Independent Auditors' Report

To the Plan Administrator of
Girl Scouts of the United States of America 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Girl Scouts of the United States of America 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Girl Scouts of the United States of America (GSUSA) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description (the SPD) or the plan document for a more complete description of the Plan's provisions. In the event of any conflict between the SPD and the plan document, the plan document will control.

The Plan was established effective June 1, 1999 to allow employees to contribute a portion of their compensation to the Plan on a pre-tax basis, pursuant to the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to January 1, 2008, all regular employees of GSUSA (Plan Administrator and Plan Sponsor) who were at least age 21 and employed for one year were eligible to participate in the Plan. Effective January 1, 2008, the Plan was amended to allow immediate participation in the Plan and allow a standard employee contribution of 3% of their annual salary, unless another amount is elected. Generally, after that initial enrollment, the employee contribution level increases by 1% each year (unless another amount is elected or the participant opts out) on or around January 15th dependent on the reporting dates of Fidelity Management Trust Company, the trustee of the Plan. As a default, yearly increases will not go above a maximum contribution of 6% of employee compensation, up to the Internal Revenue Service (IRS) limit. However, an employee can decide to remove this cap, and thus allow their employee contributions to exceed this limit. An eligible participant may contribute up to 80% of his or her compensation (as defined) to the Plan subject to certain limitations defined by the IRC (pre-tax contributions are limited to $19,500 in 2021). Participants who are older than age 50 may also make "catch up" contributions to the Plan. Employee contributions are deducted from the payroll and remitted directly to Fidelity Management Trust Company.

Effective January 1, 2012, GSUSA began making a 2% discretionary employer contribution annually based on board approval. In addition, the vesting schedule was amended effective January 1, 2012. A five-year vesting schedule applies to the discretionary contribution, (20%, 50% and 60% upon completion of two, three and four years of service, respectively, and 100% upon completion of five or more years of service with GSUSA and/or a Girl Scout Council). The 2% discretionary employer contribution becomes 100% vested when an employee reaches age 65.

The 2012 amendment also includes a nondiscretionary matching employer contribution of 100% of the first 1% of employee deferrals, plus 50% of the next 5% of employee deferrals (a maximum of 3.5% of compensation) subject to IRC limits. There is no employer match on "catch up" contributions. A two-year vesting schedule applies to the 3.5% employer matching contribution (less than two years of service 0% vested, two years plus 100% vested).

In February 2016, the GSUSA National Board approved an amendment to the Plan. The amendment related to the introduction of a loan provision and the Roth investment feature. Effective February 1, 2016, a Roth feature was added to the Plan which allows employees to make contributions on an after tax basis and take any associated earnings completely tax free at retirement, as long as the distribution is a qualified one. The loan provision allows active employees the opportunity to take up to one loan at any given time. The minimum of the loan is $1,000 and the maximum cannot exceed 50% of the vested account balance or $50,000, whichever is less. There are two types of loans, a general loan and a home purchase loan. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2021, which are commensurate with local prevailing rates as determined by the trustee. The outstanding loan balance as of December 31, 2021 and 2020 is $384,089 and $460,336, respectively.

On June 23, 2020, GSUSA approved temporarily suspending employer nondiscretionary matching and discretionary contributions effective August 1, 2020, which continued through and subsequent to December 31, 2020.

On June 16, 2021, GSUSA approved the reinstatement of nondiscretionary matching effective October 1, 2021. This resumption also introduced new employer matching percentages. Under the new arrangement, GSUSA now offers a matching contribution of 100% of the first 2% of employee deferrals totaling $135,080 for 2021, plus 50% of the next 6% of employee deferrals (a maximum of 5% of compensation) totaling, $495,712 for 2021, subject to IRC limits. Included in this total is a one-time discretionary nonelective payment to all 401(k) eligible employees totaling $239,400 funded from forfeitures.

On August 15, 2021, the Plan was amended, in accordance with the Bipartisan Budget Act of 2018, to remove the six-month prohibition on contributions following a hardship withdrawal.

Participant Accounts

Participants may allocate their investment to any of the available investment options offered by the Plan. Each participant's account is adjusted by a proportionate share of income earned or losses incurred from the fund in which it is invested. All earnings from investments are automatically reinvested in the funds. A terminated participant can roll over all or part of the account balance to another qualified plan or an individual retirement account. Active participants can roll over from another qualified plan to this Plan.

Forfeited Accounts

Forfeitures are used to fund employer contributions or administrative expenses. Forfeitures totaled $196,279 during 2021. Forfeitures used to fund employer contributions totaled $259,400 during 2021. As of December 31, 2021, unallocated forfeitures totaled $10,331.

Payment of Benefits

Upon retirement, death or disability, if earlier, or termination of employment, the vested balance in a participant's account may be paid to the participant or his or her beneficiaries either in a lump sum or in installments. The Plan also permits hardship withdrawals under certain circumstances.

Plan Termination

While GSUSA has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. In the event of termination, each participant automatically becomes 100% vested to the extent of the balance in his or her individual participant account.

Coronavirus Aid Relief and Economic Security Act

During 2020, the COVID-19 global pandemic disrupted business activity across a range of industries.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.

- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

- Participant loans - Qualified plan participants may have borrowed up to $100,000 during 2020 (an increase from $50,000 previously permitted), these repayments may be delayed to 2021.

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable Due From Participants

Participant loans are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. During 2021, $8,208 in loans were determined to be in default. These were considered deemed distributions of $5,982 and loan repayment interest of $2,226 during the plan year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term investment - The money market fund is valued using the NAV of units held by the Plan at year-end. The fund is managed to maintain a constant value, not guaranteed of $1 per share.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**

Total investments at fair value	$ 79,267,195	$ -	$ -	$ 79,267,195

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 67,274,564	$ -	$ -	$ 67,274,564

Total investments at fair value	$ 69,850,802	$ -	$ -	$ 69,850,802

4. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Income Tax Status

On March 31, 2014, the IRS noted that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administrative Expenses

Effective July 2014, the recordkeeping agreement between GSUSA and the trustee was amended to waive certain administrative fees. The Plan had administrative fees of $2,134 for the year ended December 31, 2021. GSUSA pays audit fees on behalf of the Plan and are excluded from these financial statements.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of $10,456,513 and $10,311,387, respectively, that were concentrated in one fund.

9. Related-Party and Party in Interest Transactions

During 2021 and 2020, certain plan investments were shares of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan; therefore, the transactions qualify as party in interest transactions. Fees paid by the Plan for Fidelity administrative services amounted to $2,134 for the year ended December 31, 2021. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of GSUSA. No such officer or employee receives compensation from the Plan.

10. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 22, 2022, the date the financial statements were available to be issued.

Independent Auditors' Report

To the Plan Administrator of
Girl Scouts of the United States of America 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Girl Scouts of the United States of America 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Girl Scouts of the United States of America (GSUSA) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description (the SPD) or the plan document for a more complete description of the Plan's provisions. In the event of any conflict between the SPD and the plan document, the plan document will control.

The Plan was established effective June 1, 1999 to allow employees to contribute a portion of their compensation to the Plan on a pre-tax basis, pursuant to the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to January 1, 2008, all regular employees of GSUSA (Plan Administrator and Plan Sponsor) who were at least age 21 and employed for one year were eligible to participate in the Plan. Effective January 1, 2008, the Plan was amended to allow immediate participation in the Plan and allow a standard employee contribution of 3% of their annual salary, unless another amount is elected. Generally, after that initial enrollment, the employee contribution level increases by 1% each year (unless another amount is elected or the participant opts out) on or around January 15th dependent on the reporting dates of Fidelity Management Trust Company, the trustee of the Plan. As a default, yearly increases will not go above a maximum contribution of 6% of employee compensation, up to the Internal Revenue Service (IRS) limit. However, an employee can decide to remove this cap, and thus allow their employee contributions to exceed this limit. An eligible participant may contribute up to 80% of his or her compensation (as defined) to the Plan subject to certain limitations defined by the IRC (pre-tax contributions are limited to $19,500 in 2021). Participants who are older than age 50 may also make "catch up" contributions to the Plan. Employee contributions are deducted from the payroll and remitted directly to Fidelity Management Trust Company.

Effective January 1, 2012, GSUSA began making a 2% discretionary employer contribution annually based on board approval. In addition, the vesting schedule was amended effective January 1, 2012. A five-year vesting schedule applies to the discretionary contribution, (20%, 50% and 60% upon completion of two, three and four years of service, respectively, and 100% upon completion of five or more years of service with GSUSA and/or a Girl Scout Council). The 2% discretionary employer contribution becomes 100% vested when an employee reaches age 65.

The 2012 amendment also includes a nondiscretionary matching employer contribution of 100% of the first 1% of employee deferrals, plus 50% of the next 5% of employee deferrals (a maximum of 3.5% of compensation) subject to IRC limits. There is no employer match on "catch up" contributions. A two-year vesting schedule applies to the 3.5% employer matching contribution (less than two years of service 0% vested, two years plus 100% vested).

In February 2016, the GSUSA National Board approved an amendment to the Plan. The amendment related to the introduction of a loan provision and the Roth investment feature. Effective February 1, 2016, a Roth feature was added to the Plan which allows employees to make contributions on an after tax basis and take any associated earnings completely tax free at retirement, as long as the distribution is a qualified one. The loan provision allows active employees the opportunity to take up to one loan at any given time. The minimum of the loan is $1,000 and the maximum cannot exceed 50% of the vested account balance or $50,000, whichever is less. There are two types of loans, a general loan and a home purchase loan. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2021, which are commensurate with local prevailing rates as determined by the trustee. The outstanding loan balance as of December 31, 2021 and 2020 is $384,089 and $460,336, respectively.

On June 23, 2020, GSUSA approved temporarily suspending employer nondiscretionary matching and discretionary contributions effective August 1, 2020, which continued through and subsequent to December 31, 2020.

On June 16, 2021, GSUSA approved the reinstatement of nondiscretionary matching effective October 1, 2021. This resumption also introduced new employer matching percentages. Under the new arrangement, GSUSA now offers a matching contribution of 100% of the first 2% of employee deferrals totaling $135,080 for 2021, plus 50% of the next 6% of employee deferrals (a maximum of 5% of compensation) totaling, $495,712 for 2021, subject to IRC limits. Included in this total is a one-time discretionary nonelective payment to all 401(k) eligible employees totaling $239,400 funded from forfeitures.

On August 15, 2021, the Plan was amended, in accordance with the Bipartisan Budget Act of 2018, to remove the six-month prohibition on contributions following a hardship withdrawal.

Participant Accounts

Participants may allocate their investment to any of the available investment options offered by the Plan. Each participant's account is adjusted by a proportionate share of income earned or losses incurred from the fund in which it is invested. All earnings from investments are automatically reinvested in the funds. A terminated participant can roll over all or part of the account balance to another qualified plan or an individual retirement account. Active participants can roll over from another qualified plan to this Plan.

Forfeited Accounts

Forfeitures are used to fund employer contributions or administrative expenses. Forfeitures totaled $196,279 during 2021. Forfeitures used to fund employer contributions totaled $259,400 during 2021. As of December 31, 2021, unallocated forfeitures totaled $10,331.

Payment of Benefits

Upon retirement, death or disability, if earlier, or termination of employment, the vested balance in a participant's account may be paid to the participant or his or her beneficiaries either in a lump sum or in installments. The Plan also permits hardship withdrawals under certain circumstances.

Plan Termination

While GSUSA has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. In the event of termination, each participant automatically becomes 100% vested to the extent of the balance in his or her individual participant account.

Coronavirus Aid Relief and Economic Security Act

During 2020, the COVID-19 global pandemic disrupted business activity across a range of industries.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.

- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

- Participant loans - Qualified plan participants may have borrowed up to $100,000 during 2020 (an increase from $50,000 previously permitted), these repayments may be delayed to 2021.

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable Due From Participants

Participant loans are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. During 2021, $8,208 in loans were determined to be in default. These were considered deemed distributions of $5,982 and loan repayment interest of $2,226 during the plan year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Short-term investment - The money market fund is valued using the NAV of units held by the Plan at year-end. The fund is managed to maintain a constant value, not guaranteed of $1 per share.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**

Total investments at fair value	$ 69,850,802	$ -	$ -	$ 69,850,802

4. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Income Tax Status

On March 31, 2014, the IRS noted that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administrative Expenses

Effective July 2014, the recordkeeping agreement between GSUSA and the trustee was amended to waive certain administrative fees. The Plan had administrative fees of $2,134 for the year ended December 31, 2021. GSUSA pays audit fees on behalf of the Plan and are excluded from these financial statements.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of $10,456,513 and $10,311,387, respectively, that were concentrated in one fund.

9. Related-Party and Party in Interest Transactions

During 2021 and 2020, certain plan investments were shares of mutual funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan; therefore, the transactions qualify as party in interest transactions. Fees paid by the Plan for Fidelity administrative services amounted to $2,134 for the year ended December 31, 2021. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of GSUSA. No such officer or employee receives compensation from the Plan.

10. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 22, 2022, the date the financial statements were available to be issued.
