INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Retirement Plan for American Enterprise Institute
for Public Policy Research

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Retirement Plan for American Enterprise Institute for Public Policy Research, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Retirement Plan for American Enterprise Institute for Public Policy Research's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Retirement Plan for American Enterprise Institute for Public Policy Research and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Plan for American Enterprise Institute for Public Policy Research's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Retirement Plan for American Enterprise Institute for Public Policy Research's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Retirement Plan for American Enterprise Institute for Public Policy Research's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year), reportable transactions, and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter— Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Retirement Plan for American Enterprise Institute for Public Policy Research. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated July 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RETIREMENT PLAN FOR AMERICAN ENTERPRISE INSTITUTE FOR PUBLIC POLICY RESEARCH

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan

The following description of the Retirement Plan for American Enterprise Institute for Public Policy Research (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all employees of the American Enterprise Institute for Public Policy Research (the Institute or the Plan Sponsor). The Plan was adopted on April 1, 1967, and subsequently amended to comply with regulatory requirements. Employees are eligible to participate in the Plan upon commencement of employment and can enter the plan on the first day of the month following the date employment begins. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was retroactively amended to allow for loans for a participant's principal residence to have a maximum loan term of 15 years, effective March 7, 2014. The Plan was then amended in December 2019 to limit loans issued on or after January 1, 2019 to a five-year maximum loan term. On April 1, 2020, the Plan was amended to remove the involuntary cash-out distribution.

The Plan adopted several provisions under the Coronavirus Aid, Relief and Economic Security Act (CARES Act), including the provisions for withdrawals, loan repayment deferment and required minimum distributions for impacted participants who met the criteria under the self-certification. The Plan will be amended in the future to recognize these provisions.

The assets of the Plan are managed by Teacher Insurers and Annuity Association (TIAA-CREF) and Empower Retirement (Empower or recordkeeper). On December 31, 2020, Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company (recordkeeper). Participants are not permitted to direct their contributions to investment options offered by TIAA-CREF. Plan assets totaling approximately \$165,599 and \$155,994 were transferred from TIAA-CREF to the recordkeeper during the years ended December 31, 2021 and 2020, respectively.

Contributions

Eligible participants may elect to make salary reduction contributions up to 100% of their compensation, as determined by the Plan, subject to the limitations under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan with the exception of those offered by TIAA-CREF. The Institute provides a non-elective employer contribution equal to 12% of participants' eligible compensation, as defined in the Plan, for all employees that have completed two years of service. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is participant-directed, and is credited with the participant's contributions, the earnings/losses on the participant's account, and the Institute's contribution. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FOR PUBLIC POLICY RESEARCH**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their salary deferral contributions and employer contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant account and bear interest as determined by the Plan Administrator based on prevailing rates. Notes receivable repayments are made through monthly ACH transfers directly from a participant's bank account and are credited to the participant's 403(b) account upon receipt of payment.

Payment of benefits

The Plan provides for distribution of accumulated benefits upon death, disability, separation of service, financial hardship, in-service at age 59 ½ and retirement of participants, in either a single lump sum payment or installment payments.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contracts (reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Employee contributions are recognized on the pay date to which they relate. Employer contributions are recognized monthly in the month to which they relate.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's administrative expenses (including loan expenses) are substantially paid by the Institute and in part by the Plan, as provided by the Plan document. Expenses that are paid by the Institute are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Investments certified by the custodians (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the supplementary information and financial statements, including the associated appreciation (depreciation) and interest earned on notes receivable from participants, was certified as complete and accurate by TIAA-CREF, Empower, and Reliance Trust Company.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets

**RETIREMENT PLAN FOR AMERICAN ENTERPRISE INSTITUTE
FOR PUBLIC POLICY RESEARCH**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

4. Fair value measurements (continued)

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Other registered investments: The other registered investments are accounts that invest principally in equity securities, fixed-income and short-term instruments in accordance with each portfolio's investment objectives. Units held as registered investments are valued at the NAV.

Guaranteed annuity contracts – non-fully benefit responsive: The non-fully benefit responsive (NFBF) guaranteed annuity contracts, composed entirely of the TIAA Traditional Annuity Contracts, are reported at contract value, which approximates fair value. Fair value is determined using a discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The TIAA Traditional Annuity Contracts are not available for sale or transfer on any securities exchange. The guaranteed annuity contracts are subject to various restrictions; see Note 5.

Pooled separate account: Units held in the pooled separate account (PSA) are valued at the NAV based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by TIAA-CREF, is used as a practical expedient to estimate fair value. The pooled separate account is an insurance company separate account investing mainly in real estate and real estate-related investments, whose value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments.

**RETIREMENT PLAN FOR AMERICAN ENTERPRISE INSTITUTE
FOR PUBLIC POLICY RESEARCH**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

4. Fair value measurements (continued)

Real estate holdings are valued principally using external appraisals, which are estimates of property values based on professionals' opinions. Securities held by the account, if any, are priced using values obtained from independent pricing sources. Unit values are calculated each day. The PSA provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer or cash withdrawals. TIAA guarantees that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order. Transfers out of the PSA are limited to one per calendar quarter.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021

4. Fair value measurements (continued)

For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2, and no transfers from Levels 1 and 2 to Level 3.

The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2021 and 2020.

5. Guaranteed annuity contracts

The Plan has guaranteed annuity contracts that are maintained in TIAA-CREF's TIAA Traditional Account, which consisted of benefit and non-fully benefit responsive investment contracts. The guaranteed annuity contracts are established between the participants and TIAA, an insurance company registered in the state of New York. This investment option is offered in several formats, including Retirement Annuities (RA) and Group Supplemental Retirement Annuities (GSRA). The guaranteed annuity contracts are fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA. When the contract value accumulation (plan asset) of TIAA Traditional is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the twelve-month "declaration year," which begins each March 1, and is not guaranteed for future years. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Contributions to the annuity accounts are grouped by TIAA into "vintages" comprised of premiums received over defined time periods of one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

Certain events may limit the ability of the Plan to transact at contract value with TIAA-CREF. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

RA account balances may only be withdrawn over 10 annual payments. RAs are not considered to be fully benefit-responsive investment contracts as defined by ASC 962, because this provision is considered to restrict participants' "reasonable access" to their contract balances. GSRA's are considered fully benefit-responsive investment contracts, because they are fully liquid and immediately cashable once a participant terminates employment with the employer. The fully benefit responsive investment contract is reported at contract value. The average yield earned was 3.01% and 3.20% for the years ended December 31, 2021 and 2020, respectively.

**RETIREMENT PLAN FOR AMERICAN ENTERPRISE INSTITUTE
FOR PUBLIC POLICY RESEARCH**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

5. Guaranteed annuity contracts (continued)

The balance of non-fully benefit responsive investment contracts as of December 31, 2021 and 2020, were \$12,801,367 and \$13,210,261, respectively. The balance of fully benefit responsive investment contracts as of December 31, 2021 and 2020, were \$1,156,384 and \$1,149,922, respectively.

6. Guaranteed investment contract

The Plan invests in a guaranteed insurance contract, the MassMutual Retirement Service Capital Preservation account, a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The account is credited with contributions plus earnings on the underlying investments and charged for the participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on an agreed-upon formula with MassMutual but cannot be less than a minimum guaranteed rate of return which is revised quarterly. The guaranteed rate of return is subject to a maximum of 3.00% and a minimum of 1.00%. The guaranteed rate was 1.77% and 2.38% at December 31, 2021 and 2020, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The balance of the Capital Preservation account as of December 31, 2021 and 2020, was \$1,279,022 and \$1,946,004, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

7. Party-in-interest transactions

Certain Plan investments are managed by the custodians of the Plan, and therefore, the transactions qualify as party-in-interest transactions. There were no fees paid for the year ended

**RETIREMENT PLAN FOR AMERICAN ENTERPRISE INSTITUTE
FOR PUBLIC POLICY RESEARCH**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

7. Party-in-interest transactions (continued)

December 31, 2021 and 2020. Participant loans also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Plan termination

Although it has not expressed any intent to do so, the Institute has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Income tax status

The Plan has been organized as a prototype plan and is intended to satisfy the tax qualification requirements under IRC 403(b) and is, therefore, not subject to tax under current income tax law. The IRS is currently not issuing determination letters on 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021.

10. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits.

In addition, recent economic uncertainty, and market events as a result of the COVID-19 pandemic and other market forces have led to unprecedented volatility in currency, commodity, credit and equity markets. These recent events underscore the level of investment risk associated with the current economic environment, and accordingly, the level of risk in the Plan.

11. Subsequent events

The Plan Administrator has evaluated events and transactions that occurred after December 31, 2021 through September 27, 2022, the date the financial statements were available to be issued. There have been no material subsequent events that require recognition or disclosure in the financial statements or disclosure in the notes to the financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
