New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Médecins Sans Frontières USA, Inc. Doctors Without Borders USA, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021, and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedules of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following brief description of the Médecins Sans Frontières USA, Inc. Doctors Without Borders USA, Inc. (MSF USA or Employer) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan.

General

The Plan is a defined contribution pension plan covering substantially all MSF USA United States-based employees who are United States citizens or resident aliens and not interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees are eligible to participate in the Plan on their date of hire through voluntary payroll deductions up to the lesser of 85% of their salaries or \$ 19,500 for 2021 and (\$26,000 if age 50 or over). For the period January 1, 2020 through June 30, 2020, MSF USA matched each contribution up to \$1,200. The Plan was restated effective July 1, 2020. As part of that restatement, the matching contribution was increased to \$1,400. MSF USA also provides a yearly 3% safe harbor nonelective contribution and may make a yearly discretionary nonelective contribution. In 2021, the yearly discretionary nonelective contribution amounted to \$471,802, which was paid into the Plan during 2022. In 2020, the yearly discretionary nonelective contribution amounted to \$500,953, which was paid into the Plan during 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant Accounts

Participants are provided a selection of mutual funds in which to invest contributions. Each participant's account is credited with the contributions described above. Earnings are credited to each participant's account, which are distributed by the respective mutual funds. Each investment account is revalued daily on the basis of fair market value. The Plan earnings for the year are allocated to each participant on a pro-rata basis according to each participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes Receivable from Participants

Participants can borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account. The loans bear an interest rate equal to 2% above the USA Today prime rate at the time the loan was initiated. Interest rates for outstanding loans as of December 31, 2021 and 2020 ranged from 5.25% to 7.50%. The maximum term of each loan is five years unless used to purchase a primary residence, which can be up to 15 years. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeited non-vested contributions in the amounts of \$166,588 and \$39,937 during the years ended December 31, 2021, and 2020, respectively, were used to reduce employer contributions by MSF

**Médecins Sans Frontières USA, Inc.
Doctors Without Borders USA, Inc. 401(k) Plan**

Notes to Financial Statements

USA to the Plan. Contributions to and income earned by the forfeiture account totaled \$58,245 and \$129,301 for 2021 and 2020 respectively. The balance in the forfeitures account was \$44,602 and \$152,945 at December 31, 2021 and 2020, respectively.

Vesting

Participant's and employer's safe harbor nonelective contributions are fully vested at all times with respect to their contributions. Employer matching contributions are 50% vested at the end of the first year and 100% vested at the end of the second year of a participant's employment with MSF USA.

Payment of Benefits

A participant's vested benefits will normally be distributed to the participant or the participant's beneficiary upon retirement, attaining the age of 59½, separation from service, hardship, disability or death of the participant. If the vested benefit in the Plan does not exceed \$5,000, then such distributions will be in one lump-sum cash payment. Otherwise, the distribution may be in one lump-sum cash payment or in monthly, quarterly or annual installments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

The Plan holds funds in the Mid Atlantic Master Cash Account which do not bear interest and, therefore, are presented separately from total investments, at fair value.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes to Financial Statements

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the Plan administrator will offset the participant's vested account balances by the outstanding balance of the loan to the extent of permissible offset. Pending final disposition of the note, the participant remains obligated for any unpaid principal and accrued interest.

Administrative Expenses

Certain expenses of the Plan are paid directly by the Plan. Administrative expenses paid by MSF USA are excluded from these financial statements. Transaction fees, such as distribution, withdrawal and investment buying or selling fees are paid by the Plan and charged directly to the participants' account balances. Investment-related expenses are included in net appreciation in fair value of investments.

3. Risks and Uncertainties

The Plan is invested in various investment securities that are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Dubuque Bank & Trust Co, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income (loss), net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Doctors Without Borders USA, Inc. 401(k) Plan**

Notes to Financial Statements

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Funds

The fair value of this investment is based upon the quoted price in active markets therefore, the money market fund is considered to be a Level 1 asset.

Mutual Funds

These investments are public investment securities valued using the net asset value (NAV) provided by the trustee. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted in an active market. Mutual funds are considered to be a Level 1 asset.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, summarize the Plan's investments that are measured and recorded at fair value:

December 31, 2021

	Level 1		Total
Money Market Funds	\$	911,976	\$ 911,976
Mutual funds	\$	51,130,773	\$ 51,130,773
Investments, at fair value	\$	52,042,749	\$ 52,042,749

December 31, 2020

	Level 1		Total
Mutual funds	\$	44,408,146	\$ 44,408,146
Investments, at fair value	\$	44,408,146	\$ 44,408,146

6. Plan Termination

Although it has not expressed any intent to do so, MSF USA has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

MSF USA may reduce or suspend employer matching, safe harbor, or discretionary contributions upon satisfaction of certain requirements, including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Plan is operating under a prototype non-standardized 401(k) profit-sharing plan prepared by Dubuque Bank & Trust Co. The prototype plan obtained its latest opinion letter, dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan administrator and the Plan's advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Exempt Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by the Dubuque Bank & Trust Company or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to Dubuque Bank & Trust Company by participants. The Plan paid for third party administrator fees, investment advisory, and plan audit fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules

9. Subsequent Events

Plan management has performed subsequent event procedures through June 24, 2022, which is the date the financial statements were available to be issued, and there were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein.
