Independent Auditor's Report

Trustee
The Contractors Retirement Plan
Sponsored by North Central Construction, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of The Contractors Retirement Plan Sponsored by North Central Construction, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to such asset information related to the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity (DFE) or 103-12 Investment Entity (103-12 IE) described in the instructions to Form 5500 Annual Return/Report.

Management has informed us that the 103-12 IE qualifies as a DFE under the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Act of 1974 for the year ended December 31, 2021.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the Plan's investment in the 103-12 IE, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the 2021 financial statements referred to above related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Contractors Retirement Plan Sponsored by North Central Construction, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibility for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan Sponsored by North Central Construction, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Contractors Retirement Plan Sponsored by North Central Construction, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Contractors Retirement Plan Sponsored by North Central Construction, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the investment information associated with the 103-12 IE, except for obtaining and reading the Form 5500 of the 103-12 IE, comparing the 103-12 IE investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the 103-12 IE information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules – Schedule H, Line 4i, Schedule of Assets (Held at End of Year) (modified cash basis) and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions (modified cash basis) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the 103-12 IE information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the 103-12 IE information, we compared such information to the Form 5500 of the 103-12 IE.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the 103-12 IE information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the 103-12 IE information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by the 103-12 IE meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-12 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information related to the Plan's investment in the Contractors Retirement Plan Master Trust, a trust meeting the requirements of 29 CFR 2520.103-12 (b) and (c) as a Direct Filing Entity (DFE) or 103-12 Investment Entity (103-12 IE) described in the instructions to Form 5500 Annual Return/Report. In our report dated October 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the 103-12 IE were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**December 31, 2021 and 2020
and for the Year Ended December 31, 2021**

A. DESCRIPTION OF PLAN

The following description of The Contractors Retirement Plan sponsored by North Central Construction, Inc. (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formed effective April 15, 1993, was restated on January 1, 2017 upon adoption of The Contractors Retirement Plan and is profit sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible individuals consist of employees rendering services for North Central Construction, Inc., AAA Ready-Mix, Inc. II, and Central Machinery Sales, Inc. on contracts subject to the Davis-Bacon Act, Service Contract Act or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included. Participants must be at least 18 years of age and complete one year of service to participate in elective deferral, employer matching and profit-sharing contributions. There is no age or service requirement for prevailing wage contributions.

Contributions

Participants may elect to defer a portion of their compensation (as defined). In addition, the Plan may make discretionary matching and/or profit-sharing contributions, as well as, prevailing wage contributions, determined by the employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts. Such contributions cannot exceed the lesser of 100% of the employee's compensation or \$58,000 for a year. Rollover contributions are also allowed.

Participant Accounts

Each participant's account is credited with the participant's elective deferral and an allocation of the employer's contribution. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis as the unit values of the funds change. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

A. DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

Upon application by the participant of the Plan, and subject to such rules as the Plan administrator may establish, the Plan Administrator may in his/her discretion direct the Trustee to make a loan to such participant, not to exceed (including interest) the lesser of \$50,000 or 50% of the participant's vested balance. Any loan made pursuant to the Plan will bear a rate of interest equal to the prime rate at the loan origination date. The interest rate on loan balance was 3.25% for the year ended December 31, 2021. The loan is secured by a pledge of such participant's vested balance and principal and interest are paid by the participant.

Vesting

Participants are immediately 100% vested in their employer prevailing wage contributions employee elective deferral contributions and net Trust earnings allocated to their accounts. Profit sharing contributions and employer matching contributions vest according to the following schedule:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule above, a participant is automatically fully vested in their share of profit-sharing and matching contributions upon death, total and permanent disability, or reaching the age of early retirement, which is age 55.

Forfeitures

Forfeitures, if any, will be used toward Plan expenses or to reduce future employer contributions. Forfeiture balances outstanding as of December 31, 2021 and 2020, were \$6,223 and \$1,637, respectively. Forfeitures in the amount of \$1,637 were used to reduce employer contributions during the year ended December 31, 2021.

A. DESCRIPTION OF PLAN – Continued

Benefit Payments

Under terms of the Plan, participants are eligible for benefit payments upon reaching age 55. The Plan also provides for distributions to participants, or their beneficiaries, upon death, disability, and termination of employment. Withdrawals from the plan may also be made upon circumstances of financial hardship in accordance with the provisions specified in the plan. Participants may choose to have benefits paid directly to them or to have benefits paid directly to another qualified retirement plan or individual retirement arrangement on their behalf.

Plan Termination

The employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Trustee and Special Trustee

Effective October 1, 2020, the Trustee of The Contractors Retirement Plan Master Trust (Trust) changed from Pentegra Trust Company, the discretionary trustee, to ERISA Smart, Inc. as directed trustee, and LeafHouse Financial as the ERISA 3(38) Investment Manager Fiduciary for the Trust. The duties of the Investment Manager include selection and monitoring of the investment funds available to the Plan Sponsors that participate in the Trust. The directed trustee fee is a flat fee of \$34,880 annually, paid monthly and allocated on a per capita basis to the participants in the Trust. The investment manager's fee is 0.04% of the Trust assets annually, paid monthly and allocated on a per capita basis to the participants in the Trust. The employer also designates a Special Trustee for the Plan in the adoption agreement and is responsible for the collection of plan contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting utilized, contributions are recognized when received rather than when accrued by the employer. In addition, benefit payments to participants are recorded when paid and administrative expenses are accrued monthly by the Plan.

**THE CONTRACTORS RETIREMENT PLAN

**NOTES TO FINANCIAL STATEMENTS – CONTINUED
(Modified Cash Basis)**

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document.

Risks and Uncertainties

The plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's interest in the Trust (as defined in Note D) is based on the beginning of year value of the Plan's interest in the Trust plus actual contributions and allocated investment incomes less actual distributions and allocated administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for some investment accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**NOTES TO FINANCIAL STATEMENTS – CONTINUED
(Modified Cash Basis)**

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Benefit Payments

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, *Fair Value Measurements (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. This standard has been adopted beginning with the reporting period ended December 31, 2020.

Subsequent Events

Management of the plan has evaluated subsequent events for disclosure and/or recognition through September 28, 2022, which is the date the financial statements were available to be issued.

C. FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which defines and establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). FASB ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**THE CONTRACTORS RETIREMENT PLAN
SPONSORED BY
NORTH CENTRAL CONSTRUCTION, INC.**

**NOTES TO FINANCIAL STATEMENTS – CONTINUED
(Modified Cash Basis)**

C. FAIR VALUE MEASUREMENTS – Continued

Level 1 – Unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted market prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets and liabilities that are not active
- Observable inputs other than quoted prices that are used in the valuation of assets or liabilities (e.g. interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the assets or liabilities (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Group Trust - 103-12 Investment Entity: The investment is valued based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Net Asset Value (“NAV”) is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

C. FAIR VALUE MEASUREMENTS – Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflected of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value, that are valued using NAV as a practical expedient totaled \$5,070,905 and \$4,346,116 at December 31, 2021 and 2020, respectively. There are no unfunded commitments at December 31, 2021 or 2020. The fund has a daily redemption frequency and redemption notice period.

D. INVESTMENT IN RETIREMENT PLAN GROUP TRUST

The Plan invests in a group trust, The Contractors Retirement Plan Master Trust (Trust), sponsored by Fringe Benefit Group, Inc. Under the terms of the plan document, all assets of the Plan are maintained in the Trust.

The Trust files a Form 5500 as a 103-12 Investment Entity.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-12 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the Plan's independent auditor other than comparing such information provided by the Trust to information included in the Plan's financial statements and supplemental schedule:

- Investments, at fair value, as shown in the statement of net assets available for benefits as of December 31, 2021 and 2020.
- Total investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021.

The Contractors Retirement Plan Master Trust does not meet the definition of a master trust as that term is most commonly used. The Plan's investment in the Trust represents the allocated net portion of the Trust that is attributable to The Contractors Retirement Plan sponsored by North Central Construction, Inc. and includes all the Plan's investments.

D. INVESTMENT IN RETIREMENT PLAN GROUP TRUST – Continued

The Plan's share of the net assets of the Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains and losses are allocated to participating plans on a daily basis based on participants' investment choices. At December 31, 2021 and 2020, the Plan's interest in the net assets of the Trust was less than 1%.

The following presents the fair value of investments of the Trust:

	December 31,	
	2021	2020
Investments, at Fair Value		
Pooled Separate Accounts	\$1,517,079,205	\$1,365,364,442
Collective Trusts	32,547,013	32,559,574
Insurance Company General Account	25,037,042	25,850,960
Cash and Cash Equivalents	2,405,737	1,715,935
	<u>\$1,577,068,997</u>	<u>\$1,425,490,911</u>

Investment income for the Trust for the year ended December 31, 2021 is as follows:

Investment Income	
Net Appreciation in Fair Value of Investments	<u>\$ 160,341,709</u>
	<u>\$ 160,341,709</u>

The investments held in the Trust are stated at fair value. Investments are values based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

E. BENEFIT PAYMENTS

At December 31, 2021, there were no account balances of participants who have elected to withdraw from the Plan but have not been paid.

F. PARTY IN INTEREST TRANSACTIONS

The Plan is part of the Trust whose recordkeeper and sponsor is Fringe Benefit Group, Inc. Various administrative expenses and asset charges of the Trust are paid to Fringe Benefit Group, Inc. and are allocated to the Plan reducing the net investment income. The Plan Administrator for the Plan is the employer, or any other individual, committee or group appointed by the employer to serve in that capacity.

The Plan Administrator, Special Trustee as referenced in Note A, Investment Manager and the Trustee are named as fiduciaries under the Plan. The sponsor of the Trust, Investment Manager, and Trustee are fiduciaries of the Trust as described in the Trust Agreement. All the above-named service providers for the Plan are considered parties in interest under the Employee Retirement Income Security Act of 1974 (ERISA) and are subject to ERISA rules concerning transactions with the Plan.

G. REFUND OF EXCESS CONTRIBUTIONS

This amount is comprised of excess employee contributions of \$17,106 and \$43,995 received during the years ended December 31, 2021 and 2020, respectively, and employer contributions of \$3,404 and \$5,655 received during the years ended December 31, 2021 and 2020, respectively, and is recorded as a liability with a corresponding reduction to contributions. These funds will be refunded to the Plan Sponsor and participants.

H. INTERNAL REVENUE SERVICE STATUS

The Master Plan obtained its latest opinion letter, dated November 1, 2016, in which the Internal Revenue Service stated that the Master Plan was in compliance with the applicable requirements of the Code. Such an opinion is not a determination as to whether The Contractors Retirement Plan sponsored by North Central Construction, Inc. qualifies under Code Section 401(a). However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe the Plan was qualified as of the financial statement date.

The Plan follows the provisions of FASB ASC 740, *Accounting for Uncertainty in Income Taxes*. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

I. PROHIBITED TRANSACTIONS

During the year ended December 31, 2021, North Central Construction, Inc., the Plan's Sponsor, failed to deposit employee deferral contributions to the Plan's trust in a timely manner in accordance with Department of Labor regulations. One contribution totaling \$14 during the year was deposited late. This instance of a late deposit resulted in a prohibited nonexempt transaction in the form of a loan, between the Plan and the Plan Sponsor. The Company will make an interest payment of less than \$1 to compensate the Plan for lost earnings related to this prohibited transaction. During the year ended December 31, 2020 there were also late contributions totaling \$32,727. As of December 31, 2021, these late contributions had not yet been corrected.

K. SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2021 financial statements for subsequent events through September 28, 2022, which is the date the financial statements were available to be issued.

The Plan's adoption agreement was amended effective January 1, 2022 upon adoption of a non-standardized defined contribution plan. This amendment and restatement was to bring the plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.
