Granite State Glass 401(k) Plan

Gilford, New Hampshire

Financial Statements and Supplemental Schedule

Years Ended December 31, 2021 and 2020

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Granite State Glass 401(k) Plan
Gilford, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Granite State Glass 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Granite State Glass 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Granite State Glass 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Granite State Glass 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Granite State Glass 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Granite State Glass 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States. Our opinion is not modified with respect to this matter.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Granite State Glass 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Granite State Glass 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Granite State Glass 401(k) Plan is intended to provide general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Granite State Glass 401(k) Plan (the Plan), is a defined contribution plan that was adopted in 1998. The Plan covers all eligible employees of Marbucco Corp., d/b/a Granite State Glass (the Employer and Plan Sponsor), who elect to participate and, effective January 1, 2021, have completed ninety days of service, as defined. Prior to January 1, 2021, the eligibility period was one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participating employees are allowed to make contributions, through salary deferrals, of at least 1% of eligible compensation, as defined by the Plan, up to an amount not to exceed the limits imposed by law. Newly eligible participants are automatically enrolled in the Plan at 4%, unless they elect otherwise. The Plan is a safe harbor plan whereby the employer shall make matching contributions in an amount equal to 100% of elective deferral contributions that are not over 4% of compensation. The employer made matching contributions of \$545,118 and \$478,899 for the years ended December 31, 2021 and 2020, respectively. There were no additional discretionary matching contributions made by the employer during 2021 and 2020. In addition, the Plan allows for employer discretionary profit-sharing contributions. No profit-sharing contributions were made for the years ended December 31, 2021 and 2020. The Plan also accepts participant rollovers from other qualified retirement plans.

Participant Accounts

Each participant's account is credited with participant deferrals, rollovers and employer matching contributions and allocations of the employer's profit-sharing contribution, if applicable, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Benefits

Vested benefits may be distributed upon termination of employment, retirement, death or permanent disability. Distributions may be made in one lump-sum payment or in installment payments, as defined in the Plan document. A participant may also request a withdrawal, subject to limitations, upon attainment of age 59½, or upon demonstration to the plan administrator that the participant is suffering from hardship and meets the criteria specified in the Plan.

Note 1: Description of Plan (Continued)

Vesting and Benefits (Continued)

The portion of participants' accounts consisting of salary deferrals, rollover contributions, employer safe harbor matching contributions, and actual earnings, thereon, are 100% vested immediately. Vesting for employer discretionary matching and profit-sharing contributions are subject to a graded vesting schedule at a rate of 20% after two years of service, as defined, with vesting percentages increasing thereafter until 100% vesting is achieved after six years of service. A year of vesting service is defined as 500 hours of service per year. For a participant who is an employee on or after the date they reach normal retirement age or is an employee on the date they die or become disabled, as defined, shall be 100% vested.

The amount of forfeitures attributable to employer discretionary matching and profit-sharing contributions, if any, which have not become vested are applied to reduce future employer contributions to the Plan and plan expenses. During the years ended December 31, 2021 and 2020, \$3,834 and \$3,852, respectively, were used to reduce employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$7,823 and \$3,573, respectively.

Investment Options

Plan participants may select their investments from various investment options made available under the Plan. Plan contributions are invested based upon these selected options.

Notes Receivable From Participants

Participants may borrow from their Plan accounts. The minimum permitted loan is \$1,000 and the maximum permitted loan is the lesser of \$50,000 or one-half of the current value of the participant's vested interest in the Plan. Loans must be repaid, with interest, over a period not to exceed five years unless for the purchase of a principal residence, in which case, the loan must be repaid within a reasonable amount of time not to exceed 30 years. Effective March 1, 2019, the Plan adopted an amendment which no longer allows the extension of the repayment period beyond five years. Participants are allowed two loans outstanding from the Plan at a time. Loans are secured by participant balances and bear interest at 2% above the prime rate, as defined, determined at the time of borrowing. Interest rates ranged from 5.25% to 7.5% on loans outstanding as of December 31, 2021. Principal and interest are paid ratably through weekly payroll deductions.

Plan Termination

While the employer has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall become 100% vested in employer contributions.

CARES Act

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Certain design changes were made to the Plan during 2020 as permitted pursuant to the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain revenues and the related assets are recognized when received rather than when earned, and certain expenses and the related liabilities are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States primarily because the Plan has not recognized contributions receivable and the related effect on the statements of changes in net assets available for benefits. The modified cash basis of accounting is an acceptable method of reporting under Department of Labor regulations.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and reductions in net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on the settlement-date basis. Dividends are recorded when received. Net appreciation includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

The fully benefit-responsive contract is reported at contract value, which is the amount the participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are reflected as a reduction in net assets available for benefits when paid.

Note 3: Fully Benefit-Responsive Investment Contract (FBRIC)

The Plan invests in a fully-benefit responsive investment contract with Principal Life Insurance Company in the form of a guaranteed investment contract ("GIC") that invests in traditional investment contracts. Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed semiannually for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal Life Insurance Company including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Principal Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

Note 4: Fair Value Measurements

The fair value of the Plan's investments is determined using a hierarchy that prioritizes the inputs to valuation techniques. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for identical or similar assets in inactive markets, quoted prices for similar assets in active markets, observable inputs other than quoted prices or inputs that are derived principally from or corroborated by observable market data by correlation or other means; and Level 3 inputs consist of inputs to the valuation methodology that are unobservable and significant to the fair value measurement and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds: All mutual funds are valued using quoted prices in active markets.

Common/Collective Trusts and Pooled Separate Accounts: Valued at the net asset value (NAV) of the shares of the trusts or accounts held by the Plan at year end. The NAV is based on the fair value of the underlying investments of the trust or accounts less its liabilities. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

*In accordance with current accounting standards, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The inputs or methodology used for valuing securities are not necessarily indicative of the risk associated with investing in those securities.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividend income for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Tax Status

A qualified plan's income is exempt from Federal income tax and the participants of the plan are not subject to tax on either the income or the contributions until such time as a distribution is made. On January 1, 2017, the Employer adopted the Principal Financial Group 401(k) Volume Submitter Plan. The Internal Revenue Service issued an opinion letter on the volume submitter plan indicating it is in compliance with the applicable sections of the Internal Revenue Code. The letter states, in part, that an employer who adopts this Plan may rely on the letter with respect to the qualification of its plan under Code Section 401(a), provided the terms of the volume submitter plan are followed.

Specific approval of the volume submitter plan, as adopted by the employer, as a qualified plan has not been requested or received; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8: Party-In-Interest Transactions

Certain investments of the Plan are in shares of common/collective trusts, pooled separate accounts, and a guaranteed investment contract that are managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions. The value of these investments was \$18,059,139 and \$16,246,662 at December 31, 2021 and 2020, respectively. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. The Plan also has arrangements with various service providers, which also qualify as party-in-interest transactions under ERISA. In addition, the Plan has notes receivable from participants that qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
