Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Pension Plan for All Eligible Employees of Crane Co.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Pension Plan for All Eligible Employees of Crane Co. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PENSION PLAN FOR ALL ELIGIBLE EMPLOYEES OF CRANE CO.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Pension Plan for All Eligible Employees of Crane Co., as amended and restated effective January 1, 2019, (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's information.

General — The Plan is a defined benefit pension plan covering eligible employees of Crane, Co. (the "Plan Sponsor") and its participating affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). A trust agreement dated October 1, 1976, between the Company and Chemical Bank Corporation (the "Trust Agreement") established the Crane Co. Master Pension Trust (the "Master Trust"), which is maintained for the benefit of the Plan. The Trust Agreement provides for receiving and investing contributions and disbursing benefits. Effective January 1, 1995, the Company changed the trustee of the Master Trust to The Bank of New York Mellon/BNY Mellon, N.A. (the "Trustee" or "BONY"). Accrued benefits are paid from the assets of the Master Trust. The Master Trust receives and invests Company contributions and disburses benefits to participants.

Eligibility — Employees of covered units of the Company as set forth in the schedules to the Plan document are eligible to participate in the Plan. Eligibility to participate in the Plan was frozen for employees other than union employees effective as of January 1, 2006. Any employee other than a union employee who is hired or rehired, as well as any employee who transfers to a covered unit, on or after January 1, 2006, will not be eligible to participate in the Plan. Effective January 1, 2019, the Plan was amended to freeze participation for union employees at the Company's Barksdale location pursuant to the terms of the collective bargaining agreement between the Company and the members of the Barksdale union, which was approved by the union effective May 2018 (the "CBA"). The Barksdale union members began participating in the Amended and Restated Crane Co. Savings and Investment Plan on January 1, 2019.

Benefits and Vesting — The Plan provides pension, survivor, and disability benefits to Plan participants and beneficiaries. Benefits paid to participants are generally determined based on age, length of service, and individual average wages for a defined accrued benefit payable at age 65. Participants become 100% vested after they have completed five years of eligibility service (unless a participant has a vested interest under a more favorable vesting schedule applicable to a particular covered unit or employee population). Notwithstanding the foregoing, effective January 1, 2013, the Plan was amended to eliminate future pension accruals for active participants, other than union employees who are eligible to participate in the Plan pursuant to the terms of a collective bargaining agreement. In addition, while active employees, whose Plan benefits were frozen as of January 1, 2013, may not accrue additional pension benefits under the Plan, continued service with the Company after January 1, 2013 will count for purposes of determining eligibility for early retirement, vesting and other benefit options available under the Plan. Effective January 1, 2019, the Plan was amended to freeze future pension accruals for union employees at the Company's Barksdale location pursuant to the terms of the CBA.

Certain participants may elect to receive a lump-sum payment, subject to the provisions of the Plan. All other participants are eligible for various forms of annuities.

If employees terminate before rendering five years of eligible service, they forfeit the right to receive pension benefits upon retirement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; and the actuarial present value of accumulated Plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan and Master Trust utilize various investment instruments, including common stocks, fixed income securities (bonds and notes), alternative investment nonregistered funds, registered investment companies, annuity contracts and common collective trust funds ("CCTs"). Investment instruments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global event which could impact the value of investment securities,

PENSION PLAN FOR ALL ELIGIBLE EMPLOYEES OF CRANE CO.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

such as a pandemic or international conflict. Due to the level of risk associated with certain investment instruments, it is reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Concentration of Investments - Included in investments held by the Master Trust at December 31, 2021 and 2020, are shares of the Plan Sponsor's common stock with an aggregate value of \$43,495,475 and \$33,204,154, respectively. This investment represents 8% and 7% percent of total investments at December 31, 2021 and 2020, respectively. A significant decline in the market value of the Plan Sponsor's stock could significantly affect the Plan's net assets available for benefits.

Investment Valuation (Master Trust) — The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Investment Valuation and Income Recognition — Investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes the Master Trust's gains and losses on investments bought and sold as well as held during the Plan year.

Administrative Expenses — Certain administrative expenses, such as Trustee fees and investment advisor fees, are paid directly by the Master Trust to the extent these expenses are not paid directly by the Company. The Company provides accounting and other administrative services to the Plan at no charge.

Payment of Benefits — Benefit payments to participants and beneficiaries are recorded upon distribution.

Subsequent Events — Subsequent events were evaluated through September 29, 2022, the date the financial statements were available to be issued.

3. FUNDING POLICY

Contributions to provide benefits under the Plan are made in cash by the Company in amounts sufficient to satisfy the minimum-funding requirements of ERISA. Contributions are based on normal (current service) cost and amortization of the unfunded actuarial liability as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2021 and 2020.

4. ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services employees have rendered as of the valuation date. Accumulated Plan benefits include benefits expected to be paid to (i) retired or terminated employees or their beneficiaries, (ii) beneficiaries of employees who have died, and (iii) present employees or their beneficiaries. The actuarial present value of accumulated Plan benefits is determined by an independent actuary. The amount results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The effect of Plan amendments on accumulated Plan benefits is recognized during the year in which such amendments become effective.

PENSION PLAN FOR ALL ELIGIBLE EMPLOYEES OF CRANE CO.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

The actuarial present value of accumulated Plan benefits presented in the accompanying financial statements at December 31, 2021 and 2020 is presented using beginning of year benefit information. The actuarial present value of accumulated Plan benefits below is measured as of January 1, 2021, which is a proxy for December 31, 2020.

The actuarial present value of accumulated Plan benefits as of January 1, 2021, is as follows:

	2021
Vested benefits:	
Active employees	\$ 121,674,755
Retired participants and beneficiaries receiving payments	382,037,322
Terminated vested employees	183,897,714
Total vested benefits	\$ 687,609,791
Non-vested benefits	1,799,017
Actuarial present value of accumulated Plan benefits - January 1, 2021	<u>\$ 689,408,808</u>

The changes in the actuarial present value of accumulated Plan benefits as of January 1, 2021, are as follows:

Actuarial present value of accumulated Plan benefits — January 1, 2020	\$ 642,530,698
Increase (decrease) during the year attributable to:	
Benefits accumulated	8,201,994
Benefits paid	(32,323,132)
Interest	18,335,458
Changes in actuarial assumptions	52,663,790
Actuarial present value of accumulated Plan benefits — at January 1, 2021	<u>\$ 689,408,808</u>

The significant actuarial assumptions used in the January 1, 2021 and 2020 valuations were:

- Mortality:
 - o *For January 1, 2021 Measurement Date* –Mortality for non-disabled participants is based on the Pri-2012 Employee and Retiree Mortality Tables (base year 2012) and projected with Mortality Improvement Scale MP-2020, except for current beneficiaries of deceased participants. For current beneficiaries of deceased participants, mortality is based on the Pri-2012 Contingent Survivor Mortality Tables and projected with Mortality Improvement Scale MP-2020. For disabled participants, mortality is based on the Pri-2012 Disabled Retiree Mortality Tables and projected with Mortality Improvement Scale MP-2020.
 - o *For January 1, 2020 Measurement Date* –Mortality for non-disabled participants is based on the Pri-2012 Employee and Retiree Mortality Tables (base year 2012) and projected with Mortality Improvement Scale MP-2019, except for current beneficiaries of deceased participants. For current beneficiaries of deceased participants, mortality is based on the Pri-2012 Contingent Survivor Mortality Tables and projected with Mortality Improvement Scale MP-2019. For disabled participants, mortality is based on the Pri-2012 Disabled Retiree Mortality Tables and projected with Mortality Improvement Scale MP-2019.
- Discount Rate: 2.62% and 3.34% as of January 1, 2021 and 2020, respectively
- Average retirement age (in years): 74.8 and 74.6 as of January 1, 2021 and 2020, respectively

PENSION PLAN FOR ALL ELIGIBLE EMPLOYEES OF CRANE CO.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

The increase due to actuarial assumptions resulted from the following:

Change in mortality tables	\$	(5,310,717)
Change in discount rate assumptions		57,974,507
Total change in actuarial assumptions	\$	52,663,790

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that certain changes in these estimates and assumptions could be material to the financial statements.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques — Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Cash Equivalents - Held primarily in a short-term money market investment fund ("STIF") and valued at its daily closing price. The STIF is deemed to be actively traded, with a readily determinable fair value and is categorized as Level 1.

Common Stocks - Valued at the closing price reported in the active market in which the individual security is traded and categorized as Level 1.

Registered Investment Companies (Mutual Funds) - Valued at their daily closing price as reported by the fund. Registered investment companies are registered with the Securities and Exchange Commission. These funds are deemed to be actively traded and are categorized as Level 1.

Fixed Income Bonds and Notes - Valued based on yields currently available on comparable securities of issuers with similar credit ratings and categorized as Level 2.

Annuity Contract - The fair market value is equal to the Present Value of the remaining expected payments and categorized as Level 2.

Common Collective Trusts - Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV as provided by its trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner.

Alternative investments - Alternative investments include investments in hedge funds including fund of fund products and insurance contracts. Certain alternative investments contain a "lock up" period upon initial investment during which the Master Trust cannot redeem its funds from the respective investments. Certain funds are included under alternative investments within hedge funds below and are fund-of-fund hedge fund vehicles that are redeemable upon 30-65 days written notice at the NAV on the request date. These funds are valued at the NAV as provided by the respective investment managers as a practical expedient to estimate fair

PENSION PLAN FOR ALL ELIGIBLE EMPLOYEES OF CRANE CO.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. These investments use the NAV practical expedient since there is no readily determined fair value ("RDFV") and it is probable that the fund will sell the investment at the reported NAV. Insurance contracts that do not have a RDFV nor a NAV and are deemed to be a Level 2 because they have been valued using quoted prices for identical or similar assets or liabilities in markets that are not active.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments held by the Master Trust measured at fair value on a recurring basis at December 31, 2021.

6. CERTIFIED INVESTMENT INFORMATION

All of the Plan's investment assets are held in a trust account at the Trustee and consist of an undivided interest in an investment account of the Master Trust.

The following is a summary of the information regarding the net assets and investments of the Master Trust as of and for the years ended December 31, 2021 and 2020, included in the Plan's financial statements that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan administrator. The information presented represents both the Master Trust balance and the Plan's interest in the Master Trust for each category because the Plan owns 100% of the Master Trust.

The Plan administrator has obtained certifications that the investment balances noted below are held by the Master Trust and the investment information included in Note 5, Fair Value Measurements, excluding the investment leveling and redemption information therein, is complete and accurate.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. The Company pays these individuals' salaries.

Certain of the Plan's Master Trust investments are managed by the Plan's Trustee. The balance of these investments as of December 31, 2021 and 2020, were \$104,363 and \$106,606, respectively. These investments earned net investment income (loss) for the years ended December 31, 2021 and 2020, of \$332,334 and 15,081, respectively.

As of each of December 31, 2021 and 2020, the Master Trust held 427,558 shares of common stock of Crane Co., the Plan Sponsor, with a fair value of \$43,495,475 and \$33,204,154, respectively. During the years ended December 31, 2021 and 2020, the cost basis of these shares was \$875,616, and the Master Trust recorded dividend income of \$735,400 and \$735,400, respectively.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Internal Revenue Code ("IRC") and ERISA's rules on prohibited transactions.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed the Company by letter dated June 23, 2020 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Company and Plan management further believe that the Plan has been operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018. In the event of an IRS audit, the IRS could go back further than 2018 if plan qualification or compliance errors were discovered that spanned beyond that timeframe.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

11. SUBSEQUENT EVENT

On May 16, 2022, Crane Co., a Delaware corporation ("Crane Co."), the Plan Sponsor, completed a reorganization merger pursuant to the Agreement and Plan of Merger, dated as of February 28, 2022 (the "Reorganization"). The Reorganization resulted in Crane Co. becoming a wholly-owned subsidiary of Crane Holdings, Co., with Crane Co., on the same day, distributing certain of its operating assets and liabilities to Crane Holdings, Co., including its rights and obligations as Plan Sponsor. Accordingly, effective as of May 16, 2022, Crane Holdings, Co. became the Plan Sponsor.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Prescribed Funding Assumptions and Methods

The following assumptions and methods are prescribed by ERISA.

Funding interest rates

For 2021 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.22%	4.75%
Second Segment Rate	3.38%	5.36%
Third Segment Rate	3.92%	6.11%
Effective Interest Rate Based on constrained rates		5.56%

For 2020 Plan Year: Segment Rates with four-month lookback, constrained in accordance with relevant legislation as follows:

	Unconstrained Rates*	Rates Reflecting Corridor**
First Segment Rate	2.79%	3.64%
Second Segment Rate	3.92%	5.21%
Third Segment Rate	4.38%	5.94%
Effective Interest Rate Based on constrained rates		5.36%

* Used for maximum tax-deduction and ERISA 4010 reporting purposes

** Used for minimum funding and benefit restriction purposes

Mortality

Mortality tables mandated by PPA as specified in IRS Regulation 1.430(h)(3)-1, as amended in IRS Notice 2019-67, applied on a static basis except for Crane disabled participants that use Rev Ruling 96-7 disabled mortality.

Actuarial cost method

Unit Credit Method. The Funding Target is the present value of accrued benefits and based on compensation and service to date. The Target Normal Cost is the present value of benefits expected to be accrued during the current plan year, reflecting the effect of expected compensation increases during the year and including expected administrative expenses to be paid from plan assets during the year.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods (Continued)

Non-Prescribed Funding Assumptions and Methods

The following assumptions were selected by the plan's enrolled actuary. The asset valuation method was selected by the plan sponsor with the actuary's advice and is an acceptable method under PPA. The retirement, termination and disability assumptions for Crane Co. plan participants were set based on an experience study in 2014.

Effective December 31, 2018, former participants of the Crane and Excelsior Companies ("Currency") Pension Plan were merged into the Crane Co. plan. The retirement, termination and disability assumptions for Currency plan participants were set based on an experience study in 2012.

Expenses

Expected plan administrative of \$6,900,000 were added to the Target Normal Cost. The amount is based on last year's actual expenses (without PBGC premiums) and current year's PBGC premiums.

Frequency of optional payment forms

Current annuitants were valued based on their elected form of benefit. With the exception of Currency terminated vested participants, participants not in pay status are assumed on retirement to elect:

Optional Form	Crane Co. Unisex	Currency Males	Currency Females
Single Normal Form	45%	5%	10%
50% Joint and Survivor	15%	20%	15%
100% Joint and Survivor	25%	N/A	N/A
10 Year Certain and Life	15%	N/A	N/A
Lump Sum	N/A	75%	75%

All Currency terminated vested participants are assumed to elect a single life annuity.

Marital percentage

100% of Crane Co. participants are assumed to be married at death. 80% of male Currency participants and 60% of female Currency participants are assumed to be married at death. Husbands are assumed to be 3 years older than their wives.

Asset valuation method

The Actuarial Value of Assets is Market Value as of the valuation date, including discounted receivable contributions, reduced by 2/3 and 1/3 of the gain/(loss) in the prior two years, respectively. The gain/(loss) for each period is determined as the actual return on Market Value during the period less the expected return on Market Value based on an assumed earnings rate chosen by the actuary but required by PPA to be not greater than the applicable third segment rate. The resulting value is constrained to be within a corridor of 90% to 110% of Market Value, including discounted receivable contributions. The actuary's expected rate of return is based on the plan's asset allocation and forward-looking expected rates of return by asset category provided by the plan's investment consultant.

	Actuary's Assumption	Third Segment Rate	Reflecting PPA Limit
2020 Expected Return	7.25%	6.11 %	6.11%
2019 Expected Return	7.25%	5.94%	5.94%
2018 Expected Return	7.75%	6.11%	6.11%

Use of Models

Actuarial Standard of Practice No. 56 ("ASOP 56") provides guidance to actuaries when performing actuarial services with respect to designing, developing, selecting, modifying, using, reviewing, or evaluating models. Buck uses third-party software in the performance of annual actuarial valuations and projections. The model is intended to calculate the liabilities associated with the provisions of the plan using data and assumptions as of the measurement date under the funding rules specified in this schedule SB. Further, the model applies those funding rules to the liabilities derived and other inputs, such as plan assets and contributions, to generate this schedule SB. Buck has an extensive review process whereby the results of the liability calculations are checked using detailed sample output, changes from year to year are summarized by source, and significant deviations from expectations are investigated. Other funding outputs are similarly reviewed in detail and at a high level for accuracy, reasonability and consistency with prior results. Buck also reviews the model when significant changes are made to the software. The review is performed by experts within the company who are familiar with applicable funding rules as well as the manner in which the model generates its output.

Future actuarial measurements

Future actuarial measurements may differ significantly from current measurements due to plan experience differing from that anticipated by the actuarial assumptions, changes expected as part of the natural operation of the methodology used for these measurements, and changes in plan provisions, applicable law or regulations. An analysis of the potential range of such future differences is beyond the scope of this report.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Pension Plan for all Eligible Employees of Crane Co.

EIN/PN: 88-0706021/037

Schedule SB, Part V – Summary of Plan Provisions

For Crane Co. Non-Bargaining Employees

Participation

For employees hired before January 1, 2006, attainment of age 21 and the completion of 1 year of service. Certain divisions and subsidiaries are not covered and employees who are either represented by a collective bargaining agreement or covered by any other company sponsored pension plan or schedule to this plan are excluded. Effective December 31, 1995, former participants of the Mark Controls Salaried Pension Plan accrue benefits under these provisions. Stockham was acquired in December 1997 and effective December 31, 1997, accrue benefits under these provisions. Liberty Technology was acquired in August 11, 1998. Xomox was acquired July 1, 2001.

Normal Retirement

Eligibility

Age 65.

Benefit

1 2/3% of Final 5-year average earnings times credited service, less 1 2/3% of Primary Social Security Amount times credited service up to maximum of 50%.

The minimum benefit is \$7 per month per year of credited service up to 40 years.

Prior Benefits

Benefits earned under the Crane plan at 12/31/85 were 100% vested and purchased from an insurance carrier. Above descriptions apply to the difference between the gross benefit and such purchase.

Accrued Benefit

The benefit determined using final average earnings, credited service, and Primary Social Security Amount as of the date of benefit determination. However, the Social Security offset is determined assuming no future compensation after termination of employment and based on service at Normal Retirement multiplied by the fraction of credited service to the determination date over projected credited service to Normal Retirement. Effective December 31, 2012 benefit accruals ceased due to plan freeze.

Early Retirement

Eligibility

Age 55 and 15 years of service.

Benefit

Accrued benefit reduced 3% per year for the first 5 years and 7% for each year in excess of 5 that pension commencement date precedes Normal Retirement date.

Vested Retirement

Eligibility

5 years of service.

Benefit

Accrued benefit payable at age 65.

For Crane Co. Non-Bargaining Employees (continued)

Pre-Retirement Survivor Annuity

Eligibility

5 years of service (and not waived coverage for a terminated vested participant).

Benefit

The surviving spouse receives the monthly annuity that would have been payable had the participant retired and elected the 50% joint and survivor annuity prior to the participant's death.

The accrued benefit is reduced for each complete year that this coverage is in effect from termination of employment to Normal Retirement.

Disability Retirement

Eligibility

Age 55 and 20 years of service.

Benefit

Accrued benefit payable immediately.

Normal Form of Retirement Income

Single

Life annuity.

Married

Reduced 50% qualified joint and survivor annuity.

Optional Forms of Retirement Income

- (1) 100%, 75%, or 50% joint and survivor annuity.
- (2) 5, 10 or 15-year certain and life.
- (3) Life annuity.

Schedule SB, Part V – Summary of Plan Provisions (continued)

For Unidynamics Corporation Employees

Participation

For employees hired before January 1, 2006, attainment of age 21 and the completion of 1 year of service. Employees who are either represented by a collective bargaining agreement (unless the agreement provides for such participation) or covered by any other company sponsored pension plan.

Normal Retirement

Eligibility

Age 65.

Benefit

1½% of Final 5-year average earnings for each of the first 33⅓ years of credited service plus ½% of final average earnings for each such year of credited service in excess of 33⅓ years of credited service, less 1½% of the employee's Social Security amount for each of the first 33⅓ years of credited service. For General Plastics/Gentape employees, the benefit accrued under the prior plan is also payable.

Credited service is all service with the Company excluding any service before:

Division	Date
Resistoflex	01/01/79
High Performance Machines, Inc.	01/01/86
Kemlite	10/01/80
Cor Tec	01/01/81

Prior Benefits

Benefits earned at 12/31/85 were 100% vested and purchased from an insurance carrier. Above descriptions apply to the difference between the gross benefit and such purchase.

Accrued Benefit

The benefit determined using final average earnings, credited service, and Social Security amount (assuming current earnings continue to Social Security Retirement Age) as of the date of benefit determination. Effective December 31, 2012 benefit accruals ceased due to plan freeze.

Pension Plan for all Eligible Employees of Crane Co.
EIN/PN: 88-0706021/037

Schedule SB, Part V – Summary of Plan Provisions (continued)

For Unidynamics Corporation Employees (continued)

Early Retirement

Eligibility

Age 55 and 5 years of service.

Benefit

Accrued benefit reduced 3% per year for the first 5 years and 7% for each year in excess of 5 that pension commencement date precedes Normal Retirement date. However, the Social Security amount in the accrued benefit formula shall be multiplied by the fraction of credited service to the determination date over projected credited service to Normal Retirement.

Vested Retirement

Eligibility

5 years of service.

Benefit

Accrued benefit payable at age 65. An early commencement of reduced benefits may be selected after age 55. The benefit is reduced 5/12th of one percent for each month that the benefit commences prior to Normal Retirement.

Death Benefits

Before Retirement

Married vested employees who die prior to benefit commencement are assumed to have elected early commencement (no earlier than age 55) and chosen a 100% contingent annuitant option if death occurred in active employment (50% contingent annuitant option if death occurred other than in active employment), with their spouse as contingent annuitant.

Married vested employees who die prior to benefit commencement are assumed to have elected early commencement (no earlier than age 55) and chosen a 100% contingent annuitant option if death occurred in active employment (50% contingent annuitant option if death occurred other than in active employment), with their spouse as contingent annuitant.

If death occurs before eligibility to commence the benefit payable to the surviving spouse, commencing with the month following the month in which the employee would have been eligible to commence benefits, is equal to 100% (50% if death after termination of employment) of the accrued benefit reduced for early commencement, and further reduced by the appropriate contingent annuitant option factor.

Unmarried vested participants who are eligible to retire shall designate a beneficiary who will receive the participant's Accrued Benefit in 60 equal installments following the participant's death prior to benefit commencement.

The accrued benefit is reduced, for married participants who do not waive the pre-retirement survivor annuity, for each 12 months of coverage from termination of employment of Normal Retirement.
