REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Participants
Interlinc Mortgage Services, LLC 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Interlinc Mortgage Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (collectively, the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained the certification from Great-West Life and Annuity Insurance Company as of December 31, 2021 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the 2021 Financial Statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the December 31, 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 18, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the December 31, 2020 financial statements, and (b) the form and content of the information included in the December 31, 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of Interlinc Mortgage Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2011 and is a defined contribution plan covering substantially all employees of Interlinc Mortgage Services, LLC (the Company or Employer). The Plan is subject and designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (the IRC). In addition, the financial statements have been prepared in compliance with ERISA. The Plan is administered by the Company and the custodian of the Plan's assets is Great-West Life and Annuity Insurance Company (the Custodian). See Note 7.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act contained several provisions that temporarily impacted 401(k) plans, such as the waiver of required minimum distributions, a new hardship withdrawal option, and increased loan limits. The Company has incorporated these provisions into the Plan. See Note 2.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensations, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and will increase one percent each year until the amount withheld reaches ten percent of eligible compensation. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time. Matching and nonelective contributions are discretionary and determined annually by the Company. The Company did not make any discretionary matching or nonelective contributions to the Plan for the year ended December 31, 2021.

Eligibility

All full-time employees who have completed at least three months of service and part-time employees who complete at least one thousand hours per twelve months of service that have attained the age of 21 are eligible to participate in the Plan at the beginning of the next Plan year.

Note 1 – Description of the Plan – (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary matching, nonelective contributions and the Plan's earnings and losses, and charged with an allocation of administrative expenses. Allocations of plan earnings and losses are based on participant account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, qualified nonelective contributions, and any income or losses thereon. Company discretionary matching contributions are vested over a five-year period at a rate of 20 percent per year of service. An employee is fully vested after five years of service.

Payment of benefits

The benefit a participant is entitled to is the value of the participant's vested interest in his or her account. Upon death, disability, retirement or termination of service due to other reasons, a participant whose vested balance is in excess of $5,000 may elect to receive either a lump sum amount, or installment payments over a specified period of time, not exceeding the participants' life expectancy. The Employer has the option to require terminated participants with vested account balances less than $5,000 to take a lump-sum distribution.

Notes receivable from participants

Under provisions of the Plan, participants are allowed to borrow from their plan accounts. The maximum amount that a participant may borrow is the lesser of (i) 50% of their total vested account balance if they have a minimum vested balance of $2,000 or (ii) $50,000. The minimum amount of a note is $1,000. The notes are secured by the balance in the participant's vested account and bear interest at one percent over the prime rate at the time they are originated. Principal and interest are paid ratably through periodic payroll deductions. Participants may have up to one loan outstanding from the Plan at a time.

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes from participants are reclassified as a benefit payment based upon provisions of the Plan document.

Note 2 – Summary of Significant Accounting Policies

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several registered investment companies (mutual funds) and a guaranteed investment contract.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are to be used first to pay plan administrative expenses and then to reduce the employer matching contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled $2,295 and $2,240, respectively. See Note 5. During 2021, there were no forfeitures used to reduce plan expenses.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. All remaining expenses shall, unless allocable to the accounts of particular participants, be charged against the accounts of all participants as provided in the Plan document. Investment related expenses are included in net appreciation of investments.

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates. See Note 4 for discussion of significant estimates used to measure fair value of investments.

Risks and uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances.

Note 2 – Summary of Significant Accounting Policies – (Continued)

Investment valuation and income recognition

Investments held by the Plan are stated at fair value except for its fully benefit-responsive investment contract which is stated at contract value. See Note 3 and 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Beginning in April 2020, the Plan enacted several provisions from the CARES Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where a participant's first minimum required distribution was for 2019 and was deferred until 2020.

Subsequent events

Management of the Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through June 14, 2022, the date which the financial statements were available to be issued.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to the contributions. The Plan distributed $2,921 and $176 of excess contributions prior to March 15, 2022 and 2021, respectively.

Note 3 – Investments in Insurance Contracts

The Plan participates in a traditional investment contract, the Guaranteed Portfolio Fund, with Great-West Life & Annuity Insurance Company (the Insurer). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value.

Contract value is the relevant measure of fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participants' withdrawals, and administrative expenses.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. The crediting interest rate is based on a formula agreed upon with the Issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 4 – Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Note 4 – Fair Value Measurements – (Continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in Mutual funds are valued at the closing price reported on the active market on which the fund is traded.

The valuation method described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation method is appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine the fair value of the Plan's investments could result in different fair value measurements at the reporting dates.

The Plan's fair value hierarchy for those assets measured at fair value is as follows at:

	December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ **15,676,594**	$ **-**	$ **-**	$ **15,676,594**

	December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,275,957	$ -	$ -	$ 11,275,957

Note 5 – Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	As of December 31,	
	2021	2020
Net assets:		
Forfeiture account	**$ 2,295**	$ 2,240

	Year Ended December 31, 2021
Changes in net assets:	
Net appreciation of investments	20
Forfeitures	35
	$ 55

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions.

Note 7 – Information Certified by the Plan's Custodian (Unaudited)

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

Note 7 – Information Certified by the Plan's Custodian (Unaudited) – (Continued)

The Custodian has certified that the following data included in the financial statements and supplemental schedule is complete and accurate as follows at:

	December 31,	
	2021	2020
Investments at fair value	**$ 15,676,594**	$ 11,275,957
Fully benefit-responsive investment contracts at contract value	**73,737**	123,281
Notes receivable from participants	**334,072**	289,632

The Custodian has certified that the following data included in the financial statements is complete and accurate for the year ended December 31, 2021:

Net appreciation on investments	$ 1,147,083
Dividends and interest	700,741
Interest on notes receivable from participants	15,790

Note 8 – Income Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service (the IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. Management of the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS generally has the ability to examine Plan activity for up to three years.

Note 9 – Parties-in-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain plan investments are investments managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions. The Plan also allows participants to receive notes; therefore, these transactions qualify as party-in-interest transactions.

Note 10 – Reconciliation to the Form 5500

The following are reconciliations of net assets available for benefits per Form 5500 to the financial statements, as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per Form 5500	$ **16,084,403**	$ 11,688,870
Excess contribution payable	**(2,921)**	(176)
Net assets per financial statements	$ **16,081,482**	$ 11,688,694

The following is the reconciliation of changes in net assets available for benefits for the year ended December 31, 2021, per Form 5500 to the financial statements:

Net increase in net assets available for benefits per Form 5500	$ 4,395,533
Current year excess contribution payable	(2,921)
Prior year excess contribution payable	176
Net increase in net assets available for benefits per financial statements	$ 4,392,788
