INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
CDI Management Corp. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of CDI Management Corp. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CDI Management Corp. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI Management Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CDI Management Corp. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CDI Management Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CDI Management Corp. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the CDI Management Corp. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with elective deferral, employer matching, and discretionary nonelective employer contribution features. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's sponsor is CDI Management Corp. and the following companies are participating employers:

Medical Scanning Consultants, P.A.
CDI Puget Sound, LLC
InSight Health Corp.
Osceola Radiology Associates, P.A.
Foundation Radiology Group, P.C.
Foundation Radiology, Inc.

Contributions

A participant may make an elective deferral up to the annual limit imposed by Internal Revenue Code (IRC) Section 402(g), which was generally \$19,500 for 2021 and 2020. The Plan allows for participants to make both pretax and Roth deferrals.

Discretionary matching contributions are made by the Plan Sponsor as a one-time lump sum contribution credited to participants in January following the end of the plan year. The Employer may also make a one-time discretionary nonelective contribution, equal to an amount determined annually. A participant needs to be employed on the last day of the plan year in order to receive the nonelective contributions. The Plan also provides for qualified nonelective contributions, when needed to satisfy nondiscrimination requirements, as well as for rollover contributions and transfers in from other qualified plans.

The Employer may also make a special discretionary nonelective contribution to owners of Medical Scanning Consultants, P.A. (physician partners), in an amount determined annually. To receive an allocation of any special discretionary nonelective contribution for physician partners, a participant must be eligible for the (regular) discretionary nonelective contribution and be an owner of Medical Scanning Consultants, P.A. A physician partner's share of such a contribution is equal to the ratio the partner's compensation bears to the compensation of all eligible physician partners.

The total Employer nonelective contributions for the plan year ended December 31, 2021 were \$3,007,820. The total amount of Employer contributions for the plan year ended December 31, 2021 were \$5,344,628.

Eligibility

Generally, a nonunion employee of a participating employer is eligible to enter the Plan for purposes of making elective deferrals and receiving matching contributions immediately upon employment. New employees are automatically enrolled at a 6 percent contribution rate unless they choose to opt out. The entry dates for receiving discretionary nonelective Employer contributions are January 1, April 1, July 1, or October 1 following one year of service and 1,000 hours of employment.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and the Plan's earnings. Each account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is only the benefit that can be provided from the participant's individual account.

Vesting

Participants are immediately vested in their own contributions. Employer contributions to participant accounts vest at 25 percent per year for the first four years until they are 100 percent vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms may be up to five years, or longer for the purchase of a primary residence. The outstanding loans mature periodically through 2031. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, based on the prevailing interest rates for loans under similar circumstances, currently at 4.25 to 6.50 percent as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to leave their account balance in the Plan if their balance is greater than \$5,000. If the balance is between \$1,000 and \$5,000, the trustee will transfer the amount to a Fidelity IRA. If it is less than \$1,000, it will be distributed to the participant.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to pay for administrative expenses or to reduce Employer contributions payable under the Plan, if so directed by the Employer. The amount of forfeitures used to pay expenses and reduce contributions during 2021 was \$174,792. The balance in the forfeiture account at December 31, 2021 and 2020 was \$173,113 and \$126,280, respectively.

COVID-19

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), in response to the global outbreak of the novel coronavirus (COVID-19). The CARES Act included several relief provisions available to retirement plans and their participants. The Plan implemented the following relief provisions and Plan management intends to formally amend the plan as required.

- COVID-19 related distributions: Qualified participants could receive COVID-19 related distributions of up to \$100,000 of their vested Plan account during 2020 without an early withdrawal penalty. These distributions are eligible for repayment within three years
- Participant loans: Increase of loan amounts up to the lesser of \$100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants could elect to suspend loan repayments through December 31, 2020. Repayments were required to resume in January 2021. Impacted loans were re-amortized to extend the payoff period by one year and include accrued interest for the suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

The economic impact of COVID-19 or any other pandemic could adversely affect the Plan's financial condition. Resurgence of outbreaks could continue to impact the Plan and given the ongoing uncertainty surrounding the nature of COVID-19, its magnitude, and its duration, future effects remain difficult to predict at this time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Value and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Fidelity investment funds are determined by Fidelity, based on quoted prices in an active market.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. In the event of default, such loans are deemed distributions and reported to plan participants as taxable income. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded as a deduction from the Plan's assets when paid.

Operating Expenses

The Employer may, at its discretion, absorb administrative expenses of the Plan while the remaining expenses are paid by the Plan.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2021 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through September 14, 2022, which is the date the financial statements were available to be issued.

CDI Management Corp. 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Funds: Valued at \$1 per share.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Investments: Valued at the closing price reported in the active market in which the individual securities are traded.

Common Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lined items presented in the statement of net assets available for benefits.

Fair Value of Investments that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively:

CDI Management Corp. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2021 and 2020

Note 4: Tax Status

The Internal Revenue Service has issued an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, are exempt from federal and state income tax. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risks and Uncertainties

The assets of the Plan are invested in various individual investment funds according to the direction of the plan participants. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits, and accordingly, account balances of participants in the Plan.

Note 6: Information Certified by Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as being complete and accurate by Fidelity Management Trust Company (the Trustee).

	2021	2020
Assets at December 31:		
Investments	\$ 287,180,439	\$ 251,851,712
Notes receivable from participants	2,766,721	3,062,847
	2021	
Income for the Year Ended December 31:		
Net appreciation in fair value of investments	\$ 23,814,109	
Interest and dividends	18,605,513	
Interest on notes receivable from participants	171,857	

Note 7: Related Party and Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity is the custodian, trustee, and record keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Fidelity provides administrative services to certain funds invested in by the Plan for which they receive revenue. As a result, Fidelity has agreed to apply a certain revenue credit against Plan expenses as described within the applicable service agreement. Fees paid by the Plan for the investment management services, net of the revenue credit proceeds of approximately \$255,000, amounted to \$54,133 for the year ended December 31, 2021.

Note 8: Plan Termination

Note 9: Concentrations

The Plan has two investments that together accounted for approximately 37 and 35 percent of the Plan's total investments, at fair value at December 31, 2021 and 2020, respectively.
