Independent Auditor's Report

Plan Administrator
Global Connections to Employment, Inc. Health and Welfare Plan
Pensacola, Florida

Opinion

We have audited the accompanying financial statements of **Global Connections to Employment, Inc. Health and Welfare Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Benefit Obligations and Net Assets Available for Benefits as of December 31, 2021 and 2020, and the related Statement of Changes in Benefit Obligations and Net Assets Available for Benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the benefit obligations and net assets available for benefits of **Global Connections to Employment, Inc. Health and Welfare Plan** as of December 31, 2021 and 2020, and the changes in its benefit obligations and net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of **Global Connections to Employment, Inc. Health and Welfare Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Correction of Error

As discussed in Note 8 to the financial statements, a certain error resulting in an understatement of amounts due to the Plan as of December 31, 2020 was discovered by Management subsequent to year end. Accordingly, the Plan has restated its 2020 financial statement now presented, and an adjustment has been made to net assets available for benefits as of December 31, 2020 to correct the error. Our opinion is not modified with respect to that matter.

Independent Auditor's Report (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Global Connections to Employment, Inc. Health and Welfare Plan**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Global Connections to Employment, Inc. Health and Welfare Plan**'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Global Connections to Employment, Inc. Health and Welfare Plan**'s ability to continue as a going concern for a reasonable period of time

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2021 and Reportable Transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Global Connections to Employment, Inc. Health and Welfare Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan was established on January 1, 2020 and provides health and other benefits to full-time and part-time regular employees of Global Connections to Employment, Inc. (the Organization) and their covered dependents. The assets of the Plan are held in a trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Employees become eligible to participate the first day of the month following the completion of 30 days of employment.

Benefits: The Plan provides health benefits (medical, vision, and dental), life insurance, short-term disability benefits, accidental death and dismemberment benefits, critical illness, hospital indemnity, and accident benefits, and an employee assistance program. The Plan also provides for a variety of flexible spending accounts and bundled programs that provide for a mix of the above benefits for certain participants. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured benefits: The Plan offers medical, dental and vision programs that participants can choose. The Plan fully insures all benefits. Premiums are paid from the assets of the trust.

Contributions: Participants contribute specified amounts to the Plan based on applicable monthly premiums established for their respective benefit elections. The Organization pays the full cost of basic life insurance and accidental death and dismemberment insurance.

The Organization makes contributions on behalf of employees in amounts required to satisfy the fringe benefit contribution obligations under different prevailing wage programs. The Organization also makes contributions to the Plan as needed to fund premiums in excess of participant contributions and administrative expenses.

Participant accounts: A separate Premium Reserve Account is maintained for each participant. The account is credited monthly with the employee and employer contributions for the month and reduced by the premiums paid and administrative expenses incurred on behalf of each participant. Any net contribution in excess of a three month premium reserve is paid to the Organization's qualified retirement plan on the participant's behalf.

2. Significant accounting policies

Basis of accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transactions between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions receivable: Contributions receivable represent amounts due from the participants for premiums and from the Organization for premiums and prevailing wage contributions.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: Management has evaluated subsequent events for disclosure in these financial statements through September 12, 2022, which is the date the financial statements were available to be issued.

3. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds were reported at cost, which approximated fair value.

The fair value of investments was as follows:

		Fair Value Measuring Using		
December 31, 2021	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$665,078	$-	$665,078	$ -

December 31, 2020	Total	Fair Value Measuring Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$66,715	$-	$66,715	$ -

4. Administrative expenses

The Plan pays administrative expenses that consist primarily of fees paid to third-party administrators, as well as other professional service fees to administrative service providers. These payments qualify as exempt party-in-interest transactions.

5. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

The coronavirus ("COVID-19") pandemic continues to evolve with direct and indirect economic impacts for organizations world-wide. As of the date of issuance, the ultimate duration and severity of the pandemic cannot be reasonably estimated. Management will continue to monitor the impact of COVID-19 on the Plan and will reflect the consequences, as appropriate, in the Plan's financial records.

6. Tax status

The trust established to hold the Plan's assets is in the process of applying for exemption from federal and state income taxes. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan termination

Although it has not expressed any intention to do so, the Organization has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants.

8. Restatement

Subsequent to December 31, 2020, Management received funds from former vendors of a predecessor plan that should have transferred to the Plan in 2020 when the Plan was established. These amounts should have been reported as a receivable as of December 31, 2020. As such, the 2020 financial statements have been restated to correct for these errors. The following adjustments were made to reflect the change:

	Previously Reported	Adjustment	Restated
Statement of Benefit Obligations and Net Assets Available for Benefits:			
Total assets	$2,527,707	$446,785	$2,974,492
Net assets available for benefits	$2,487,069	$446,785	$2,933,854

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	2021	2020
Net assets available for benefits per financial statements	**$ 2,351,201**	$2,933,854
Adjustment for restatement (Note 8)	-	(446,785)
Net assets available for benefits per the Form 5500	**$ 2,351,201**	$2,487,069

	2021
Transfer in per the financial statements	**$** -
Adjustment for restatement (Note 8)	**446,785**
Total transfer in per the Form 5500	**$ 446,785**

10. Subsequent amendment

The Plan was amended effective January 1, 2022, to provide that if a Participant who is not a prevailing wage employee terminates employment and is not rehired within 60 days of their termination date, the remaining balance of their Premium Reserve Account will be subject to forfeiture. The forfeitures will be used to pay the administrative expenses of the Plan.
