## Independent Auditor's Report

To the Plan Administrator and Plan Participants of the  
The Day-Lee Foods, Inc. Savings Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the financial statements of The Day-Lee Foods, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Day-Lee Foods, Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Day-Lee Foods, Inc. Savings Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Day-Lee Foods, Inc. Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2021 Financial**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the about The Day-Lee Foods, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Day-Lee Foods, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *2021 Supplemental Schedule Required by ERISA*

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Auditor's Report on the 2020 Financial Statement*

We were engaged to audit the 2020 financial statements of The Day-Lee Foods, Inc. Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Day-Lee Foods, Inc. Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2021 and 2020**

**Note 1. Description of the Plan**

The following description of The Day-Lee Foods, Inc. Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

***General***

In 1989, Day-Lee Foods, Inc. (“Company” or “Employer”) adopted a profit sharing plan (the “Profit Sharing Plan”) for its employees to provide eligible employees a share of the profits of Day-Lee Foods, Inc. and to encourage long-term employment of such employees. On July 1, 1998, the Company established a defined contribution retirement plan (the “401(k) Plan”) qualifying under section 401(k) of the Internal Revenue Code (“IRC”). On that date, the Profit Sharing Plan merged with the 401(k) Plan creating The Day-Lee Foods, Inc. Savings Plan, and 100% of the Profit Sharing Plan’s net assets were transferred to the 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

***Participant Eligibility***

Any employee who has completed 90 days of credited service and not employed as rotational staff or a nonresident alien with no U. S. income, shall become eligible to participate in the Plan on January 1<sup>st</sup>, April 1<sup>st</sup>, July 1<sup>st</sup> or October 1<sup>st</sup> on or after which eligibility requirements were met.

***Contributions***

The Company’s eligible employees may contribute from 1% up to 15% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Plan allows participants to make rollover contributions from other qualified plans.

The Company may make a matching and/or discretionary contribution without regard to the Company’s current or accumulated profits as determined each year by resolution of the Company’s board of directors. The Company elected to make a matching contribution of 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 4% of compensation for the 2021 Plan year.

## **Note 1. Description of the Plan (continued)**

### ***Participant Accounts***

Each participant's account is credited with the participant's allocation of (a) the Company's contributions, (b) the participant's contribution, and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary contributions are allocated to eligible participants who are employed on the last day of the Plan year. Allocations of the Company discretionary profit sharing contributions are based on the participant's compensation and the total compensation of all participants. Allocations of fund earnings are based upon the ratio that each participant's fund balance bears to the total investment fund balance.

### ***Participant Directed Investment***

A participant may choose among various funds in which his or her respective participant accounts may be invested subject to the limitations as defined by the Plan. Any Company contribution is allocated among investment options on the same basis as participants' contributions are allocated.

### ***Allocation of Investment Activity***

Each investment fund is valued by Principal Life Insurance Company. The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

### ***Notes Receivable from Participants***

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

## **Note 1. Description of the Plan (continued)**

### ***Vesting***

Participants are fully vested in their contributions plus actual earnings thereon. Each participant's interest in their Company matching and/or discretionary contributions account and related earnings account are vested as follows:

| <u>Years of Vesting Service</u> | <u>Vested<br/>Percentage</u> |
|---------------------------------|------------------------------|
| Less than 2                     | 0%                           |
| 2 but less than 3               | 20%                          |
| 3 but less than 4               | 40%                          |
| 4 but less than 5               | 60%                          |
| 5 but less than 6               | 80%                          |
| 6 or more                       | 100%                         |

### ***Payment of Benefits***

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

A participant's total vested interest between \$1,000 and \$5,000 will be automatically rolled over to an IRA selected by the Company, if the participant does not consent to a cash distribution and has not elected to have the balance rolled over into an IRA of their choosing. A participant's total vested benefit of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution.

Active participants may withdraw in a single sum any part of their vested account resulting from rollover contributions at any time or any part of their vested account resulting from elective deferral contributions in the event of undue financial hardship.

### ***Forfeitures***

Amounts forfeited from terminating participants' non-vested portion of their Company contribution and earnings on Company contributions are used to first offset Plan administrative expenses and then to offset any Company discretionary matching contributions. During the year ended December 31, 2021, approximately \$7,500 of forfeitures were used to offset administrative expenses. As of December 31, 2021 and 2020, there was approximately \$8,600 and \$8,900, respectively, of forfeitures available to reduce future administrative fees and Company contributions.

### ***Contribution Funding***

The Company makes contributions to the Plan for employee and Company discretionary matching contributions on a basis consistent with the related payroll periods.

## **Note 1. Description of the Plan (continued)**

### ***Plan Administrative Expenses***

The Company provides or pays for certain accounting, legal and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts are included in administrative expenses. Additionally, plan recordkeeping fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

## **Note 2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unutilized forfeitures, the Plan's net assets are allocated entirely to individual participants' accounts.

### ***Accounting Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

### ***Investment Valuation and Revenue Recognition***

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest is accrued as earned.

### ***Non-Distributed Benefits***

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

## **Note 2. Summary of Significant Accounting Policies (continued)**

### ***Subsequent Events***

The Plan has evaluated all events subsequent to the balance sheet date of December 31, 2020, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

## **Note 3. Guaranteed Interest Account**

The Plan participates in a contract with Principal Life Insurance Company ("Principal") whereby the assets of the Plan are part of the general assets of Principal. This contract is identified and accounted for as a guaranteed interest account. The guaranteed interest account provides guaranteed interest rates for specified periods of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the funds. The guarantees made with regard to the guaranteed interest accounts are supported by Principal's general account. There are no reserves against contract value for credit risk of contract issuer or otherwise. The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement); however, there are possible market value adjustments when funds are withdrawn prior to their maturity. This investment is not considered a fully benefit-responsive contract.

## **Note 4. Information Certified by the Investment Contract Issuer**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company, the investment contract issuer, as complete and accurate, except for comparing such information certified by the investment contract issuer to information included in the Plan's financial statements and supplemental schedule:

#### Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## **Note 5. Fair Value Measurements (continued)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

*Guaranteed interest account:* This investment is part of the general assets of a Principal Life Insurance Company ("Principal"), insurance company. This investment is valued as follows:

If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value.

If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. The percentage is equal to:

The difference between the applicable interest rate and the interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

*Pooled separate accounts:* The Plan participates in a contract with Principal whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. Principal holds these assets in trust for the participating plans. These investments are public investment securities valued using the Net Asset Value ("NAV") as the practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 5. Fair Value Measurements (continued)**

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2021 and 2020:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The pooled separate account investment funds are subject to the redemption frequency of 1 transfer in a 30 day time period except for the Principal Liquid Assets and Principal Large Cap Growth pooled separate accounts which have no transfer restrictions. There are no other redemption restrictions, redemption notice requirements or unfunded commitments related to the pooled separate account investment funds as of December 31, 2021 and 2020.

**Note 5. Fair Value Measurements (continued)**

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

*Quantitative Information about Level 3 Fair Value Measurements*

The fair value of the Guaranteed Interest Account is based on significant unobservable inputs, including the interest rates of the applicable investment contracts. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3 as of December 31, 2021 and 2019:

## **Note 6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

## **Note 7. Tax Status**

The Plan has adopted a non-standardized prototype plan document sponsored by Principal. Principal has received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service (“IRS”). The IRS opinion letter provides that an employer adopting the prototype plan document may rely on the opinion letter with respect to the qualification of the Plan under IRC Section 401(a). The Plan has been amended since receiving the opinion letter. However, the plan sponsor and Principal believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s tax returns generally remain open for Federal tax audits for three years from the filing date.

## **Note 8. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

## **Note 9. Party-In-Interest Transactions**

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company (“Principal”). The Plan also has an investment in a guaranteed interest account which is part of the general assets of Principal. Principal is the investment contract issuer which holds some of the Plan’s investment contracts. Principal is also the Plan’s record-keeper.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Principal, other investment custodians and investment advisors.

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Principal.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
