Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Composidie, Inc. Employee Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedules Required by the ERISA

The supplemental schedules, schedule of delinquent participant contributions for the year ended December 31, 2021, and schedule of assets held at end of year as of December 31, 2021, are presented for purposes of additional analyses and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

COMPOSIDIE, INC. EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Composidie, Inc. Employee Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Composidie, Inc., Nature's Blend Wood Products, Inc., and Leading Technologies, Inc. (collectively, Companies), the Plan Sponsors. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended on January 1, 2019.

Eligibility: Full time employees of the Companies who have reached 18 years of age and have completed three months of service are eligible to participate in the Plan, on the first day of the month coinciding with or immediately following the date he or she meets the eligibility requirements.

Contributions: Each year, participants may contribute pre-tax or after-tax annual compensation, as defined by the Plan, up to the maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have completed 1,000 hours of service and meet the age requirement are eligible for a discretionary non-elective employer profit sharing contribution. Employees of Nature's Blend Wood Products, Inc. are not eligible to receive the discretionary non-elective employer profit sharing contribution. Each participant's portion is determined based on the participant's compensation during the year and the applicable Social Security base in effect on the first day of the Plan year. For the year ended December 31, 2021, the Plan Sponsors' contributions amounted to \$400,000.

Participant accounts: Each participant account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, if any, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations to individual participant accounts are based upon unit values at specified valuation dates.

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Participants may have only one loan outstanding at any point in time. Loan terms may be between one and five years, with the exception of loans for the purchases of principal residences which may exceed five years. The loans are collateralized by the balance in the participant's account and bear interest rates equal to the prime rate plus one percent on the loan's issue date. Loan interest rates ranged from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid through payroll deductions.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus actual earnings thereon is based on a six-year graded vesting schedule. Participants will become fully vested if the Companies terminate the Plan, discontinue contributions to the Plan, or if the participant reaches normal retirement age, dies, or becomes disabled.

Forfeitures: As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0 and \$36, respectively. During the year ended December 31, 2021, there were \$53 of forfeited nonvested accounts that were used to reduce Plan expenses, as permitted by the Plan document.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

COMPOSIDIE, INC. EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: Upon retirement, death, disability, or termination of service, a participant may elect to receive a lump sum distribution in the amount equal to the value of the vested interest in his or her account. A participant whose Plan balance is \$5,000 or more at the time of termination may elect to remain in the Plan or receive a lump-sum distribution of their account balance. The Plan Sponsors may initiate an involuntary distribution for those terminated participants whose Plan balance is less than \$5,000 at the time of termination. Hardship distributions are permitted if certain criteria are met.

Note 2. Summary of Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Corrective distributions: Corrective distributions represent amounts that are either paid to or payable to employees for excess contributions made during the Plan year. Such corrective distributions are recorded on the statement of changes in net assets available for benefits as an offset to either the employer's or participants' contributions.

Other employers contributions: Other employer contributions represent amounts that are either received by or receivables for employees for lost earnings and interest for employee contributions and loan repayments made during the Plan year for deposits of employee contributions and loan repayments that were not remitted in a timely manner by the Plan Sponsors to the Plan. Such contributions are recorded on the statement of changes in net assets available for benefits as other employers contributions.

Payments of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative expenses: Except for loan origination fees associated with notes receivable from participants, the Plan's administrative expenses are paid by either the Plan or the Plan Sponsors as provided by the Plan document.

Subsequent events: The Plan has evaluated subsequent events through September 23, 2022, the date the financial statements were available to be issued.

COMPOSIDIE, INC. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for 2021 and 2020. Accordingly, Ascensus, the Recordkeeper of the Plan, as Agent for Ascensus Trust Company, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Part IV, Line 4i - schedule of assets held at end of year as of December 31, 2021, and the related investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements).

The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

- | | |
|-----------|--|
| Level I | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level II | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified contractual term, the Level II input must be observable for substantially the full term of the asset or liability.</p> |
| Level III | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 or 2020:

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded.

Common/collective trust fund: Valued using the net asset value (NAV) as a practical expedient to estimate fair value provided by the Plan's Custodian. The NAV is based on the fair value of the underlying assets owned by the trust, minus liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

COMPOSIDIE, INC. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Total	Level I	Level II	Level III
Investments:				
Mutual funds	\$ 20,874,104	\$ 20,874,104	\$ -	\$ -
Common/collective trust fund (a)	2,286,308	-	-	-
Total assets at fair value	\$ 23,160,412	\$ 20,874,104	\$ -	\$ -

Assets at Fair Value as of December 31, 2020				
	Total	Level I	Level II	Level III

Mutual funds	\$ 18,998,709	\$ 18,998,709	\$ -	\$ -
Common/collective trust fund (a)	1,677,991	-	-	-
Total assets at fair value	\$ 20,676,700	\$ 18,998,709	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5. Related Party Transactions

Plan investments are mutual funds and a common/collective trust account managed by Ascensus Trust Company. Ascensus Trust Company is the Plan Custodian and, therefore, these transactions qualify as party-in-interest.

Fees paid by the Plan for the administrative services and/or investment advisor services amount to \$42,022 for the year ended December 31, 2021. Certain Plan administrative fees are paid by the Companies for which they are not reimbursed. Certain administrative functions are performed by officers or employees of the Companies. No such officers or employees receive compensation from the Plan.

COMPOSIDIE, INC. EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 7. Tax Status

The Plan adopted a non-standardized form pre-approved plan sponsored by the Custodian. The pre-approved plan has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service as to the prototype plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2018, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9. Delinquent Participant Contributions

For the year ended December 31, 2021 and 2020, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under the ERISA. Untimely remittances identified on the Schedule H, Part IV, Line 4a - schedule of delinquent participant contributions, which totaled \$64,895 and \$87,460 (\$64,895 was from 2020 which was corrected in 2021), were corrected through the Department of Labor Voluntary Fiduciary Correction Program in 2021 and 2022. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.
