Independent Auditors' Report

To the Administrative Committee of
Rogers Foam Corporation 401(k)/Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Rogers Foam Corporation 401(k)/Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Rogers Foam Corporation 401(k)/Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rogers Foam Corporation 401(k)/Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rogers Foam Corporation 401(k)/Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rogers Foam Corporation 401(k)/Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rogers Foam Corporation 401(k)/Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Administrative Committee of
Rogers Foam Corporation 401(k)/Profit Sharing Plan

We were engaged to audit the accompanying financial statements of Rogers Foam Corporation 401(k)/Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Rogers Foam Corporation 401(k)/Profit Sharing Plan

Notes to Financial Statements

For the Years Ended December 31, 2021 and 2020

1. Description of the Plan

The following description of the Rogers Foam Corporation 401(k)/Profit Sharing Plan (the Plan) provides general information only. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Rogers Foam Corporation (the Plan Sponsor) and covers substantially all employees who have completed one month of service at Rogers Foam Corporation, Majann, Inc., or Rogers Foam Automotive Corporation (collectively referred to as the Company), which are commonly controlled entities. The Administrative Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986 (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

The Company appoints one or more individuals, usually certain executives of the Company, to serve as the administrative committee of the Plan. The committee appoints the plan trustee, which holds and is responsible for the investment of Plan assets.

The plan was amended and restated and effective August 20, 2021, and the Plan began operating under a new adoption agreement at that time. There were no substantial changes to the Plan as a result of this restatement.

In July 2020, the Plan was amended to increase the age for required minimum distributions (RMD) from 70 ½ to 72. The increase in RMD age only applies to individuals who turn 70 ½ on or after January 1, 2020.

Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act became law on March 27, 2020. The CARES Act was a response to the market volatility and instability resulting from the coronavirus pandemic and provides special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans for certain retirement plans.

Under the CARES Act, the Plan added a distribution option, which allows for penalty free withdrawals for qualified individuals up to \$100,000 until December 31, 2020. The CARES Act also eliminated the need to take a required minimum distribution in calendar year 2020.

The CARES Act also increased the maximum loan amount from \$50,000 or 50% of a qualified individual's vested account balance to \$100,000 or 100% of a participant's vested balance for loans issued up until September 23, 2020 and permitted new and existing loan repayments to be deferred through December 31, 2020.

Contributions

Each year, participants who have completed one month of service may contribute up to 75% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Description of the Plan...continued

Contributions...continued

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. During March of each year, the automatic deferral percentage is increased by 1%, up to a maximum of 10%.

The Company contributes safe harbor matching contributions equal to 100 percent of the first 4 percent of eligible compensation that a participant contributes to the Plan, provided the participant has completed one year and 1,000 hours of service. During the years ended December 31, 2021 and 2020, the Company's safe harbor matching contribution to the Plan totaled \$667,020 and \$625,562, respectively. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors to participants who have completed one year of service, attained 1,000 hours of service during the plan year, and are employed by the Company on the last day of the plan year. The profit sharing contributions are invested in a portfolio of investments as directed by the participant. During the years ended December 31, 2021 and 2020 the Company made a profit sharing contribution to the Plan totaling \$1,723,209 and \$754,438, respectively. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The allocation of earnings is based on a participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balance. Plan participants may borrow from their vested accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. Participants adversely effected from the COVID-19 Pandemic may borrow from their vested accounts up to a maximum equal to the lesser of \$100,000 or 100% of their vested account balances (see above). With the exception of loans used to purchase a primary residence, loan terms are limited to a maximum of five years. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with commercial prevailing rates as determined in accordance with the terms of the Plan document. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any outstanding notes receivable from participants are due and payable following the termination date. As of December 31, 2021, the interest rates on outstanding notes receivable from participants ranged from 3.25% to 5.50% with various maturity dates through 2029. As of December 31, 2020, the rates of interest on outstanding notes receivable from participants ranged from 3.25% to 8.25% with various maturities through 2029.

1. Description of the Plan...continued

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and employer safe harbor matching contributions plus actual earnings thereon.

Effective January 2007, participants vest in discretionary employer profit sharing contributions based on years of continuous service, starting with the employee's second year of employment, and become fully vested after six years of credited service. Participants terminated prior to October 2007 vest in these contributions based on the general method (1,000 hours in a plan year), starting with the employee's third year of service, and become fully vested after seven years of service.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4,482 and \$4,393, respectively. These accounts will be used to reduce future employer contributions as well as pay certain administrative expenses. During the years ended December 31, 2021 and 2020, administrative expenses were funded with \$13,561 and \$29,909 of forfeited non-vested accounts, respectively, and employer contributions were not reduced by forfeited nonvested accounts.

Payment of Benefits

Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. The participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal, Coronavirus distribution (during the year ended December 31, 2020, see above) or have attained age 59½ may elect to withdraw all or a portion of their account. All distributions are subject to the applicable provisions of the Plan. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has less than \$5,000 of a vested balance in the Plan.

Investment Elections

Each participant shall direct the investment of his or her account and shall elect among various mutual funds. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB) and the Department of Labor (DOL). The FASB sets generally accepted accounting principles (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income from notes receivable from participants is recorded on an accrual basis. At December 31, 2021 and 2020, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the note receivable from participant to be a distribution, the note receivable from participant is reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

Fair Value Measurements

The Plan discloses the fair value of Plan investments in accordance with FASB ASC Topic No. 820 (ASC 820), *Fair Value*. The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- | | |
|-----------|---|
| Level 1 - | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|-----------|---|

Notes to Financial Statements

3. Fair Value Measurements...continued

Fair Value Measurements...continued

- Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 50,121,349	\$ -	\$ -	\$50,121,349

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 46,166,989	\$ -	\$ -	\$46,166,989

4. Information Prepared and Certified by Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Fidelity Management Trust Company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

Notes to Financial Statements

For the Years Ended December 31, 2021 and 2020

5. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by affiliates of Fidelity Management Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' accounts, which also constitute party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Coronavirus Pandemic

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 outbreak in the United States and the world has resulted in economic uncertainties that are likely to negatively impact the future financial results of the net assets available for benefits and value of investments. This situation could have a significant adverse effect on the future financial statements and management is unable to quantify the potential impact at this time.

10. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through August 4, 2022, the date the financial statements were available to be issued.
