ALFRED WILLIAMS & COMPANY 401(K) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of ALFRED WILLIAMS & COMPANY 401(K) PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of ALFRED WILLIAMS & COMPANY 401(K) PLAN and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ALFRED WILLIAMS & COMPANY 401(K) PLAN'S ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ALFRED WILLIAMS & COMPANY 401(K) PLAN'S internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ALFRED WILLIAMS & COMPANY 401(K) PLAN'S ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year (modified cash basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of ALFRED WILLIAMS & COMPANY 401(K) PLAN. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of the Alfred Williams & Company (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Alfred Williams & Company, Inc. and its wholly owned subsidiary, Facility Transition Services, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition, the Plan has been amended to comply with the provisions of subsequent tax reform.

Investment Options

The Plan provides that the trustee may permit participants to direct the trustee with respect to the investment or reinvestment of the assets comprising the participant's individual account. The Plan maintains various investment options held through Great-West Life & Annuity Company (Great-West). Participants may change their investment options daily.

Participation and Vesting

Employees are eligible to enter the Plan on the first day of the month following their date of hire and attainment of age 18. Participants are immediately vested in their contributions plus actual earnings thereon and in the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Contributions

Contributions to the Plan are made through employee contributions, including catch-up contributions, Company matching contributions, Company profit sharing contributions, and rollover contributions.

Employee Contributions-Participants may elect to defer eligible compensation on a pre-tax basis. For 2021 and 2020, contributions are subject to certain limitation not to exceed \$19,500 and \$19,500 respectively, for participants under the age of 50 or \$26,000 and \$26,000, respectively, for any participant who is 50 years old or older.

Company Matching Contributions-The Company will make a safe harbor matching contribution of 100% of the employee elective deferrals that are not in excess of 3% of compensation, plus 50% of the amount of employee elective deferrals that exceed 3% of compensation, but do not exceed 5% of compensation. The safe harbor matching contributions in 2021 and 2020, were \$540,772 and \$533,250, respectively.

Company Profit Sharing Contributions-The Company may make a discretionary profit sharing contribution to the Plan in such an amount as determined by the Administrative Committee. No such contribution was made in 2021 or 2020.

Participant Rollover Contributions-The Plan also permits eligible employees to make rollover contributions as permitted under Section 402 of the Internal Revenue Code.

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$98 and \$96, respectively. These accounts will be applied to reinstate forfeited account balances, reduce administrative expenses of the Plan, and then any remaining forfeitures will be used to reduce future employer matching contributions.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the cash basis of accounting except for the accruals of participant and employer contributions and the adjustment of securities investments to fair value. Under this modified cash basis, revenues are recognized when collected rather than when earned and expenses are recognized when paid rather than when incurred. Consequently, the financial statements do not include accrued income or accrued expenses other than those described above.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements

Purchases and sales of securities are recorded on a trade-day basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

ALFRED WILLIAMS & COMPANY
401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Expenses

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses related to distributions are charged to participants at the time of distribution. The Company, at its discretion, may choose to utilize available revenue sharing to pay for reasonable expenses related to the administration of the Plan. Fees may also be paid from available forfeited balances. All other administrative expenses are paid by the Plan.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. INVESTMENT CONTRACT IN GUARANTEED INTEREST ACCOUNT

The Plan has entered into a group annuity insurance contract with Great-West. The Plan's group annuity contract with Great-West is not "fully benefit-responsive". Therefore, for financial statement purposes, this contract must be carried at fair value. The account is credited with earnings and charged for Plan withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed periodically for resetting. As of December 31, 2021, and 2020, the contract value, which approximates fair value, of this investment contract was \$0 and \$1,050,028, respectively. This investment option was discontinued and the amount was transferred to a common collective investment fund on February 18, 2021.

5. CERTIFIED INFORMATION

The following unaudited information is a summary of the investment information regarding the Plan as of December 31, 2021 and 2020 and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the trustee of the Plan assets, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

6. FAIR VALUE MEASUREMENTS

Fair value, as defined under FASB ASC 820 (a framework for fair value measurements), is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 investment securities are investments for which quoted prices are not available in active markets for identical instruments. Level 2 investments include the Guaranteed Interest Account, the value of which is determined as the value paid when the funds are withdrawn prior to maturity, in accordance with the Plan. It is valued at the fund's contract value which approximates fair value.

There are no level 3 investments.

The common collective investment fund is valued at the NAV of units of a collective investment fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. The fund is measured daily, may be redeemed daily, has no unfunded commitments, other redemption restrictions, or a redemption notice period. The fund is comprised of a stable value fund. This fund is not required to be classified within a level on the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

7. PLAN AMENDMENT AND RESTATEMENT

On May 18, 2020, the Company amended its Plan effective January 1, 2020, allowing participants who take hardship distributions to continue making contributions to the Plan.

On August 23, 2021, the Company amended its Plan effective January 1, 2021, adopting the restated Prototype Plan of Great-West Trust Company, LLC, which was amended to bring the Plan into compliance with the requirements of the 2017 Cumulative List (IRS Notice 2017-37).

The Plan has implemented certain applicable provisions from the Setting Every Community Up for Retirement Enhancement (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Company intends to amend the Plan document by the last day of the first plan year beginning on or after January 1, 2022, in accordance with Internal Revenue Service (IRS) guidance.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

ALFRED WILLIAMS & COMPANY
401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a guaranteed interest account owned by Great-West, the Plan's trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Any commissions and investment fees related to these investments are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments. On February 18, 2021 this investment was discontinued.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Plan's volume submitter on June 30, 2020 that the Volume Submitter Profit Sharing Plan with CODA, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended and restated since receiving the determination letter. However, the plan administrator and the Plan's council believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The preparation of financial statements in conformity with the modified cash basis of accounting require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through August 2, 2022 which is the date the financial statements were available to be issued.

Effective January 1, 2022, the Company amended its Plan for the following:

- to allow for The Workplace Resource LLC (a subsidiary of the Company) 401(k) Plan (Workplace) to be merged into the Plan and the participants of Workplace.
- to allow for ROTH deferrals.
- to allow for participant loans.
- to allow for Qualified Reservist and Deemed Severance distributions.

On January 14, 2022, the plan assets of Workplace totaling \$13,722,305 were transferred into the Plan.
