Financial Statements

December 31, 2021

Independent Auditors' Report

The Plan Administrator of Care One Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Care One Management 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Care One Management 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Care One Management 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of facilities managed by Care One Management, LLC (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers of assets into the Plan of \$364,790 and out of the Plan of \$959,185 are the result of participants changing employment positions between the Plan Sponsor and one of the Plan Sponsor's affiliated entities. These affiliated entities of the Plan Sponsor manage separate defined contribution plans.

On December 31, 2020, Empower Retirement completed their acquisition of Massachusetts Mutual Life Insurance Company's retirement plan business. Great-West Life & Annuity Insurance Company ("GWLA") and Great-West Trust Company, LLC ("GWTC") (collectively "Great-West") are the custodian of the Plan, which replaced Massachusetts Mutual Life Insurance Company as a result of the acquisition effective January 1, 2021.

Eligibility

The Plan excludes employees classified as per-diem and pay-in-lieu of employees, leased employees, non-resident aliens and employees covered by a collective bargaining agreement. All other employees are eligible to participate in the Plan upon the first day of the month after completing one hour of service and the attainment of age 21. The employees are generally eligible for a discretionary match and profit sharing employer contribution upon the first day of the month after completing 180 days of service and attainment of age 21. Employees must also be employed on the last day of the Plan year to receive either a discretionary match or profit sharing employer contribution unless they have become disabled, obtained normal retirement age or have died.

Contributions

Participants may contribute a percentage of their pretax annual compensation each year, as defined in the Plan agreement, subject to a maximum annual limit as defined by the Internal Revenue Code ("IRC"). Participants direct the investment of all contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision for employees hired after January 1, 2011, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Care One Management 401(k) Plan

Notes to Financial Statements
December 31, 2021

1. Description of the Plan (*continued*)

Contributions (continued)

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participants' election deferrals. The Company has elected to make a matching contribution of \$953,412 for the year ended December 31, 2021. The Company can make a discretionary profit sharing contribution. For the year ended December 31, 2021, the Company did not make a discretionary profit sharing contribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance.

Loans are payable in full to the Plan as of the date of death, disability or plan termination. The loan interest rates are determined by the plan administrator. The loans plus interest must be repaid within five years, which may be extended to ten years for the purchase of a principal residence.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Company contribution portion of their accounts upon the completion of three years of service.

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement (age 65), the participant is entitled to the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance does not exceed \$5,000, the plan administrator will authorize the benefit payment without the participant's consent.

Care One Management 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan (*continued*)

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$603,975 and \$411,836. These accounts will be used to reduce future employer contributions. In 2021, employer contributions were reduced by \$110,000 from forfeited non-vested accounts. In 2021, forfeitures of \$94,860 were used to reduce Plan expenses.

Expenses

Certain expenses of maintaining the Plan may be paid by the Employer and are excluded from these financial statements. Investment related expenses are included in the value of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation in value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2021 and 2020, all investments, that were valued at fair value, were valued using level 1 inputs.

Care One Management 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the stable value investment, which is stated at contract value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and transact at that price. All mutual funds of the Plan are deemed to be actively traded. The stable value investment is stated at contract value, which represents contributions, plus credited interest, less participant withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Other Liability

The other liability balance at December 31, 2020 consisted of an excess deposit, which was due to an administrative oversight, within the forfeiture account that was corrected in January 2021 by the plan administrator.

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. The plan administrator has determined that the Plan had no uncertain tax positions that would require financial recognition and/or disclosure. The plan administrator believes that the Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to 2018.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 28, 2022.

Care One Management 401(k) Plan

Notes to Financial Statements

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2021, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West and Reliance Trust Company, qualified institutions. Massachusetts Mutual Life Insurance Company (“MassMutual”) and Reliance Trust Company, the custodian and trustee of the Plan as of December 31, 2020, certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2020.

4. Stable Value Separate Account

The Plan invests in the MassMutual Separate Account Guaranteed Interest Contract (“SAGIC”) account which is a fully benefit-responsive stable value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants’ accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at Contract Value.

The average yield earned is calculated by dividing the annual interest credited to the Plan during the plan year by the average annual fair value. The average yield earned by the Plan and average interest rate credited to the participants for the year ended December 31, 2021 was 3.10%.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; and (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of Great-West, the custodian, was evaluated by nationally recognized statistical rating agencies as of March 31, 2022 as follows: A.M. Best Company, Inc. (A+), Moody’s Investors Service (Aa3), Standard and Poor’s (AA), and Fitch Ratings (AA).

Care One Management 401(k) Plan

Notes to Financial Statements
December 31, 2021

5. Party-in-Interest

Certain investments of the Plan are managed by Great-West and Reliance Trust Company, the custodian and trustee. MassMutual, the custodian in 2020, also managed certain investments through the end of 2020. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Certain administrative functions are performed by the employees of the Company, which are party-in-interest transactions. No such employee received compensation from the Plan.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. Their loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the IRS letter, however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Care One Management 401(k) Plan

Notes to Financial Statements
December 31, 2021

8. Risks and Uncertainties (*continued*)

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
