purposes, a year of service must include at least 1,000 hours of service.

Payment of Benefits

On termination of service due to retirement, disability, death, or termination of employment, distributions shall be made at the participant's election. The participant may elect to receive the value of their vested interest in the form of a lump-sum payment only.

Distribution of account balances less than \$5,000 (including any rollover account balances) may be made without the participant's consent.

A participant may also receive an in-service distribution upon reaching age 59½, or have reached normal retirement age, and continue to be employed.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

VisionCorps
Tax Shelter Annuity Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. The remaining administrative costs are allocated to the Plan. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account balance of each affected participant shall be 100% vested and nonforfeitable. The amount of the fund assets shall be allocated to each participant subject to provisions for expenses of administration of the liquidation, in the ratio that such participant's account bears to all accounts.

NOTE 4 - INFORMATION PREPARED and CERTIFIED by the CUSTODIANS

The following information was certified as complete and accurate by the custodians, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2021	2020
Investments at Fair Value:		
Registered Investment Companies	7,730,554	6,501,415
Investments at Contract Value:		
Guaranteed Annuity Contract	409,582	281,426

Investment income for the years ended December 31, 2021 and 2020, totaled \$927,217 and \$899,784.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

VisionCorps
Tax Shelter Annuity Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	7,730,554	-0-	-0-	7,730,554

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	6,501,415	-0-	-0-	6,501,415

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2021 and 2020.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT with INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company as of, and for the years ended December 31, 2021 and 2020. The investment contract is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for contributions to the Plan and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is included in the face of the statements of net assets available for benefits at contract value. With this investment, most participant transactions are executed using contract value without adjustment.

VisionCorps
Tax Shelter Annuity Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 6 - GUARANTEED INVESTMENT CONTRACT with INSURANCE COMPANY (Continued)

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan Sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the United States Federal Reserve Website and prevailing market conditions. The effective interest rate is guaranteed to never be less than 1%, and the interest crediting rate is reset annually.

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants or the issuer are probable of occurring.

NOTE 7 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

Certain Plan investments include a guaranteed annuity contract and registered investment companies that are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC are custodians as defined by the Plan and, therefore, transactions with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC qualified as party-in-interest transactions. The value of the investments managed by the custodians totaled \$483,487 and \$332,401 at December 31, 2021 and 2020, respectively. Administrative fees paid to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC by the Plan during the Plan years ended December 31, 2021 and 2020, totaled \$48,136 and \$36,554, respectively.

Additionally, the Plan paid audit fees to Trout CPA, for the years ended December 31, 2021 and 2020. These transactions qualify as party-in-interest transactions. Fees paid during the years ended December 31, 2021 and 2020, for audit services rendered by parties-in-interest were based on customary and reasonable rates for such services and are included as deductions for administrative expenses on the statements of changes in net assets available for benefits.

VisionCorps
Tax Shelter Annuity Plan
NOTES to FINANCIAL STATEMENTS
(Continued)

NOTE 9 - TAX STATUS

The Plan obtained its latest advisory letter on March 31, 2017, in which the Internal Revenue Service stated that the volume submitter plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the advisory letter. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of the years ended December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 16, 2022, which represents the date the financial statements were available to be issued.
