Plan Administrator
Sayers 401(k) Plan
Vernon Hills, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Sayers 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Sayers 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sayers 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sayers 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sayers 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are

presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Sayers 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Sayers 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of Sayers 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Sayers Technology Holdings, Inc. (Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Eligibility

An employee becomes eligible to participate in the Plan on the first day of the month coinciding with or next following the completion of one hour of service within the three-month period following the employee's date of hire. If this service requirement is not met, an employee must complete a year of service, as defined. To be eligible for an employer nonelective contribution, a participant must be 21 years of age, complete one year of service, as defined, and be employed on December 31 unless terminated due to retirement, disability or death. The entry dates for employer nonelective contributions are January 1 and July 1.

Contributions

Participants may make pre-tax and Roth contributions up to 90% of eligible compensation, not to exceed the amount allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a safe harbor matching contribution in an amount equal to 100% of the first 3% of contributed compensation and 50% of the next 2% of contributed compensation. The Company may also make an additional discretionary employer matching contribution or a discretionary employer nonelective contribution, neither of which were elected for the years ended December 31, 2021 and 2020.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative

Sayers 401(k) Plan

Notes to Financial Statements

expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and safe harbor employer matching contributions plus earnings thereon. Vesting in the Company's discretionary contributions, plus earnings thereon, is based on years of credited service. A participant is fully vested after six years of credited service, or upon death, disability or attainment of retirement age. The Company's matching contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes Receivable From Participants

Participants may borrow from their accounts a minimum amount of \$1,000 not to exceed 50% of their vested account balance. The maximum aggregate dollar amount of loans outstanding may not exceed \$50,000 per participant. The notes are secured by the balance in the participant's account and bear interest at 5.25% - 7.50% at December 31, 2021, which is commensurate with local prevailing rates at the time of the loans. Principal and interest are paid ratably through monthly payroll deductions and are payable within five years, except for loans used to acquire a principal residence, which are payable within 10 years.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum or installment payments equal to the participant's vested account balance. The plan administrator may distribute terminated participants' account balances that are less than \$1,000 in a lump sum without the participant's consent. The plan administrator may transfer terminated participants' account balances that are at least \$1,000 but less than \$5,000 into an individual retirement account without the participant's consent.

In March 2020, the Company implemented the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period,

with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Forfeited Accounts

Forfeitures of nonvested Company contributions and earnings thereon are used to reduce future Company contributions and pay administrative expenses. At December 31, 2021 and 2020, there were \$13,743 and \$13,601, respectively, of unallocated forfeitures. In 2021 and 2020, \$922 and \$188, respectively, of forfeitures were used to reduce the Company's contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts net assets, changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in registered investment companies are valued at quoted market prices.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Administrative Expenses

Certain expenses of administering and operating the Plan are paid by the Company. The Plan pays certain administrative expenses and transaction costs related to participant loans and investment fees. Investment fees are included in net appreciation in fair value of investments of the investments.

Revenue Sharing

The Plan recognizes the income from revenue-sharing agreements when received. During 2021 and 2020, the Plan received \$11,037 and \$7,031, respectively, of revenue sharing. During 2021 and 2020, \$2,423 and \$1,449, respectively, was used to pay expenses for professional and investment management and advisory services. There were no unused revenue sharing amounts at December 31, 2021 and 2020.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the 2021 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

Sayers 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of shares of registered investment companies is determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Sayers 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Fair Value		
December 31, 2021				
Registered investment companies	\$ 18,682,632	\$ 18,682,632	\$ -	\$ -
December 31, 2020				
Registered investment companies	\$ 15,728,183	\$ 15,728,183	\$ -	\$ -

Note 5: Party-in-interest Transactions

Certain plan investments are shares of registered investment companies managed by American Funds, an affiliate of the trustee, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for professional services rendered by parties-in-interest during 2021 and 2020 were \$2,423 and \$1,449, respectively, before the effect of revenue sharing amounts of \$11,037 and \$7,031, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, each participant will be fully vested in the value of their account.

Note 7: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by American Fund Distributors Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan administrator believes the Plan is currently designed and

Sayers 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Note 8: Risks and Uncertainties

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
