Independent Auditors' Report

To the Plan Administrator
Brian's House 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Brian's House 403(b) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits, as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Brian's House 403(b) Plan Brian's House 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Brian's House 403(b) Plan

- The information in the financial statements related to assets held by, and certified by, a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Brian's House 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brian's House 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

To the Plan Administrator
Brian's House 403(b) Plan

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brian's House 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brian's House 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BRIAN'S HOUSE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the Brian's House 403(b) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, effective November 1, 2017, covering all eligible employees of Brian's House (Organization), an Internal Revenue Code (IRC) Section 501(c)(3) organization. The Organization is the Plan's sponsor and serves as plan administrator. Eligible employees are all employees of the Organization, excluding students. There are no age or service requirements for employees to be eligible to participate in the plan. Upon hire, employees are automatically enrolled into the Plan at a 3% rate of deferral. Participants must complete at least one year (1,000 hours) of service during the plan year to be eligible to receive any employer-paid match, and additional discretionary match. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's directed custodian is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of Principal Financial Group (Custodian).

Contributions - Each year, participants may contribute up to 100% of pretax annual eligible compensation, as defined in the Plan. Participants may designate all or a portion of their elective deferral contributions as Roth elective contributions. A Roth contribution is defined as being made in lieu of all or a portion of the pretax elective deferral the participant is otherwise eligible to make under the Plan and treated by the Organization as includible in the participant's income. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Select participants may make a special Section 403(b) catch-up contribution as described in the plan document. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover).

The Organization may make a discretionary matching contribution. For the years ended December 31, 2021 and 2020, the employer contributed a matching contribution equal to 50% of elected deferral contributions not exceeding 4% of participants' eligible compensation. Employer match contributions for the years ended December 31, 2021 and 2020, were \$224,986 and \$185,937, respectively.

The Organization makes additional contributions. During the years ended December 31, 2021 and 2020, the additional contribution rate was two percent of participants' eligible wages, totaling \$277,460 and \$240,308, respectively.

The Organization may make discretionary profit-sharing contributions during the plan year. Discretionary profit-sharing contributions are allocated to those employees who participated in the Organization's legacy defined benefit plan, which terminated December 31, 2012. Allocations are applied at a flat rate of 3% on a per-participant basis. The benefits derived from these contributions are planned to suspend on October 31, 2022. During the years ended December 31, 2021 and 2020, discretionary profit-sharing contributions totaled \$109,569 and \$108,307, respectively.

BRIAN'S HOUSE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Contributions - Continued

All contributions are subject to Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, Organization matching and additional contributions, and allocations of the Organization's discretionary profit-sharing contributions and plan earnings, as well as charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their contributions and the Organization's matching contributions, additional contributions, and discretionary contributions, plus actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made or 50% of their vested account balance reduced by any outstanding loan balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years. The interest rate is based on the rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions. The number of loans that a participant may take are limited to one at any one time.

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or separation from service, a participant may elect to receive an amount equal to the value of his or her eligible account balance paid through a single lump-sum payment or in installments. A participant may elect to receive the benefit directly or through a direct rollover to an individual retirement account or another eligible retirement plan. An active participant who has reached age 59½ may withdraw all or a portion of his or her entire account while still employed by the Organization. A participant may request a withdrawal of all or a portion of his or her rollover account at any time.

If a participant's account exceeds \$5,000, the participant must consent to any distribution. If a participant's account is greater than \$1,000 but less than \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement plan designated by the plan administrator and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice.

BRIAN'S HOUSE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - Continued

If a terminated participant does not elect to have a distribution not exceeding \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the Custodian to immediately distribute such benefit in a lump sum without the participant's consent.

As required under Section 401(a)(9) of the IRC, a participant who is not a five percent or more owner of the Organization must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (1) the calendar year following the year in which the participant reaches age 70½ (if the participant reached this age in 2019 or prior) or 72 if the participant reaches age 70½ in 2020 or later, or (2) the calendar year in which the participant retires.

Hardship Withdrawals - Participants may withdraw their elective deferral contributions in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The distribution may exceed the immediate and heavy financial need by the amount of federal, state, or local income tax or penalties reasonably anticipated to result from the distribution.

Forfeitures - Forfeitures are the nonvested portion of a participant's account that is lost upon separation of service before attaining the vesting requirements. Forfeitures are retained in the Plan and allocated to a forfeiture account. Forfeitures may first be used to pay plan expenses or reduce Organization contributions. Any remaining forfeitures will be reallocated to participants. As of December 31, 2021 and 2020, there were no forfeited accounts. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2021 and 2020.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BRIAN'S HOUSE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants as of the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Costs associated with participant-initiated transactions, such as transaction fee charges for loans and distributions, are paid by the respective participants' accounts.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BRIAN'S HOUSE 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 4: INFORMATION CERTIFIED BY CUSTODIAN

The Plan's investments as of December 31, 2021 and 2020, were held by the Custodian. The Organization has elected the method of annual reporting compliance permitted by Regulation 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

NOTE 5: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as participant and Organization contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies managed by the Custodian.

Fees for professional services rendered by all parties in interest are partially absorbed by the Organization. Participant loan origination fees are paid out of the relevant participants' accounts. Fees paid by the Plan for the

investment management services and administrative expenses amounted to \$10,752 and \$8,482 for the year ended December 31, 2021 and 2020, respectively. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances. Any unallocated forfeitures would be allocated to participants' accounts and distributed in such a manner as the Company may determine.

NOTE 7: TAX STATUS

The plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for the three years after it is filed.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there are various commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 10: SETTING EVERY COMMUNITY UP FOR RETIREMENT ENHANCEMENT (SECURE) ACT

On December 29, 2019, the Further Consolidated Appropriations Act was passed. Within this act is the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE). Most provisions of the act are effective for plan years beginning after December 31, 2019. Some of the provisions relevant to the plan include:

1. A requirement for plans to allow certain long-term part-time employees (who have at least 500 hours of service a year in at least three consecutive years) to defer. The change applies to plan years that begin on or after January 1, 2021. For eligibility determinations, years of service prior to January 1, 2021, may be disregarded. For long-term part-time employees, all years of service with a minimum of 500 hours must be counted for vesting purposes. The plan will be amended as required.
2. A change to the required minimum distribution age from 70½ to 72. This change is effective for persons born after June 30, 1949. The change applies to distributions required to be made after December 31, 2019, with respect to individuals who attain age 70½ after December 31, 2019. The plan will be amended as required.

NOTE 11: CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress and signed into law on March 27, 2020. The legislation provides certain retirement-specific provisions including:

1. The availability of Coronavirus-related distributions to “qualified individuals,” as defined in the legislation, between January 1, 2020 and December 31, 2020, of up to \$100,000. These distributions, at the option of the participant, may be repaid over a three-year period beginning on the day after the date on which such distribution was received.
2. An increase in the available loan limit for “qualified individuals” for loans taken between March 27, 2020 and September 23, 2020, from \$50,000 to \$100,000 and 50% to 100% of the participant’s account balance. For any individual with an outstanding loan during the applicable period, required repayments of the loan during the applicable period ending December 31, 2020, may be delayed for up to one year.

The Company has not allowed these provisions.
