Independent Auditor's Report

To the Plan Administrator
ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Plan Description

The following description of the ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a non-contributory, defined benefit pension plan sponsored by ASSA ABLOY Inc. (the “Sponsor”), the parent of Yale Security Inc. (“Yale”), Rixson Firemark Inc. (“Rixson”), Corbin Russwin, Inc. (“Corbin”), Folger Adam Security Inc. (“Folger”), and Yale Residential Security Products, Inc. (“Yale Residential”), the participating companies, (collectively referred to as the “Companies”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is administered by the ASSA ABLOY Inc. Benefits Committee (the “Benefits Committee” and the “Plan administrator”) which have been appointed by the Sponsor. The Benefits Committee has sole authority to control and manage the operation and administration of the Plan, subject to the terms and provisions of the Plan. The Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Below are the general provisions of the Plan. Plan participants should refer to the Plan document for a more complete description of the Plan.

All assets of the Plan are held by the ASSA ABLOY Inc. Master Trust (the “Master Trust”). As of December 31, 2021 and 2020, the Master Trust holds the assets of the Plan as well as the assets of the Yale Security Inc. Bargaining Unit Pension Plan, the Corbin Russwin, Inc. Pension Plan for Hourly Employees, the Retirement Plan for Hourly Employees of Sargent Manufacturing Company and Amstar Electronics Group and The United Automobile, Aerospace and Agricultural Implement Workers of America and Its Local 1242 McKinney Products Company Pension Plan, which are also sponsored by the Sponsor. The assets of the Master Trust are held by The Bank of New York Mellon/BNY Mellon, N.A. (the “Trustee”). The assets are currently managed by Snowden Lane Partners, which has been granted discretionary authority concerning purchases and sales of investments.

Effective January 1, 1994, salaried employees of Corbin became eligible to participate in the Plan as a result of the acquisition of the Corbin assets by WNA Inc. from Black & Decker on December 31, 1993. Assets attributable to accrued benefits for Corbin employees as of December 31, 1993 were transferred to the Plan from the Black & Decker Pension Plan.

Effective August 1, 1997, Yale Residential became a participating employer in the Plan. Yale Residential employees who met the Plan’s eligibility requirements became participants in the Plan as of that date. Prior periods of employment were included for purposes of determining eligibility and vesting service only.

During 2003, the Corbin Clarksdale, MS facility (“Clarksdale”) was shut down. Certain employees at this facility were participants in the Plan.

As of December 31, 2003, all participants in the Plan ceased to accrue benefits with the exception of the active collectively bargained employees employed by Rixson-Firemark on or after December 31, 2003.

As of December 31, 2010, the Rixson-Firemark, Franklin Park, IL facility was shut down. Those active collectively bargained employees terminated with full vesting rights.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Eligibility

The Plan covers all salaried employees of the Companies who have reached the age of 21 and have completed 12 months of employment, and former participants of the pension plan for bargaining unit employees of the Nutone Inc. Hallmack, Harrisburg, Kentucky Plant (the "Hallmack Plan") which was merged into the Plan in 1998. The Hallmack Plan was frozen upon merger into the Plan. Those employees whose employment is governed by the terms of a collective bargaining agreement are excluded, unless such agreement expressly provides for such coverage under the Plan.

Pension Benefits

The normal retirement benefit is based on a single life annuity, payable monthly for life, commencing on the normal retirement date (age 65) and ending upon the death of the participant. Other forms of payment (such as a joint and survivor annuity) are based upon the normal retirement benefit, actuarially reduced.

Benefit payments are calculated using the maximum annual earnings limitation in accordance with Internal Revenue Service ("IRS") regulations.

Prior to March 28, 2005, if the actuarial equivalent value of the pension benefit otherwise payable under the Plan was \$5,000 or less, it was payable in a single lump-sum payment. Such payment was made without the consent of the participant or his or her beneficiary.

Effective March 28, 2005, participants with balances of \$1,000 or less will receive an automatic lump-sum distribution upon termination. If the actuarial equivalent value of the pension benefit otherwise payable under the Plan is between \$1,000 and \$5,000, the Plan administrator will distribute such funds to an individual retirement account as directed by the Plan document.

Retirement benefits are determined as follows:

1. Yale

The normal annual benefit for participants who retire on or after January 1, 1989 is equal to the sum of: (a) the accrued benefit amount as of December 31, 1988 for service earned prior to 1989; and (b) for credited service earned after 1988, 2% of the participant's annual compensation for each year of credited service. Annual benefits for participants who retired prior to January 1, 1989 are based upon earlier formulas.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service.

2. Rixson

The benefit formula is equal to 2% of the participant's annual compensation for each year of credited service since September 17, 1988 or date of hire, if later.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 62 with 10 years vesting service.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

3. Corbin Russwin

The annual benefit for employees who are age 65 and who were hired prior to January 1, 1994 is equal to the sum of:

- a) the accrued benefit amount as of December 31, 1993 for service earned prior to 1994 adjusted to reflect final average compensation, as defined by the Plan document, as of the employee's actual termination of employment;
- b) for credited service earned after 1993, the benefit amount shall be equal to the sum of I and II:
 - I) 1% of final average compensation *times* the credited service completed after December 31, 1993; and
 - II) .425% of final average compensation in excess of covered compensation (as defined in the Plan document) *times* the credited service completed after December 31, 1993.

Credited service shall not exceed 35 years.

For employees hired on or after January 1, 1994, the normal annual benefit for retirees is equal to 2% of the participant's annual compensation for each year of credited service. Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service. For prior participants of the Black & Decker Pension Plan, only 5 years vesting service were required.

4. Folger and Yale Residential

The benefit formula is equal to 2% of the participant's annual compensation for each year of credited service since the date the company became a participating employer.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 55 with 10 years vesting service.

5. Hallmack

Normal monthly retirement benefits are calculated based on the number of years of credited service multiplied by the monthly base amount of \$9. The Hallmack Plan, along with credited service and the monthly base amount, were frozen in 1987.

Participants are eligible to receive an actuarially reduced early retirement benefit at age 60.

The Plan was amended November 1, 2003 such that Yale, Rixson, Corbin and Yale Residential salaried and non-bargained employees who were active on December 31, 2003 ceased to accrue any further credited service on or after January 1, 2004. No new entrants are allowed into the Plan.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Death and Disability Benefits

The Plan provides for the payment of benefits to beneficiaries of participants who die prior to the commencement of retirement, if certain requirements have been met. If a participant dies after the commencement of retirement benefit payments, benefits are paid in accordance with the participant's benefit election.

Benefits continue to accrue for any participant who is disabled and is receiving disability benefits under the Companies' long-term disability programs and from Social Security. Yale participants who have completed at least 10 years of service at the time they become disabled may elect to retire and receive disability retirement benefits in accordance with the Plan document.

Employees of Folger, Yale Residential and Rixson, who elect to receive benefits under the Companies' long-term disability programs or Social Security, will not be eligible for disability benefits under the Plan.

Termination Benefits

The Plan provides for benefits to participants whose employment is terminated prior to retirement provided they have completed at least five years of vesting service. For Yale participants, normal retirement benefits for terminated participants begin at age 60 if they were hired prior to January 1, 1989 and at age 65 if they were hired after January 1, 1989. Terminated participants of Yale, Folger, Corbin and Yale Residential with at least 10 years of credited service are eligible at age 55 for early retirement benefits which are actuarially reduced depending upon years of credited service and commencement of benefit payments. Terminated employees of Rixson who participated in the Plan and had at least 10 years of vesting service are eligible at age 62 for early retirement benefits.

Vesting

Participants of the Plan become fully vested at the earlier of age 65 or after five years of service; there is no partial vesting. For Corbin participants, benefits accrued at December 31, 1993 were fully vested.

Effective December 31, 1998, all participants in the Hallmack Plan were terminated and immediately became fully vested in their benefits. All current Hallmack Plan participants, therefore, are either retired employees or vested terminated employees.

Salaried and non-bargained hourly employees who were Plan participants and remained employed until release from employment by Corbin due to the closing of the Clarksdale plant were fully vested as of December 31, 2003.

Administrative Expenses

The Plan is responsible for payment of the Trustee expenses and recordkeeping fees, actuarial services, Pension Benefits Guaranty Corporation ("PBGC") premiums, and accounting and auditing services. During the years ended December 31, 2021 and 2020, administrative expenses were \$312,121 and \$155,605, respectively.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

All Plan assets are held by the Trustee. The Master Trust invests in securities traded on national securities exchanges which are valued by the Trustee at the last reported sales price on the last business day of the Plan year, as well as common/collective trusts and a hedge fund which are valued by the Trustee at the last reported net asset value ("NAV"). These investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 11 - Fair Value Measurements). The Plan's Benefits Committee and Plan administrator determine the Plan's valuation policies utilizing information provided by its investment advisors and custodians.

The Plan's proportionate interest in the Master Trust is based on beginning of year fair value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income less actual distributions and allocated and actual administrative expenses. The net investment income from the Master Trust represents the Plan's proportionate share of the total earnings from investments including interest, dividends, and appreciation, which are netted with investment advisory fees. Appreciation in the fair value of investments consists of the realized gains and losses and the changes in unrealized appreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits, and changes therein, at the dates of the financial statements. Actual results could differ from those estimates.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan's Sponsor as provided by the Plan document. Expenses that are paid directly by the Plan's Sponsor are excluded from these financial statements. Certain administrative expenses of the Plan, such as actuarial, legal, auditing and insurance fees, are paid by the Plan. These expenses paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in investment income presented in the accompanying statements of changes in net assets available for benefits.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Risks and Uncertainties

In early 2020, an outbreak of a novel strain of coronavirus (“COVID-19”) emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Master Trust investments cannot be reasonably estimated at this time.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Plan and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates, compensation, and employee demographics all of which are subject to change. Due to uncertainties inherent in the estimates and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Subsequent Events

Subsequent events were evaluated through September 27, 2022, which is the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits paid under the Plan are accumulated based on, in part, employees' compensation. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by Aon Consulting, Inc. (the “Actuary”) and is that amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payments (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected payment dates. The effect of Plan amendments (if any) on the accumulated Plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in the valuations as of December 31, 2021 and 2020 also updated for actuarial assumptions used in 2021 and 2020 were (a) Pri-2012 mortality study with blue collar adjustments projected generationally from 2012 with scale MP-2021 and Pri-2012 mortality study with blue collar adjustments projected generationally from 2012 with scale MP-2020, respectively, (b) retirement age assumptions (the assumed average retirement age was 62 in 2021 and in 2020), and (c) the rate which is used to measure investment return (2.40% for 2021 and 3.15% for 2020). These actuarial assumptions are based on the presumption that the Plan will

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

The benefits accumulated and actuarial experience amount presented in the statements of changes in accumulated Plan benefits includes normal service costs for benefits that have been earned by participants and actuarial gains and losses, as determined by the Actuary.

The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2021 and 2020. Had the valuation been performed as of December 31, there would be no material differences.

The life expectancy assumptions were updated from 2020 to 2021 in accordance with the Society of Actuaries issuance of the MP-2021 improvement scale.

4. Funding Policy

The Company's funding policy is to contribute such amounts as are determined on an actuarial basis to meet the minimum funding requirements of ERISA, plus such additional amounts as the Company may determine to be appropriate. For 2021 and 2020, the minimum required contribution was \$321,578 and \$141,806, respectively.

To satisfy the 2021 minimum required contribution, the Company elected to apply funding standard carryover balance in the amount of \$321,578. To satisfy the 2020 minimum required contribution, the Company elected to apply Funding Standard Carryover Balance in the amount of 141,806.

5. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the following order:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would have been payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the PBGC (a U.S. government agency) up to the applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan,

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants would receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

6. Related Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by the Trustee of the Plan and, as such, transactions with the Trustee qualify as party-in-interest transactions. Aon Consulting, Inc. provides actuarial services to the Plan, which also qualify as party-in-interest transactions. Personnel and facilities of the Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan.

8. Investments

The Plan's proportionate undivided interest in the Master Trust's net assets as of December 31, 2021 and 2020 was 37.3% and 37.4%, respectively. The fair value of the net assets in the Master Trust at December 31, 2021 and 2020 was \$245,936,647 and \$224,872,339, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan. The Master Trust has been set up to facilitate the

9. Tax Status

The IRS has determined and informed the Sponsor by a letter dated July 8, 2015 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be not sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Certification by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520-103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee of the Plan, The Bank of New York Mellon, as of and for the years ended December 31, 2021 and 2020, has certified to the Plan administrator the following information as complete and accurate. The information was relied on by the Plan administrator in the preparation of the Plan's financial statements in accordance with ERISA.

a. Investments

- The cost and fair value of each of the investment funds of the Master Trust investments, and the Plan's interest in these investments and cash and cash equivalents, as of December 31, 2021 and 2020.
- Purchases and sales of investments, including gains or losses on sales, for the years ended December 31, 2021 and 2020.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

b. Investment Income

- The Plan's interest in the Master Trust investment income (loss) for the years ended December 31, 2021 and 2020.
- The amount of investment advisor fees of the Master Trust, and the Plan's share of the investment advisor fees of the Master Trust, for the years ended December 31, 2021 and 2020.

11. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ASSA ABLOY Inc., U.S. Intruder Group Pension Plan for Salaried Employees

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common stocks and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

Corporate debt: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on corporate securities of issues with similar credit ratings.

Hedge fund: Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common/collective trusts: Valued at the last reported NAV of shares held by the Plan at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The estimated fair value of the common/collective trust is NAV. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

U.S. Intruder Group Pension Plan
EIN: 93-0925319 PN: 004

Expenses

In the development of the minimum required contribution, the normal cost is increased for administrative expenses charged directly to the pension trust.

Funding Cost Method—PPA

Accrued benefits payable in the event of death, termination, disability, or retirement were determined for all active participants. The target normal cost is equal to the actuarial present value of the benefits accrued in the current year and the target liability is equal to the actuarial present value of the benefits accrued in years prior to the current year.

The target liability for inactive participants under this cost method is determined as the actuarial present value of the benefits expected to be paid. These participants include retired participants and their beneficiaries currently receiving benefits and terminated vested participants not yet receiving benefits. No target normal costs are now payable with respect to these participants.

Funding Asset Method

The actuarial value of assets is determined by using Market Value.

Dates of Calculations

The funding valuation date is January 1, 2021.

Employees Included in the Calculations

Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by ASSA ABLOY.

We rely on ASSA ABLOY to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Expenses

In the development of the minimum required contribution, the normal cost is increased for administrative expenses charged directly to the pension trust.

Funding Cost Method—PPA

Accrued benefits payable in the event of death, termination, disability, or retirement were determined for all active participants. The target normal cost is equal to the actuarial present value of the benefits accrued in the current year and the target liability is equal to the actuarial present value of the benefits accrued in years prior to the current year.

The target liability for inactive participants under this cost method is determined as the actuarial present value of the benefits expected to be paid. These participants include retired participants and their beneficiaries currently receiving benefits and terminated vested participants not yet receiving benefits. No target normal costs are now payable with respect to these participants.

Funding Asset Method

The actuarial value of assets is determined by using Market Value.

Dates of Calculations

The funding valuation date is January 1, 2021.

Employees Included in the Calculations

Former employees or their survivors who are receiving or entitled to receive an immediate or deferred benefit under the provisions of the Plan are also included.

Source of Data

Data is as of the valuation date and is supplied to us by ASSA ABLOY.

We rely on ASSA ABLOY to inform us of any former participants who have been rehired and lost prior service because of the length of their break in service. These employees may have participation requirements different from other new employees.

Although we believe these to be accurate and complete, the data and financial information have not been audited by us.

Definitions

Past Service

Compensation Limit

The lesser of \$17,700 or the average of \$17,700 and the member's final average compensation.

Final Average Compensation

Member's highest five consecutive years of compensation during the 10-year period ending December 31, 1988 or the date of disability, if later.

Pension Formula

The sum of the future service benefit and the past service benefit.

Future Service Benefit

Two percent (2%) of compensation earned for each year of credited service after December 31, 1988. Credited service is not earned for periods of employment after December 31, 2003.

Age 65 Past Service Benefit

Greater of (1) or (2):

- (1) 1% of final average compensation up to \$16,692; plus 1.5% of final average compensation in excess of \$16,692; multiplied by credited service as of December 31, 1988; or
- (2) 1.25% of past service compensation limit multiplied by credited service as of December 31, 1988 limited to 70% of final average compensation.

Age 62 Past Service Benefit

Greater of (1) or (2):

- (1) 1.5% of final average compensation multiplied by credited service as of December 31, 1988; or

Eaton Corporation Pension Benefits

The benefit payable for Yale Security participants is reduced, where applicable, by benefits received from Eaton Corporation.

Early Retirement

Eligibility

Age 55 and five years of service or if retired by action of the company, age 50 and five years of service.

Benefit

Hired Before January 1, 1989

Past and future service benefits are reduced by $\frac{1}{2}$ of 1% for each month prior to age 60.

Hired After December 31, 1988

Future service benefit is reduced by $\frac{1}{2}$ of 1% for each month prior to age 65. (Past service benefit is zero).

Vested Termination

Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments begin before age 60, the benefit is reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefit precedes age 60. For employees who became plan members subsequent to December 31, 1988 benefits are reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefits precedes age 65.

Disability Retirement

Eligibility

Ten years of service.

Benefit

If the member is eligible for Social Security disability payments, the benefit determined above assuming payments begin at age 65 plus the product of 1% of final average compensation as of disability multiplied by credited service which could be completed in the period beginning with his disability retirement and ending at normal retirement date. If the member is not eligible for Social Security disability payments, the benefit determined above assuming he has attained age 60 plus the product of 1% of final average compensation at disability multiplied by credited service which would have been completed, if any, in the period commencing with his disability and ending on the earlier of his normal retirement date and December 31, 2003.

Company Name

Rixson-Firemark, Inc.

Pension Formula

Two percent (2%) of compensation earned for each year of credited service after September 17, 1988.

Credited Service

Credited service is counted from the later of:

- (1) September 17, 1988 if the participant was a member of the prior Rixson-Firemark Plan on December 31, 1991; or
- (2) Attainment of age 21.

Salaried and nonbargained employees do not earn additional credited service for periods of employment after December 31, 2003.

Early Retirement
Eligibility

Age 62 with 10 years of service.

Benefit

The benefit determined above based on age and service to when payments begin. If payments begin before age 65, the benefit is reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefit precedes age 65.

Vested Termination
Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments commence prior to age 65 but not before age 62, the benefit is reduced by $\frac{1}{2}$ of 1% per month that payments commence prior to age 65.

Corbin Russwin, Inc.

Company Name

Corbin Russwin, Inc.

Final Average Compensation

The highest average of five consecutive calendar years of compensation in the ten-year period prior to the earlier of retirement or December 31, 2003.

Past Service Benefit

The past service benefit for participants of the prior Black & Decker Plan as of December 31, 1993 will be an accrued benefit as of December 31, 1993 under that plan.

Covered Compensation

The average of the Social Security taxable wage bases, defined in IRC section 3121(x)(I) for the 35-year period ending with the year in which a participant is entitled to unreduced Social Security benefits.

Pension Formula

For prior participants of the Black & Decker Pension Plan:

The sum of (1) and (2):

- (1) The past service benefit multiplied by a fraction (not less than 1.0), the numerator of which is the final average compensation as of the earlier of termination/retirement date and December 31, 2003 and the denominator of which is the final average compensation as of December 31, 1993.
- (2) The sum of (a) and (b) subject to (c):
 - (a) 1.0% of the final average compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.
 - (b) 0.425% of the final average compensation in excess of covered compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

Schedule SB Attachment (Form 5500)—2021 Plan Year
U.S. Intruder Group Pension Plan
EIN: 93-0925319 PN: 004

(c) Credited service in (b) is limited to 35 years. This limit is reduced by the period of service prior to December 31, 1993. If credited service without the limits mentioned in the preceding sentence is less than 35 years and years of employment is greater than 35 years, the multiplier in (a) above is increased to 1.333% for years of credited service up to 35 years. Credited service is not earned for periods of employment after December 31, 2003.

For participants hired subsequent to December 31, 1993:

Two percent (2%) of compensation earned for each year of credited service. Credited service is not earned for periods of employment after December 31, 2003.

Early Retirement
Eligibility

Age 55 with 10 years of service.

Benefit

The benefit determined above based on age when payments begin. If payments begin before age 65, the benefit is reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefit precedes age 65. For prior participants of the Black and Decker Pension Plan, the benefit determined above reduced by $\frac{1}{4}$ of 1% for each month between age 65 and age 60 and by $\frac{1}{3}$ of 1% for each month between age 60 and age 55 that the commencement precedes age 65. If the sum of a participant's age and vesting service equals 90, the benefit is reduced by $\frac{1}{4}$ of 1% for each month between age 62 and age 60 and by $\frac{1}{3}$ of 1% for each month between age 60 and age 55 that the commencement precedes age 62.

Vested Termination
Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments commence prior to age 65, the benefit is reduced according to the early retirement provisions.

Effective Date

January 1, 1970. Restated January 1, 1982. Latest amendment effective January 1, 1992.

Eligibility for Participation

Plant shutdown occurred May 22, 1987. No active participants thereafter.

Credited Service/Vesting Service

Credited service and vesting service prior to January 1, 1976 are based on full time continuous service on an hourly-paid basis with the company.

Subsequent to January 1, 1976, an employee shall receive one year of credited service for each calendar year in which his number of creditable hours is at least 1,700. In the event that his number of hours creditable in a year is less than 1,700, service credit shall be determined by dividing his number of creditable hours by 1,700 with the result taken to the nearest one-tenth year. After January 1, 1976 a member shall receive one year of vesting service for vesting purposes for each year he receives credit for at least 1,000 hours.

Normal Retirement Eligibility

Age 65 with 10 years of credited service.

Normal Retirement Benefit

Effective January 1, 1985, the monthly benefit payable to an employee at normal retirement will be equal to the amount provided by multiplying \$9.00 by years of credited service.

Early Retirement Eligibility

Age 60 with 10 years of credited service.

Early Retirement Benefit

Commencing at age 65, a member who retires early may receive an amount computed as for normal retirement, based on credited service to early retirement; or commencing at early retirement, a member may receive an amount equal to his deferred benefit reduced by $\frac{1}{2}$ of 1% for each month by which he is under age 65.

Special Payment

Effective January 30, 1981, an employee who retires at a normal, early, deferred or disability retirement date will receive the single sum of \$800 in lieu of the first three monthly payments as otherwise determined above. Such payment shall be made only once regardless of subsequent reemployment and retirement.

Termination Benefit

All active participants as of June 1987 are fully vested.

Commencing at age 65, a member may receive his vested benefit, an amount equal to his accrued normal retirement benefit at termination. If a member has 10 years of credited service such benefit may commence at or after age 60 reduced by $\frac{1}{2}$ of 1% for each month by which the member is under age 65.

Preretirement Death Benefit

Eligibility

Married for 12-month period ending on date of death.

Benefit

The death benefit payable to a member's surviving spouse shall commence on the first of the month following the later of (a) the member's date of death or (b) the date on which the member would have reached age 55, and shall be an amount equal to the benefit which the spouse would have received had the member retired on that date and elected a 50% contingent annuity, reduced by $\frac{1}{2}$ of 1% for each complete month by which the commencement date precedes the member's sixty-fifth birthday.

Eaton Corporation Pension Benefits

The benefit payable for Yale Security participants is reduced, where applicable, by benefits received from Eaton Corporation.

Early Retirement

Eligibility

Age 55 and five years of service or if retired by action of the company, age 50 and five years of service.

Benefit

Hired Before January 1, 1989

Past and future service benefits are reduced by $\frac{1}{2}$ of 1% for each month prior to age 60.

Hired After December 31, 1988

Future service benefit is reduced by $\frac{1}{2}$ of 1% for each month prior to age 65. (Past service benefit is zero).

Vested Termination

Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments begin before age 60, the benefit is reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefit precedes age 60. For employees who became plan members subsequent to December 31, 1988 benefits are reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefits precedes age 65.

Disability Retirement

Eligibility

Ten years of service.

Benefit

If the member is eligible for Social Security disability payments, the benefit determined above assuming payments begin at age 65 plus the product of 1% of final average compensation as of disability multiplied by credited service which could be completed in the period beginning with his disability retirement and ending at normal retirement date. If the member is not eligible for Social Security disability payments, the benefit determined above assuming he has attained age 60 plus the product of 1% of final average compensation at disability multiplied by credited service which would have been completed, if any, in the period commencing with his disability and ending on the earlier of his normal retirement date and December 31, 2003.

Corbin Russwin, Inc.

Company Name

Corbin Russwin, Inc.

Final Average Compensation

The highest average of five consecutive calendar years of compensation in the ten-year period prior to the earlier of retirement or December 31, 2003.

Past Service Benefit

The past service benefit for participants of the prior Black & Decker Plan as of December 31, 1993 will be an accrued benefit as of December 31, 1993 under that plan.

Covered Compensation

The average of the Social Security taxable wage bases, defined in IRC section 3121(x)(I) for the 35-year period ending with the year in which a participant is entitled to unreduced Social Security benefits.

Pension Formula

For prior participants of the Black & Decker Pension Plan:

The sum of (1) and (2):

- (1) The past service benefit multiplied by a fraction (not less than 1.0), the numerator of which is the final average compensation as of the earlier of termination/retirement date and December 31, 2003 and the denominator of which is the final average compensation as of December 31, 1993.
- (2) The sum of (a) and (b) subject to (c):
 - (a) 1.0% of the final average compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.
 - (b) 0.425% of the final average compensation in excess of covered compensation as of the earlier of termination/retirement and December 31, 2003 multiplied by credited service after December 31, 1993.

Schedule SB Attachment (Form 5500)—2021 Plan Year
U.S. Intruder Group Pension Plan
EIN: 93-0925319 PN: 004

(c) Credited service in (b) is limited to 35 years. This limit is reduced by the period of service prior to December 31, 1993. If credited service without the limits mentioned in the preceding sentence is less than 35 years and years of employment is greater than 35 years, the multiplier in (a) above is increased to 1.333% for years of credited service up to 35 years. Credited service is not earned for periods of employment after December 31, 2003.

For participants hired subsequent to December 31, 1993:

Two percent (2%) of compensation earned for each year of credited service. Credited service is not earned for periods of employment after December 31, 2003.

Early Retirement
Eligibility

Age 55 with 10 years of service.

Benefit

The benefit determined above based on age when payments begin. If payments begin before age 65, the benefit is reduced by $\frac{1}{2}$ of 1% for each month by which commencement of benefit precedes age 65. For prior participants of the Black and Decker Pension Plan, the benefit determined above reduced by $\frac{1}{4}$ of 1% for each month between age 65 and age 60 and by $\frac{1}{3}$ of 1% for each month between age 60 and age 55 that the commencement precedes age 65. If the sum of a participant's age and vesting service equals 90, the benefit is reduced by $\frac{1}{4}$ of 1% for each month between age 62 and age 60 and by $\frac{1}{3}$ of 1% for each month between age 60 and age 55 that the commencement precedes age 62.

Vested Termination
Eligibility

Completion of five years of service or attainment of age 65.

Benefit

The benefit determined above assuming payments commence at age 65. If payments commence prior to age 65, the benefit is reduced according to the early retirement provisions.

Effective Date

January 1, 1970. Restated January 1, 1982. Latest amendment effective January 1, 1992.

Eligibility for Participation

Plant shutdown occurred May 22, 1987. No active participants thereafter.

Credited Service/Vesting Service

Credited service and vesting service prior to January 1, 1976 are based on full time continuous service on an hourly-paid basis with the company.

Subsequent to January 1, 1976, an employee shall receive one year of credited service for each calendar year in which his number of creditable hours is at least 1,700. In the event that his number of hours creditable in a year is less than 1,700, service credit shall be determined by dividing his number of creditable hours by 1,700 with the result taken to the nearest one-tenth year. After January 1, 1976 a member shall receive one year of vesting service for vesting purposes for each year he receives credit for at least 1,000 hours.

Normal Retirement Eligibility

Age 65 with 10 years of credited service.

Normal Retirement Benefit

Effective January 1, 1985, the monthly benefit payable to an employee at normal retirement will be equal to the amount provided by multiplying \$9.00 by years of credited service.

Early Retirement Eligibility

Age 60 with 10 years of credited service.

Early Retirement Benefit

Commencing at age 65, a member who retires early may receive an amount computed as for normal retirement, based on credited service to early retirement; or commencing at early retirement, a member may receive an amount equal to his deferred benefit reduced by $\frac{1}{2}$ of 1% for each month by which he is under age 65.

Special Payment

Effective January 30, 1981, an employee who retires at a normal, early, deferred or disability retirement date will receive the single sum of \$800 in lieu of the first three monthly payments as otherwise determined above. Such payment shall be made only once regardless of subsequent reemployment and retirement.
