INDEPENDENT AUDITOR'S REPORT

Administrative Committee of
Cowin Equipment Company, Inc. 401(k) Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

I have performed audits of the financial statements of Cowin Equipment Company, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note K to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of my report. I am required to be independent of the Plan and to meet other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence that I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cowin Equipment Company, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit of the 2021 Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise doubt about the Plan's ability to continue as going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

I was engaged to audit the 2020 financial statements of the Cowin Equipment Company, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed me not to perform and I did not perform any auditing procedures with respect to the information certified by a qualified institution. In my report dated August 26, 2021, I indicated that (a) because of the significance of the information that I did not audit, I was unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, I did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Cowin Equipment Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan of Cowin Equipment Company, Inc. (Employer) is a defined contribution employees' profit sharing plan covering all full-time employees (except collectively bargained employees, non-resident aliens, and leased employees) of the Company who have completed one year of service and have attained the age of 19. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2020, Congress passed the Setting Every Community Up for Retirement Act of 2019. Many of the provisions of the SECURE Act are effective on January 1, 2020.

Contributions: Each year, participants may contribute an amount of their pretax annual compensation as defined by the Plan up to the maximum amount permitted under Internal Revenue Code 402(g). Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective investment trust as investment options for participants.

The Employer may make a discretionary annual matching contribution to the Plan. Employer matching contributions are allocated to participants' accounts based on the participants' elective contributions up to a specified percentage of annual compensation. In addition, the Employer may make a discretionary profit sharing contribution. The profit sharing contribution is allocated to participant accounts based on annual compensation. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, allocations of the Employer's contribution and Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants acquire nonforfeitable rights to their Employer contribution accounts and the related earnings based on graduated vesting which begins after two years of service and reaches 100 percent after six years of service. In addition, a participant who attains normal retirement age (59 and 1/2 as defined by the Plan) while still working for the Employer becomes 100% vested automatically.

Payment of Benefits: Upon termination of service or attainment of normal retirement age, a participant may elect to receive the value of his or her vested account balance in the form of a lump sum distribution or installment payments.

Unallocated Assets: All employer contributions were allocated to individual participant accounts at December 31, 2021 and 2020.

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Forfeited Accounts: At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$66,954 and \$46,796, respectively. These accounts are used to reduce future employer contributions to the Plan. Also, employer contributions were reduced by \$62,562 and \$49,053 for the years ended December 31, 2021 and 2020.

Plan Amendments: The Plan Administrator amended the Plan on June 5, 2020 to adopt certain changes as authorized under the Coronavirus Aid, Relief, and Economic Security Act, (Cares Act). Those amendments included a provision allowing participants to take up to \$100,000 in coronavirus related distributions during calendar year 2020 without being subject to the 10% additional tax related to early distributions. The amendment also allows these distributions to be repaid at any time over a three year period.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition: The Plan adopted ASU 2018-13, Amendments to Fair Value Measurement Disclosures as of January 1, 2020. The Plans investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Expenses: Certain Plan administrative expenses are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation and depreciation of fair value of investments.

Payment of Benefits: Benefits are recorded when paid.

NOTE C- FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides a framework for measuring fair value under GAAP. It establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- (a) Quoted prices for similar assets or liabilities in active markets
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets
- (c) Inputs other than quoted prices that are observable for the asset or liability; and
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level within fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31	
	2021	2020
Investments, at fair value:		
<u>Level 1- Measured at fair value using market approach</u>

NOTE C- FAIR VALUE MEASUREMENTS- CONTINUED

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 in the amount of \$4,737,172 are reported in net appreciation in fair value of investments and are related to Level 1 investments.

For years ended December 31, 2021, and 2020, there were no Level 2 or Level 3 investments and therefore no transfers between Levels 1 and 2, no transfers in or out of Level 3, and no purchases of Level 3 assets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021, and 2020.

Mutual funds- Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Principal Stable Value Fund- This is a collective investment trust and is valued at the net asset value of the units of the collective trust. The net asset value is used as a practical expedient to estimate fair market value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE E - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Funds, Inc. Since Principal Trust Company also serves as trustee as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services rendered by Principal Life Insurance Company that have been included in administrative expenses in the accompanying financial statements amounted to \$3,550 during 2021. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - CORRECTIVE DISTRIBUTIONS TO PARTICIPANTS

Corrective distributions of excess deferral contributions were made to certain active participants as required by law to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE H - TAX STATUS

The Plan is a nonstandardized 401(k) profit sharing plan based on the Principal Life Insurance Company prototype non-standardized 401(k) profit sharing plan. Since it is an adoption of a prototype plan previously determined on March 31, 2014 to be qualified by the Internal Revenue Service, it is believed that the Plan is also qualified and therefore exempt from income tax.

NOTE I- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
