Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Stewart Engineering, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

To the Retirement Plan Committee
Stewart Engineering, Inc. 401(k) Plan
Raleigh, North Carolina

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Stewart Engineering, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stewart Engineering, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stewart Engineering, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stewart Engineering, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

To the Retirement Plan Committee
Stewart Engineering, Inc. 401(k) Plan
Raleigh, North Carolina

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Stewart Engineering, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STEWART ENGINEERING, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the Stewart Engineering, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of the Company who have reached twenty-one years of age and have completed three months of service. Upon satisfying these requirements, employees become a participant on the first day of the month following the completion of the eligibility requirements.

Effective April 1, 2014, the Plan was amended to allow Plan participants the option to make Roth elective deferral contributions. The allocation formula for non-elective profit sharing plan contributions was changed to be fully integrated with social security. The Plan was amended on April 29, 2020 to change the employer matching contribution to a discretionary matching contribution.

Contributions

The Company made matching contributions equal to 100% of up to the first 3% of compensation which is deferred as an elective deferral from January 2021 through September 2021. Beginning in October 2021, the Company changed the matching contribution percentage to 5% of compensation which is deferred as an elective deferral. For the year ending December 31, 2020, the Company made matching contributions equal to 100% of up to the first 5% of a participant's compensation which is deferred as an elective deferral through April 16, 2020. After the Plan was amended on April 29, 2020, the Company chose not to make any matching contributions for the remainder of the year ending December 31, 2020. The Board of Directors determines the matching amount on an annual basis.

The board may approve an annual discretionary profit sharing contribution to the Plan. All eligible plan participants will share in profit sharing contributions without regard to employment status as of the end of the year. The profit sharing contribution is allocated to eligible participants using a social security integrated allocation formula as defined in the Plan document. For this purpose, a participant's compensation shall be considered to be gross salary or wages for the plan year. The Board of Directors of the Company has elected not to make a profit sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's profit sharing contributions, (b) the Company's matching contributions and (c) Plan earnings or loss, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or accounts balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

<u>Years of Service For Vesting</u>	<u>Percentage of Account Vested</u>
1 Year	50%

Notes Receivable from Participants

Loans are available to participants under the Plan. Generally, the total amount of loans may not be more than 50% of the participant's vested interest in the Plan or \$50,000, if less. Loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the Company. Interest rates for all outstanding loans are between 4.25% and 7.50%. Principal and interest are paid ratably through payroll deductions.

As of December 31, 2021 and 2020, notes receivable from participants amounted to \$98,702 and \$175,466, respectively.

Benefits Under the Plan

Each participant becomes eligible to receive benefits upon retirement, death, disability or, consistent with the written payout policy of the Plan, when he or she leaves the employment of the Company. Participants may elect to receive benefits as follows:

- (1) A lump sum payment; or
- (2) Equal installments over a designated number of months, quarters or years, not to exceed the life expectancy or the joint life expectancy of the participant and spouse or other beneficiary; or
- (3) A partial withdrawal; or
- (4) An annuity over the participant's life (or the life of the participant and his/her spouse).

The method of distribution available depends on the circumstances surrounding the participant's departure and varies for each of the participant's individual accounts. Participants should refer to the Plan agreement for a more complete description of distribution alternatives.

Note 1 - Description of Plan (continued)

Benefits Under the Plan (continued)

In addition to the above, the Plan allows for hardship distributions. Participants must meet certain conditions which are outlined in the Plan document to be able to participate in a hardship distribution.

Notwithstanding the above, a participant who terminates for reasons other than retirement, death or disability shall be paid in a single sum payment if the total value of all his or her vested account balances does not exceed \$5,000.

Forfeited Accounts

At December 31, 2021, forfeited non-vested accounts totaled \$34,611. These accounts will be used to reduce future employer contributions.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for credit losses was not deemed necessary for the years ended December 31, 2021 and 2020. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian of Plan assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

ASC 820-10-55 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described in more detail as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

All of the Plan's assets were held in funds administered by Newport Trust Company for the year ended December 31, 2021 and PNC Bank, NA for the year ended December 31, 2020.

Mutual fund shares are valued at quoted market prices which represent the net asset value of shares held by the Plan at the end of the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (or depreciation) of the fair value of investments.

Subsequent Events

The Plan has evaluated all subsequent events through September 8, 2022, the date the financial statements were available to be issued.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Recent Accounting Standards Updates

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The updated guidance improves the disclosure requirements on fair value measurements by removing, modifying or adding certain disclosures. The ASU is effective for all entities for years beginning after December 15, 2019. The Plan adopted ASU 2018-13 on January 1, 2020. The adoption of this standard did not have a material impact on the Plan's financial statements.

Note 3 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 - Risk and Uncertainties

COVID-19

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (COVID-19). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic. This pandemic has adversely affected global economic activity and has greatly contributed to significant volatility in financial markets throughout the world. Depending on the severity and length of the outbreak, this pandemic could present material uncertainty and risk with respect to the Plan.

Note 5 - Tax Status

The Plan was established as a qualified employee retirement plan under Section 401 of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974. As such, the Plan is exempt from federal and state income tax.

The Plan has obtained a determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits under way. The Plan administrator believes that the Plan is no longer subject to income tax examinations prior to December 31, 2018.

Note 6 - Unaudited Information Certified by Third Party Administrator

The accompanying financial statements include the following unaudited information as of December 31, 2021 and 2020 and for the year ended December 31, 2021, which was obtained from data prepared and certified to be complete and accurate by the Trustee, Newport Trust Company (for 2021) and PNC Bank, NA (for 2020).

Note 7 - Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8 - Related Party Transactions and Party In Interest Transactions

Newport Group, Inc. functions as the Plan's recordkeeper. Due to this service arrangement, transactions with this entity qualify as party in interest transactions. During 2021, Newport Group, Inc. received indirect compensation totaling \$44,170.

Steward Ingram & Cooper PLLC provides the Plan with auditing services. Due to this service, transactions with this entity qualify as party in interest transactions. During 2021, Steward Ingram & Cooper PLLC was paid \$14,400 by the Plan sponsor for auditing services.

Note 9 - Reconciliation of Financial Statements to Form 5500
