INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Loyola University Maryland Retirement Plan

SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We performed an audit of the accompanying financial statements of the Loyola University Maryland Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2021, the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

OPINION ON THE 2021 FINANCIAL STATEMENTS

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT, CONTINUED

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE 2021 FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE 2021 FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

INDEPENDENT AUDITORS' REPORT, CONTINUED

form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OTHER MATTER - 2020 FINANCIAL STATEMENTS

The financial statements of the Plan as of December 31, 2020 was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 8, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 **DESCRIPTION OF PLAN**

The following brief description of Loyola University Maryland Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

GENERAL

The Plan is a defined-contribution plan that covers eligible employees of Loyola University Maryland, Inc. (University). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The University is a private, nonprofit higher education institution located in Baltimore, Maryland. The University provides education and training services to undergraduate and graduate students.

The Board of Trustees and Plan Administrator, acting on the authority of the University, administer the Plan. Teachers Insurance and Annuity Association of America (TIAA) is the recordkeeper of the Plan. TIAA and College Retirement Equities Fund (TIAA-CREF) is the Trustee of the Plan.

ELIGIBILITY

Full-time employees who are at least 21 years old are eligible to participate on their date of hire or any month thereafter. Part-time regular benefited employees who are at least 21 years old are eligible to participate on their date of hire if they are expected to complete at least 1,000 hours of service in their first year of employment. Part-time non-student employees who are not eligible for benefits become eligible following completion of the age requirement and 1,000 hours of service in any Plan year.

CONTRIBUTIONS

Each year, participants may make pretax contributions up to the annual limitations defined in the Internal Revenue Code. Participants who are United States (U.S.) citizens or resident aliens paid under the U.S. domestic payroll and who perform services for the University primarily within the U.S. or a temporary foreign assignment are eligible to make special Code Section 403(b) contributions pursuant to the Plan. Participants who turn 50 years old before the end of the Plan year are eligible to make catch-up contributions.

(See Independent Auditors' Report)

Participants may elect to make supplemental pretax contributions without a University matching contribution but within the limits permitted by tax regulations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

The University's matching contributions for 2021 were based on 2% of eligible compensation from January 1, 2021 through May 31, 2021 and 9% of eligible compensation from June 1, 2021 through December 31, 2021. Participants must have turned 21 years old, completed one year of service (some exceptions apply), and made a pretax employee contribution of at least 2% of their eligible compensation, to be eligible for the match.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the University's matching contribution, and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their elective contributions, the University's matching contributions, and earnings thereon.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct contributions in various investment options. Specific information regarding these options may be obtained from the Plan Administrator. Participants may change their investment options at any time.

NOTES RECEIVABLE FROM PARTICIPANTS

Beginning in May 2021, participants may borrow from their accounts a minimum of \$1,000 up to 50% of their vested account balances not to exceed \$50,000. The loans are secured by the balance in the participant's account. Loan interest is fixed at the Federal Reserve Board Bank Rate plus 1%. Principal and interest are paid ratably through electronic fund transfer agreements.

PLAN LOANS

Prior to May 2021, loans were available to participants through TIAA-CREF, subject to certain limitations. The interest rate for Plan loans could be fixed or variable with the initial rate and variable rate adjustments, if applicable, determined by the terms of the loan agreement. Plan

(See Independent Auditors' Report)

loans were issued directly from the funds owned by TIAA-CREF and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period the loan is outstanding. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the Statements of Net Assets Available for Benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the Statements of Net Assets Available for Benefits until a distribution event occurs.

Beginning in May 2021, no new plan loans were available for issuance; however, existing plan loans were not required to be converted to Notes Receivable from Participants. As of December 31, 2021 and 2020, participants had outstanding loan balances due to TIAA-CREF of \$949,769 and \$1,173,257, respectively. During 2021, accumulations totaling \$40,946 were used to satisfy plan loan defaults, which were recorded as distributions in the accompanying Statement of Changes in Net Assets Available for Benefits.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in the participant's account. Amounts contributed on a pretax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participant turns 59½ years old.

PLAN EXPENSES

The administrative expenses related to the Plan's Trustee are paid by the Plan. The University pays all other administrative expenses of the Plan.

PLAN TERMINATION

Although the University has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the net assets of the Plan would be distributed to participants based upon individual equities in the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the

(See Independent Auditors' Report)

amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENTS

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. See Note 4 for a discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are carried at their unpaid principal balances plus accrued interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan agreement.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

RISK AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(See Independent Auditors' Report)

SUBSEQUENT EVENTS

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 12, 2022, the date the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments were held by the Trustee at December 31, 2021 and 2020. Financial information related to those investments is included in the accompanying financial statements based on information certified as complete and accurate by the Trustee. The information, which was not audited by independent auditors, is summarized below:

	<u>2021</u>	<u>2020</u>
Mutual Funds	\$ 152,668,400	\$ 129,810,710
Self-Directed Funds	3,086,222	3,259,693
Fixed Annuity Contract – Non-Benefit Responsive	67,598,848	66,747,768
Fixed Annuity Contract – Fully Benefit Responsive	23,866,817	24,863,123
Variable Annuity Contract	172,933,924	155,854,111
Pooled Separate Accounts	<u>10,254,933</u>	<u>8,573,482</u>
Investments Certified by Trustee	<u>\$ 430,409,144</u>	<u>\$ 389,108,887</u>

During December 31, 2021, certified investment income consisted of the following:

Net Appreciation in Fair Value of Investments	\$ 43,506,522
Interest and Dividends	<u>5,984,749</u>
	<u>\$ 49,491,271</u>

NOTE 4 VALUATION OF INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the Codification establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments and other financial instruments at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

(See Independent Auditors' Report)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds and Variable Annuities: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

Self-Directed Funds: Valued at the closing price reported in the active market on which the individual securities are traded.

Fixed Annuity Contract – Non-Benefit Responsive: Valued at contract value, which approximates fair value. As these investments are contract based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. These assets are classified as Level 3 within the fair value hierarchy.

(See Independent Auditors' Report)

Pooled Separate Accounts: Valued at the NAV of shares held by the Plan at year end. NAV is quoted on a private market that is not active; however, the share price is based on underlying investments that are traded on an active market. These assets are classified as Level 2 within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021.

Beginning Balance, January 1, 2021	\$ 66,747,768
Transfer to Level 3, Net	1,615,069
Investment Earnings	2,383,232
Purchases	189,155
Sales	<u>(3,336,376)</u>
Ending Balance, December 31, 2021	<u><u>\$ 67,598,848</u></u>

The following table presents information about significant unobservable inputs related to the Plan's investment in the TIAA Traditional Annuity – Non-Benefit Responsive contract at December 31, 2021 and 2020:

Fair Value		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input
2021	2020			
\$ 67,598,848	\$ 66,747,768	Discounted Cash Flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	1%-3%

(See Independent Auditors' Report)

NOTE 5 **GROUP ANNUITY CONTRACT – BENEFIT RESPONSIVE**

The Plan entered into investment contracts with TIAA-CREF that are fully benefit-responsive investment contracts and, therefore, reported at contract value. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the funds, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value with TIAA-CREF.

Such events include the following: (a) amendments to the Plan agreement (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The group annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 **TAX STATUS**

The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes was included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator concluded there were no uncertain tax positions as of December 31, 2021.

NOTE 7 **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Trustee of the Plan. The Plan pays investment management and recordkeeping fees to parties in interest, and these expenses are included in the net appreciation in fair value of investments. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.
