Independent Auditor's Report

RSM US LLP

Retirement Plan Committee
AIT Worldwide Logistics, Inc. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of AIT Worldwide Logistics, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated , we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AIT Worldwide Logistics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the AIT Worldwide Logistics, Inc. 401(k) Savings Plan (the Plan) provides general information only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined contribution plan that provides retirement benefits for all eligible employees of AIT Worldwide Logistics, Inc. (the Company), as defined. Employees are eligible to participate in the Plan immediately upon hire. Eligible employees are automatically enrolled in the Plan at 5% of their total compensation unless they elect to enroll at a different deferral rate or elect not to enroll in the Plan. Effective January 1, 2020, eligible employees automatically enrolled in the Plan will be subject to a 1% increase in their deferral rate every year until a deferral rate of 15% is reached, unless the employee elects another set percentage. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowed under the Internal Revenue Code (IRC).

Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollovers).

Participants aged 50 or older may also contribute catch-up contributions up to 100% of pre-tax annual compensation to the Plan according to the IRC.

The Company may make discretionary matching contributions to the Plan equal to 25% of the first 5% of the participant's contribution up to a maximum of \$1,500 annually. The discretionary matching contribution was \$496,550 in 2021 (Note 10).

The Company may make additional discretionary nonelective contributions to be allocated to the accounts of the eligible participants. There were no discretionary nonelective contributions made for the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, allocations of the Company's discretionary nonelective contributions, if any, investment earnings and administrative expenses. Allocations are based on participant earnings or the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of service. Participants are 100% vested in matching Company contributions after five years of credited service based on an annual 20% vesting schedule starting in the participant's first year of service and are fully vested after five years. Participants are 100% vested in nonelective Company contributions after six years of credited service based on an annual 20% vesting schedule starting in the participant's second year of service and are fully vested after six years.

Investment options: Upon enrollment in the Plan, participants may direct contributions in whole percent increments in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service, death, disability or retirement, participants may elect to receive the value of their accounts in the form of a lump sum equal to the value of the participant's vested amount in his or her account. Partial withdrawals are also allowed under the Plan. Distributions may also be made from the Plan in cases of financial hardship as defined in the plan agreement. In addition, participants over age 59½ may withdraw all or a portion of their vested account balance while still employed. Participants over age 70½ are required to receive minimum annual distributions as required in the plan document. Account balances less than \$1,000 at date of termination are paid in a lump sum upon termination. The Plan also allows distributions under an installment payment plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months or 50% of their vested account balance. Participants may have only two loans outstanding at any given time. Loan terms may not exceed five years unless used for the purchase of a primary residence, in which case the repayment period may not exceed 10 years. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate based on the prevailing interest rates charged for similar loans at the time of loan origination. Interest rates range from 4.25% to 6.50% on outstanding loans as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Forfeitures: Forfeited nonvested accounts totaled \$8,373 and \$63,247 as of December 31, 2021 and 2020, respectively. Forfeited nonvested accounts are used to pay expenses or reduce Company contributions. Forfeitures of \$117,295 were used in 2021 to fund the Company match contribution.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of benefits: Benefits are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Note 3. Information Certified and Provided by Fidelity Management Trust Company, the Trustee

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and income information for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2021	2020
Shares of registered investment companies	\$ 61,173,020	\$ 49,887,489
Shares of common/collective trust	1,224,556	1,434,365
Notes receivable from participants	1,095,135	943,023
Net appreciation in fair value of investments	4,319,331	-
Interest and dividends	3,166,997	-
Interest income on notes receivable from participants	52,057	-

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

AIT Worldwide Logistics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares held by the Plan are deemed to be actively traded.

Shares of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 61,173,020	\$ -	\$ -	\$ 61,173,020
Total assets in fair value hierarchy	\$ 61,173,020	\$ -	\$ -	61,173,020
Investment measured at net asset value (a)				1,224,556
Investments at fair value				\$ 62,397,576

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 49,887,489	\$ -	\$ -	\$ 49,887,489
Total assets in fair value hierarchy	\$ 49,887,489	\$ -	\$ -	49,887,489
Investment measured at net asset value (a)				1,434,365
Investments at fair value				\$ 51,321,854

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

AIT Worldwide Logistics, Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2021 and 2020:

Investment	2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Shares of common/collective trust	<u>\$ 1,224,556</u>	<u>\$ -</u>	Daily	Daily

Investment	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Shares of common/collective trust	<u>\$ 1,434,365</u>	<u>\$ -</u>	Daily	Daily

Participant-directed withdrawals and exchanges can be requested daily on any business day. Withdrawals to accommodate a participant-directed exchange to another investment option may be made on any business day, provided the exchange is not directed into a competing fund (money market funds, stable value funds or certain fixed income funds). Transferred amounts must be held in a noncompeting option for 90 days before subsequent transfers to a competing fund are allowed.

Withdrawals directed by the Plan Sponsor must be preceded by 12 months' written notice to the trustee. The trustee may, in its discretion, complete any such plan-level withdrawals before the expiration of such a 12-month period. It is the judgment of the Company that the likelihood of an imposition of a 12-month period for such a plan-level withdrawal is remote.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers between levels.

Note 5. Related-Party and Parties-In-Interest Transactions

The Plan's investments are held and managed by Fidelity Management Trust Company, the Trustee. These transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan were \$108,817 for the year ended December 31, 2021.

Gallagher Benefit Services, Inc. provides administrative and advisory services to the Plan and received fees of \$27,200 for the year ended December 31, 2021.

Strategic Advisors, Inc. provides advisory services to the Plan and received fees of \$19,252 for the year ended December 31, 2021.

Certain employees of the Plan Sponsor provide administrative services to the Plan. The employees are not compensated by the Plan for these services. Additionally, the Company pays certain other administrative expenses on behalf of the Plan.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management and Research Company. The volume submitter plan provider has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken on an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to outside audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 63,516,972	\$ 52,271,126
Company contributions receivable	(24,261)	(6,249)

Notes to Financial Statements

Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2021, per the financial statements to Form 5500:

Changes in net assets available for benefits per the financial statements	\$ 11,245,846
Interest and dividends	(18,710)
Net investment gain from common/collective trusts	18,571
Interest income on notes receivable from participants	38
Company contributions	(18,012)
Benefits paid to participants	51
Certain deemed distributions of participant loans	50
Changes in net assets available for benefits per Form 5500	<u>\$ 11,227,834</u>

Note 10. Subsequent Events

The Plan Administrator has evaluated subsequent events for recognition and/or disclosure through September 28, 2022, the date the financial statements were available to be issued.

On January 1, 2022, the Unitrans International Corporation Retirement Savings Plan (Unitrans Plan) was merged into the Plan. Total assets transferred out of the Unitrans Plan and into this Plan was approximately \$10,000,000.

Effective January 1, 2022, the discretionary match will no longer be made; however, eligible participants will receive a safe harbor matching employer contribution. This has been added to match 100% of the first 3% of eligible participant's compensation contributed to the Plan and 50% of the next 2%. Participants should refer to the plan agreement for more complete information on this amendment.
