Independent Auditors' Report

To the Plan administrator of the
LDA Management Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the LDA Management Company, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting

from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LDA Management Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of Plan

General

LDA Management Company, Inc. 401(k) Plan (Plan) covers employees of La Madeleine, Inc. and its wholly owned subsidiaries: La Madeleine de Corps, Inc., La Madeleine of Texas, Inc., La Madeleine of Maryland, Inc., La Madeleine of Georgia, Inc., La Madeleine of Louisiana, Inc., Gourmet Cuisine, Inc. and La Madeleine Management Co., Inc. (collectively, the Company).

The Plan is a defined contribution plan, covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act allows for certain provisions to participants impacted by COVID-19 such as in-service distributions up to \$100,000, loan borrowings up to \$100,000, and suspension of loan payments and required minimum distributions. In accordance with the CARES Act, the Plan has until December 31, 2022 to formally amend the plan documents.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of the invested funds' earnings. Allocations of earnings are based on account balances as defined by the Plan.

Contributions

Participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitations each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 are eligible to make catch-up contributions, subject to the statutory limit. In addition, the Company makes matching contributions of 25% of the amount contributed by a Plan participant up to 4% of the participant's compensation. The Company matches 100% of the amount contributed by a Plan participant who is classified as a non-highly compensated general manager up to 4% of the participant's compensation.

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in Company contributions in accordance with the following table:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 to 3 years	25%
3 to 4 years	50%
4 or more years	100%

Forfeited Accounts

Forfeitures are used to reduce future Company contributions. For the year ended December 31, 2021, forfeitures totaling \$34,200 were used to reduce Company contributions. Forfeitures available to reduce future Company contributions totaled \$81,782 and \$61,866 at December 31, 2021 and 2020, respectively.

Payment of Benefits

Distribution of a participant's vested account is available upon the participant's retirement, death, disability, termination of employment or attainment of age 59 ½. Distributions are also available to satisfy a financial hardship meeting the requirements of the IRS regulations.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis. The inputs used to develop fair value are ranked to indicate the quality and reliability of the resulting fair value measures, as follows:

- Level 1 quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

Level 2 quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued using Level 1 inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying asset owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>2021</u>	<u>2020</u>
Mutual funds	<u>\$ 15,943,685</u>	<u>\$ 16,105,857</u>

4. Financial Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Great-West Life and Annuity Insurance Company (Great-West), the custodian and a party-in-interest as defined by ERISA, as of December 31, 2021 and 2020 and for the year ended December 31, 2021, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

This information consists of the following:

	2021	2020
Investments at fair value	\$ 15,943,685	\$ 16,105,857
Fully benefit responsive investment contract at contract value	247,553	496,430
Total investments	<u>\$ 16,191,238</u>	<u>\$ 16,602,287</u>
Net appreciation in fair value of investments	<u>\$ 1,991,300</u>	

5. Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account is included in the financial statements at fair value which management feels approximates contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fixed account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive and contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed account. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the fixed account issuer or otherwise. When establishing interest crediting rates, Great-West considers many factors including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include a percentage limitation or equity wash restriction. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

6. Excess Contributions Payable

Contributions received from participants and the Company are net of payments made to certain active participants to return to them excess deferral contributions and Company match as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2021 and 2020, liabilities of \$24,103 and \$53,378, respectively, are recorded for amounts refundable by the Plan for corrective distributions.

LDA Management Company, Inc. 401(k) Plan

Notes to Financial Statements

7. Tax Status

The Plan has received a determination letter from the IRS dated March 16, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the 2021 financial statements to the 2021 Form 5500:

Total net assets available for benefits per the financial statements	\$ 16,167,135
Plus: Excess contributions payable	<u>24,103</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 16,191,238</u></u>

The Form 5500 has certain income and expense items that differ from amounts shown in the accompanying financial statements. These differences relate to classification only and have no effect upon the net assets available for benefits as of December 31, 2021 or 2020.

9. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and an investment contract managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than by direct payment.

LDA Management Company, Inc. 401(k) Plan
Notes to Financial Statements

10. Subsequent Events

Plan management evaluated subsequent events through the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
