Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Ruby Tuesday Salary Deferral Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the 2021 Financial Statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Ruby Tuesday Inc., Salary Deferral Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by a qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(1) Description of plan

The following description of the Ruby Tuesday Salary Deferral Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

(a) General

On October 7, 2020, Ruby Tuesday, Inc. announced its filing of a voluntary petition for reorganization under Chapter 11 of the Bankruptcy Code. Ruby Tuesday announced its successful emergence from bankruptcy on February 24, 2021. Pursuant to the bankruptcy plan, effective February 24, 2021, Ruby Tuesday Operations LLC became the primary sponsor of the Plan replacing Ruby Tuesday Inc. and the Plan was renamed the Ruby Tuesday Salary Deferral Plan previously known as the Ruby Tuesday Inc. Salary Deferral Plan. In May 2021, the Plan transitioned from Wells Fargo Bank, N.A. as the trustee to Principal Financial Group ("Principal").

The Plan is a voluntary defined contribution plan covering all employees of Ruby Tuesday Operations LLC (the "Plan Sponsor" or "Company") other than union employees, leased employees and highly compensated employees. Employees are eligible to participate in the Plan after six months of service and age twenty-one or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA")

The general administration of the Plan is the responsibility of the Ruby Tuesday Plan Committee (the "Committee") which consists of at least three persons appointed by the Company's Board of Directors.

(b) Contributions

Participants may contribute up to 50% of their annual pre-tax compensation as defined in the Plan subject to certain limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and up to 10% of their annual compensation as after-tax contributions. Participants age 50 and older may contribute catch-up contributions up to limits provided by the Internal Revenue Service ("IRS"). Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2021, the Plan offered a selection of mutual funds and a stable value fund as investment options for participants.

The Company may make matching contributions equal to a discretionary percentage to be determined by the Company. For the year ending December 31, 2021, employer matching was suspended until September 1, 2021. Matching contributions are made with respect to a participant's deferrals, and is equal to 50% of the first six percent of the participant's compensation. No matching contributions are made on either catch-up or after-tax contributions. Company contributions were made in cash and are subject to IRS limits.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(c) Participant accounts

Each participant's account is credited with the participant's and Plan Sponsor's contributions as determined above. Each participant's account is credited or charged with investment earnings (losses) of the investment options selected by the participant, and an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately 100% vested in all contribution types plus any earnings or losses thereon. Effective September 2015, Company contributions are immediately vested plus any earnings or losses thereon. Prior to that time, any Company contributions were vested over a three year period.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, subject to reduction for certain prior outstanding notes receivable balances, or 50% of their vested account balance at a reasonable rate of interest, currently prime plus one percent. The notes receivable are secured by one-half of the balance in the participant's account. Notes receivable outstanding at December 31, 2021 and 2020 had interest rates ranging from 4.25% to 9.25% with maturities through 2028.

(f) Payment of benefits

On termination of service due to death, disability, retirement, or otherwise, a participant or beneficiary of a participant may elect to receive a lump-sum payment equal to his or her entire account.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts and actual earnings (losses) thereon. These amounts may be used to reduce future employer contributions and pay administrative expenses. At December 31, 2021 and 2020, there were no forfeited balances in the Plan.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and loans, account maintenance, investment management, and performance services are charged directly to the participants' accounts and are included in administrative expenses.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Group ("Principal"). See Note (4) for discussion of fair value measurements.

Net appreciation in the fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and unrealized gains and losses on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are classified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2021 and September 7, 2022, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements, noting no such transactions.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including, investments at fair value and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest on notes receivable from participants was obtained or derived from information supplied to the plan administrator and certified as complete and accurate. As of December 31, 2020, and for the period January 1, 2021 through May 31, 2021, a certification was provided by Wells Fargo Bank, N.A. as of December 31, 2021 and for the period May 21, 2021 through December 31, 2021, a certification was provided by Principal.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting standards Codification ("ASC") 820, Fair Value Measurement, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Stated at fair value based on quoted market prices on the last business day of the plan year.

Common/collective trust: Stated at fair value based on the net asset value of the underlying assets owned by the fund. The trust consists of a stable value fund that is comprised primarily of fully benefit-responsive investment contracts. Net asset values are reported by the fund and are supported by the unit prices of actual purchases and sales transactions occurring as of or close to the financial statement date. Net asset value is a readily determinable fair value and is the basis for current transactions. The statements of net assets available for benefits present the fair value of the investment contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements as of December 31, 2021 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 26,973,891	\$ -	\$ -	\$ 26,973,891

Total investments at fair value	<u>\$ 26,973,891</u>	<u>\$ 2,109,382</u>	<u>\$ -</u>	<u>\$ 29,083,273</u>

Fair Value Measurements as of December 31, 2020 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 28,276,190	\$ -	\$ -	\$ 28,276,190

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

The Plan has \$2,109,382 and \$2,889,407 of investments in a stable value fund as of December 31, 2021 and 2020, respectively, which are reported at fair value. The Plan has concluded that the net asset value reported by the underlying fund approximates the fair value of the investment. The investment has no unfunded commitments and is redeemable with a 12-month notification period at net asset value under the original terms of the partnership agreements and operations of the underlying fund. However, it is possible that these redemption rights may be restricted or eliminated by the fund in the future in accordance with the underlying fund agreement. Due to the nature of the investments held by the fund, changes in market conditions and the economic environment may significantly impact the net asset value of the fund and, consequently, the fair value of the Plan's interests in the fund. Furthermore, changes to the liquidity provisions of the fund may significantly impact the fair value of the Plan's interest in the fund.

Although a secondary market exists for the investment, it is not active and individual transactions are typically not observable. When transactions occur in this limited secondary market, they may occur at discounts to the reported net asset value. Therefore, if the redemption rights in the fund were restricted or eliminated and the Plan were to sell the investment in the secondary market, it is reasonably possible that a buyer in the secondary market may require a discount to the reported net asset value, and the discount could be significant.

There were no transfers within the fair market value hierarchy in 2021 or 2020.

(5) Income tax status

The Plan obtained a favorable determination letter on February 18, 2016, in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Fees paid by the Plan for investment management services amounted to \$221,750 for the year ended December 31, 2021, which qualify as party-in-interest transactions under ERISA. The Plan holds notes receivable from participants, which also qualify as party-in-interest transactions.

RUBY TUESDAY SALARY DEFERRAL PLAN

Notes to the Financial Statements

(7) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 29,413,500	\$ 31,690,095
Deemed distributions	<u>(13,460)</u>	<u>(32,083)</u>
Net assets available for benefits per the Form 5500	\$ <u>29,400,040</u>	\$ <u>31,658,012</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

	<u>2021</u>
Change in net assets available for benefits per the financial statements	\$ (2,276,595)
Deemed distribution activity	<u>18,623</u>
Change in net assets available for benefits per the Form 5500	\$ <u>(2,257,972)</u>

(8) Risks and uncertainties

The Plan utilizes various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) Subsequent event

Through June 30, 2022, the Plan's investments have experienced a value decline of approximately 22% as compared to December 31, 2021, due to overall financial market conditions. Management believes that the decline in value is temporary and does not indicate a realized loss on investments.
