Independent Auditor's Report

Plan Administrator
Centurion Investments, Inc. 401(k) Plan and Trust
Mascoutah, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Centurion Investments, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Centurion Investments, Inc. 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Centurion Investments, Inc. 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Centurion Investments, Inc. 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Centurion Investments, Inc. 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Centurion Investments, Inc. 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statement of Centurion Investments, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to the financial statements

Note 1: Description of Plan

The following description of the Centurion Investments, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 1990, and last amended on July 1, 2018, by Centurion Investments, Inc. d/b/a AVMATS (the "Plan Sponsor"), is a multiple-employer, defined contribution plan covering all full-time employees of AVMATS and Georgian Aerospace, LLC who are age 18 or older. An employee will become eligible for participation after completing the Plan's eligibility requirements as stated in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may defer salary up to an annual maximum of the lesser of 100% of eligible compensation or the Internal Revenue Service (IRS) limits. The total of employee and employer contributions for a given year cannot exceed the lesser of the IRS limits or 100% of the employee's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans. The Plan allows employees the option of selecting an annual automatic deferral increase of 1% each year.

Each year, the Plan Sponsor may make matching contributions to be determined annually based on a percentage of employee salary deferrals. For the year ended December 31, 2021, the Plan Sponsor has made a matching contribution of 50% of the first 6% of employee deferrals. The matching contribution made by the employer for the year ended December 31, 2021 was \$269,346.

In addition, the Plan Sponsor may make a discretionary profit-sharing contribution to be determined by the Plan Sponsor. Beginning in January 2011, the Plan Sponsor amended the Plan to state that only AVMATS employees are eligible for the profit-sharing contribution. Each eligible person employed by the Plan Sponsor on the last day of the Plan year will receive a portion of the discretionary profit-sharing contribution based on their eligible compensation. Discretionary profit sharing contribution made by the employer for the year ended December 31, 2021, was \$ 100,000.

The Plan allows Roth 401(k) deferrals, which are made on a post-tax basis. Deferrals may be withdrawn by participants for a hardship subject to the same conditions that apply to pre-tax elective deferrals. A participant may receive an in-service distribution from the Roth elective deferral account if it satisfies the same conditions that apply to in-service distributions from the pre-tax elective deferral account and the distribution must be a "qualified distribution."

Notes to the financial statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions, an allocation of the Plan Sponsor's discretionary contribution, and Plan earnings. Each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants vest in their employer contributions plus actual earnings thereon at a rate of 20% per year starting in the second year of service and are fully vested after six years of credited service.

Forfeitures

Participants who terminate their employment and are less than 100% vested in their employer's contributions forfeit their nonvested portion. Forfeitures are retained by the Plan to reduce administrative fees or employer contributions. At December 31, 2021 and 2020, forfeited nonvested account balances totaled \$5 and \$563, respectively. During 2021, there was \$11,573 in Plan forfeitures that were used to pay administrative fees of the Plan.

Participant Hardship Withdrawals

Participants may withdraw from the Plan that portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's vested balance.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued interest. Loans are made in any amount greater than \$1,000, but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. The Plan allows a maximum of three outstanding loans per participant. Loan transactions are treated as transfers from the investment funds to the participant loan accounts. Loan terms range from one to five years or for a longer reasonable period of time if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Interest rates ranged from 4.25% to 6.50% during 2021. Principal and interest are paid ratably through bi-weekly payroll deductions.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to the financial statements

Note 1: Description of Plan (Continued)

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is 65. Upon death and total or permanent disability of a participant while employed, the account balance becomes fully vested.

On termination of service, participants with account balances less than \$5,000 will receive a lump sum amount equal to the value of their vested account balance. The distribution will be made as soon as administratively feasible. Participants with account balances greater than \$5,000 may elect for an immediate lump sum distribution or for distributions received in substantially equal installments of the value of their vested account balance.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in any of the applicable investment options available to Plan participants.

If the participants elect to not self-direct their contributions, the Plan officials will direct their contributions in a default investment that correspond to target retirement dates that have been selected from Charles Schwab Trust Bank (Charles Schwab).

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are paid both by the Plan Sponsor and the participants of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, contract value, or net asset value as a practical expedient. Fair value and contract value are the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements and Note 4 for discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

All amounts allocated to withdrawing participants for benefit claims that have been processed and approved for the payment prior to December 31, 2021 and 2020, were paid to participants on or before that date.

Benefits are recorded when paid.

Benefit paid to participants in 2021 and 2020, include payment of \$21,902 and \$117, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions. These amounts are recorded in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2021 and 2020.

Subsequent Events

Management has evaluated subsequent events through the independent auditor's report dated September 23, 2022, the financial statement were available to be issued and did not note any other items, which required disclosure.

Centurion Investments, Inc. 401(k) Plan and Trust

Notes to the financial statements

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Board (ASC) 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The registered investment companies held by the Plan are deemed to be actively traded.

Life insurance cash value: The cash value of the life insurance policies is determined using methodologies as dictated by National Life Insurance Company in accordance with specified maturity tables as defined within the policies.

Common collective trust funds: Collective investment funds are valued at net asset value as a practical expedient by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issue.

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract and a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The value of synthetic contracts as of December 31, 2021 and 2020, totals \$438,544 and \$427,127, respectively. The value of traditional contracts as of December 31, 2021 and 2020, totals \$20,281 and \$22,480, respectively.

The synthetic investment contracts are portfolios of securities owned by the fund. Each of the synthetic investment contracts has a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts. The fair value of a synthetic investment contract is determined based on the fair value of the securities underlying each investment contract. The underlying securities can be comprised of, primarily, over-the-counter market securities and open-end mutual funds. Over-the-counter securities, such as fixed-income instruments, with remaining maturities greater than 90 days are fair valued using price evaluations provided by a pricing service. In addition, the fair value of the wrap contract is calculated using the contract value of investment contract as of the balance sheet date, giving consideration to any contractually agreed-upon replacement fees charged by the wrap contract provider.

The traditional investment contract held by the Plan represents deposits, which guarantee a stated interest rate for the term of the contracts. The fair value of traditional investments is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments.

The average yield and crediting interest rate was approximately 3.46 % and 3.92 % for the years ended December 31, 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

Notes to the financial statements

Note 5: Life Insurance Value Cash

In previous periods, the Plan offered a life insurance policy for its participants who elect this option. The Plan has been amended and participants are no longer allowed to elect life insurance within the Plan. Participants who had elected the life insurance when it was offered by the Plan are allowed to continue and premiums are deducted from the participant's bi-weekly payroll.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab. Charles Schwab is the custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. EPIC Retirement Plan Services is the third-party administrator and recordkeeper for the Plan and is, therefore, also considered a party-in-interest. The fees paid by the Plan for the investment management services are netted with the investment income on each investment option of the Plan for the year ended December 31, 2021.

Note 7: Tax Status

The Plan is a volume submitter Plan that received a favorable advisory opinion from the IRS on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
