INDEPENDENT AUDITOR'S REPORT

To the Retirement Benefits Committee and participants of the
Batson-Cook Company 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Batson-Cook Company 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Batson-Cook Company 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of Batson-Cook Company and its affiliated companies (collectively, the Company) who have completed 3 months of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on November 1, 1955.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 60% of eligible compensation, as defined by the Plan document, not to exceed a maximum of $19,500 for 2021, plus an additional $6,500 catch-up deferral for participants age 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Upon satisfying the eligibility requirements, employees are automatically enrolled in the Plan at 1% of eligible compensation, unless the employee elects otherwise. The automatic contribution rate will increase by 1% each July 1 up to a maximum of 6% of eligible compensation, unless the employee elects otherwise. The automatic enrollment feature and contribution rate increase is not applicable for employees hired or rehired prior to November 1, 2018.

Matching contributions may be made at the discretion of the Company. During 2021, the Company made matching contributions equal to 50% of the first 6% of eligible compensation contributed by the participant.

The Company may also make non-elective contributions to the Plan to those participants who have completed at least 1,000 hours of service during the Plan year and are employed with the Company as of the end of the Plan year, or otherwise specified by the plan administrator. During 2021, there were no non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings or losses on the investments in their account, and is charged with transaction fees for services received by the participant. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions and Company matching contributions plus earnings thereon. Participants vest ratably in the Company's non-elective contributions and are 100% vested after three years of service, or upon the occurrence of total or permanent disability or death.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution or partial withdrawals. The participant's vested balance may also be withdrawn for certain hardship situations. Vested account balances less than $5,000 may be automatically distributed without participant consent upon termination of service.

Forfeited Accounts

Forfeited non-vested account balances totaled $174 and $9,938 as of December 31, 2021 and 2020, respectively. These accounts may be used to pay administrative expenses or to reduce Company contributions. In 2021, $314 of forfeitures were used to pay administrative expenses and $11,072 of forfeitures were used to reduce Company contributions.

Administrative Expenses

Certain account activity charges are paid from the accounts of the participant that incurred the charge. The Plan document permits certain administrative expenses to be paid by the Plan. These expenses related to recordkeeping services that are paid to a service provider of the Plan qualify for party-in-interest transactions. Although it is not required to do so, certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and after approval by the Retirement Benefits Committee. The Company non-elective contributions are considered payable to the Plan after approval by the Retirement Benefits Committee. Any unfunded participant or employer contributions are included as an employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 9, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and the net change in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Certain Plan investments include mutual funds and a money market fund managed by Fidelity. Fidelity is the custodian of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as interest rate, market, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds and the money market fund are valued at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in a common collective trust that can be traded daily at its net asset value (NAV). The stable value fund invests in guaranteed investment contracts (GICs) and synthetic GICs, which are valued at contract value, as well as other investments which are carried at fair value.

The stable value fund has redemption restrictions that limit the timing of withdrawals. Participant directed withdrawals may be made at any time, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, the trustee of the stable value fund reserves the right to require up to twelve months' advance notice for withdrawals directed by the Company.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Mutual funds	**$ 50,880,793**	$ 43,546,721
Money market fund	**1,145,362**	913,485
Stable value fund	**595,415**	124,470
Total investments, at fair value	**$ 52,621,570**	$ 44,584,676

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their Company contributions.

6. Income Tax Status

The Plan is a volume submitter plan created by Fidelity Management & Research Company (FMR). The Internal Revenue Service has determined and informed FMR by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since the Company received the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Benefits Committee and participants of the
Batson-Cook Company 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Batson-Cook Company 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Batson-Cook Company 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of Batson-Cook Company and its affiliated companies (collectively, the Company) who have completed 3 months of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on November 1, 1955.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 60% of eligible compensation, as defined by the Plan document, not to exceed a maximum of $19,500 for 2021, plus an additional $6,500 catch-up deferral for participants age 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Upon satisfying the eligibility requirements, employees are automatically enrolled in the Plan at 1% of eligible compensation, unless the employee elects otherwise. The automatic contribution rate will increase by 1% each July 1 up to a maximum of 6% of eligible compensation, unless the employee elects otherwise. The automatic enrollment feature and contribution rate increase is not applicable for employees hired or rehired prior to November 1, 2018.

Matching contributions may be made at the discretion of the Company. During 2021, the Company made matching contributions equal to 50% of the first 6% of eligible compensation contributed by the participant.

The Company may also make non-elective contributions to the Plan to those participants who have completed at least 1,000 hours of service during the Plan year and are employed with the Company as of the end of the Plan year, or otherwise specified by the plan administrator. During 2021, there were no non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings or losses on the investments in their account, and is charged with transaction fees for services received by the participant. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest immediately in their contributions and Company matching contributions plus earnings thereon. Participants vest ratably in the Company's non-elective contributions and are 100% vested after three years of service, or upon the occurrence of total or permanent disability or death.

Payment of Benefits

At the time of death, disability, attainment of age 59½, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution or partial withdrawals. The participant's vested balance may also be withdrawn for certain hardship situations. Vested account balances less than $5,000 may be automatically distributed without participant consent upon termination of service.

Forfeited Accounts

Forfeited non-vested account balances totaled $174 and $9,938 as of December 31, 2021 and 2020, respectively. These accounts may be used to pay administrative expenses or to reduce Company contributions. In 2021, $314 of forfeitures were used to pay administrative expenses and $11,072 of forfeitures were used to reduce Company contributions.

Administrative Expenses

Certain account activity charges are paid from the accounts of the participant that incurred the charge. The Plan document permits certain administrative expenses to be paid by the Plan. These expenses related to recordkeeping services that are paid to a service provider of the Plan qualify for party-in-interest transactions. Although it is not required to do so, certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and after approval by the Retirement Benefits Committee. The Company non-elective contributions are considered payable to the Plan after approval by the Retirement Benefits Committee. Any unfunded participant or employer contributions are included as an employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 9, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and the net change in fair value of investments for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments and Fair Value Measurements

Certain Plan investments include mutual funds and a money market fund managed by Fidelity. Fidelity is the custodian of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as interest rate, market, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, and other similar events. It is at least reasonably possible that changes in fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds and the money market fund are valued at quoted market prices for the identical security in an active market (Level 1).

The Plan invests in a stable value fund held in a common collective trust that can be traded daily at its net asset value (NAV). The stable value fund invests in guaranteed investment contracts (GICs) and synthetic GICs, which are valued at contract value, as well as other investments which are carried at fair value.

The stable value fund has redemption restrictions that limit the timing of withdrawals. Participant directed withdrawals may be made at any time, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, the trustee of the stable value fund reserves the right to require up to twelve months' advance notice for withdrawals directed by the Company.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Mutual funds	**$ 50,880,793**	$ 43,546,721
Money market fund	**1,145,362**	913,485
Stable value fund	**595,415**	124,470
Total investments, at fair value	**$ 52,621,570**	$ 44,584,676

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their Company contributions.

6. Income Tax Status

The Plan is a volume submitter plan created by Fidelity Management & Research Company (FMR). The Internal Revenue Service has determined and informed FMR by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since the Company received the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
