INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Pro-Tec Fire Services, LTD. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Pro-Tec Fire Services, LTD. Retirement Savings Plan, ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PRO-TEC FIRE SERVICES, LTD. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Pro-tec Fire Services, Ltd. Retirement Savings Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through August 16, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Key parties of the plan - Pro-Tec Fire Services, Ltd. is the plan sponsor/employer and plan administrator. ADP, LLC ("ADP") is the third party administrator, recordkeeper and tax counsel that performs various compliance tests. Reliance Trust Company ("Reliance") is the plan trustee that holds custody of plan assets and maintains participant investment records. Packerland Brokerage ("Packerland") is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV"), and are deemed to be actively traded.

Common/collective trusts - Valued at the NAV based on units of the common/collective trusts. The common/collective trusts held by the plan are all individual direct filing entities. The NAVs, as provided by Reliance, are used as practical expedients to estimate fair value. The NAVs are generally based on the fair values of the underlying investments held by the common/collective trust less their liabilities. The practical expedients would not be used if it would be determined to be probable that the common/collective trusts would sell the investments for amounts different than the reported NAVs.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$1,629,135	\$ -	\$ -	\$1,629,135
Total investments in the fair value hierarchy	<u>\$1,629,135</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,629,135</u>
Investments measured at NAV (a)				3,294,915
Total investments at fair value				<u>\$4,924,050</u>

Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$1,500,831	\$ -	\$ -	\$1,500,831
Total investments in the fair value hierarchy	<u>\$1,500,831</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,500,831</u>
Investments measured at NAV (a)				3,042,857
Total investments at fair value				<u>\$4,543,688</u>

(a) In accordance with GAAP, certain investments that are measured at the NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV as a practical expedient. Participant transactions (purchases and sales) for these transactions may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 1993 as a defined contribution plan with a 401(k) deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed three months of service and have reached age twenty-one. An employee can enter the plan on the first day of the month following meeting the eligibility requirements.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute up to 90% of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer safe harbor matching contributions are made equal to 100% of the first 3% and 50% of the next 2% of eligible compensation contributed by the employee as elective deferral contributions. Prior to January 1, 2020, employer matching contributions were made equal to 60% of the first 5% of eligible compensation contributed by the employee as elective deferral contributions.

Participant accounts - Contributions are remitted to the trustee who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral, rollover and safe harbor matching contributions and related earnings. Participants begin vesting in any employer matching contributions upon one year of service, at which time they are 33% vested. The participant then vests at a rate of 33% per year until they are fully vested after three years of service. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability, or retirement. Participants normally receive their distribution in the form of a single lump sum payment. Partial distribution options are available for in-service withdrawals and participants that require minimum distributions in accordance with Internal Revenue Service requirements. In-service withdrawals can commence upon attaining the age of 59 ½. In addition, hardship withdrawals are permitted by the plan in certain circumstances. Certain benefit payments withdrawn in 2020 were considered Coronavirus-related distributions. These distributions were allowed through December 31, 2020 as a result of the plan adopting certain provisions provided under the Coronavirus Aid, Relief, and Economic Securities ("CARES") Act. The CARES Act allows participants up to three years to redeposit the withdrawn amounts into a qualified retirement account in order to avoid the mandatory tax liability required on early distributions.

Forfeitures - Forfeited non-vested employer contributions are used to pay plan administrative fees or reduce employer contributions. Forfeitures used to pay administrative fees, recorded as a component of administrative expenses in the accompanying financial statements were \$8,000 in 2021 and \$15,000 in 2020. Unapplied forfeitures were \$4,000 and \$10,000 as of December 31, 2021 and 2020.

Administrative expenses - Certain administrative costs of the plan are paid by the plan sponsor and excluded from these financial statements. Certain other fees are paid by the plan using plan assets and recorded as administrative expenses in the accompanying financial statements. Administrative fees paid by the plan consist of participant directed charges paid to ADP for participant loan and distribution fees, as well as non-participant directed fees for the audit. All non-participant directed fees were paid with forfeitures in 2021 and 2020.

Notes receivable from participants - Actively employed participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participants may only have two loans outstanding at any given time. The maximum loan term for a general purpose loan is five years. The loan terms may be extended if the loan proceeds are used to purchase a primary residence. Notes receivable from participants are secured by the balance in the participant's account and bear interest at rates set by the plan administrator. As of December 31, 2021, the notes receivable from participants have various repayment schedules through October 2029 with interest rates from 5.25% to 7.50%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer matching contributions and related earnings.

4. INCOME TAX STATUS

Prior to April 1, 2022, the plan was operating under the ADP, LLC Prototype Non-standardized Profit Sharing Plan, which received its most recent favorable opinion letter on October 6, 2020. Effective April 1, 2022, the plan was restated and adopted the ADP Non-standardized Contribution Pre-approved Plan, which received a favorable opinion letter dated October 6, 2020. The opinion letters received from the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator believes that the plan is and always has been designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor, ADP, Reliance and Packerland qualify as party-in-interest transactions. ADP acts as the billing and collection agent for certain fees, which are then remitted to Reliance and Packerland. Reliance and Packerland do not charge the plan directly for services provided. Direct administration expenses paid to ADP by the plan were \$11,000 in 2021 and \$19,000 in 2020. Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY RELIANCE

Management has obtained certifications from Reliance, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2021 and 2020;
- b. Dividends from investments and net appreciation (depreciation) in fair value of investments during 2021 and 2020; and
- c. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts during 2021 and 2020.
