INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Candid Color Systems, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Candid Color Systems, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Candid Color Systems, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Candid Color Systems, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Candid Color Systems, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Candid Color Systems, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Candid Color Systems, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of Candid Color Systems, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Candid Color Systems, Inc. (the Company) for the benefit of its employees and their beneficiaries. Related employers who also participate in the Plan include TSS Photography, LLC and Glamour Shots Licensing, Inc. The purpose of the Plan is to enable participants and their beneficiaries to share in the Company's profits and to encourage the loyalty and continuity of service of the participants. An employee becomes eligible to participate in the Plan upon completing two months of service and is able to enter the Plan on the first day of the following month thereafter. A participant is able to start receiving Company matching and profit sharing contributions (discretionary contributions) starting on the first day of the Plan Year or the first day of the seventh month of the Plan Year coinciding with or next following the date upon the completion of one year of service and attaining the age of 21. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan's trustee, custodian and third-party administrator is Great-West Trust Company, LLC (Great-West Trust). Fidelis Fiduciary Management (Fidelis) serves as an investment advisor to the Plan. Morgan Stanley Wealth Management also serves as an investment advisor to the Plan.

Contributions

Eligible participants may make annual contributions to the Plan through a salary deferral election up to 100% of eligible compensation. Employee rollover contributions are also permitted. The Company may make discretionary contributions to all eligible participants' accounts. The Company elected to not make any discretionary contributions during the years ended December 31, 2021 and 2020. Contributions are subject to certain limitations. Forfeitures are used to either pay administrative expenses or reduce future discretionary contributions.

Participant Investment Account Options

Investment account options include various types of investment securities offered by the Plan. Each participant has the option of directing his or her contributions into any of these investment securities and may change their allocations daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contributions (if any) and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of credited service. The Plan provides for participant vesting of 20% after two years of service, increasing by 20% each year thereafter until 100% vesting is reached after the sixth year of service. The non-vested balance is forfeited upon termination of service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1: Description of the Plan (continued)

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Only one outstanding loan at a time is allowed per participant. The minimum amount of a loan is \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repaid over a period not to exceed five years (except for loans for the purchase of a principal residence which can be repaid over a period not to exceed 15 years) through payroll withholdings. The interest rate on a new loan is 1% over the Prime Rate as published in the Wall Street Journal on the first business day of the month that the loan is originated.

Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installment payments over a period not to exceed the life expectancy of the participant.

A participant may also elect to receive an in-service distribution in regards to their rollover contributions accounts and after-tax deferral contributions accounts at any time subject to possible administrative limitations on the frequency and actual timing of such distributions.

The Internal Revenue Service issued its final regulations for hardship distributions made on or after January 1, 2020. Under these new regulations, the Plan Administrator shall administer the participant hardship withdrawal request consistent with the good-faith interpretation of the requirements.

Forfeited Accounts

Forfeitures consist of unvested company contributions in participants' accounts at the conclusion of their participation in the Plan. Forfeitures are held in the Plan and are used to pay administrative expenses or reduce future Company contributions. At December 31, 2021 and 2020, there were \$4,280 and \$10,121, respectively, in forfeited non-vested accounts. Administrative expenses were reduced from forfeited non-vested accounts of \$43 and \$400, for the years ending December 31, 2021 and 2020 respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies

Investments Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Shares of mutual funds are valued at the

net asset value practical expedient (NAVPE) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion. Direct expenses paid to service providers during the years ended December 31, 2021 and 2020 were \$68,271 and \$66,658, respectively. Indirect expenses paid to service providers during the years ended December 31, 2021 and 2020 were \$46,146 and \$89,996, respectively. Indirect expenses include revenue sharing, annuity wrap or separate account charges, and underlying fund gross expense ratio.

Note 3: Certification of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust and Great-West Life & Annuity Insurance Company (Great-West Insurance) has certified the following information for the years ended December 31, 2021 and 2020, included in the accompanying financial statements and supplemental schedule, is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits as of December 31, 2021 and 2020
- Investment income and interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 4: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The Plan invested in collective trust funds during the year, which were classified as NAVPE. Per US GAAP guidance, investments which use a net asset value practical expedient for fair value measurement, as defined in ASC 820, are removed from the classification table and shown as a reconciling item. In general, the use of the practical expedient requires that the NAV is not publically available.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall as of December 31, 2021:

Note 4: Fair Value of Plan Assets (continued)

The Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated in value by \$1,076,835 and \$1,347,812 during the years ended December 31, 2021 and 2020, respectively.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases, where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. Additionally, US GAAP allows the use of net asset value practical equivalent for unique investments that are allowed in a collective trust fund that have various redemptive restrictions that may be imposed. The Plan Sponsor reviews the prospectus and operations of each type of investment options but reports the collective trust funds as a reconciling item outside the normal hierarchy.

Note 5: Investment Contract with Great-West Insurance

The Plan is a participant in a fully benefit-responsive investment contract with Great-West Insurance in the form of a fixed annuity contract. Great-West Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Great-West Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Key Guaranteed Portfolio Fund is a fixed annuity contract managed by Great-West Insurance. Great-West Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan made payments of approximately \$114,417 and \$146,654 to related parties-in-interest during 2021 and 2020, respectively. Plan parties-in-interest included Great-West Trust, who acted as plan record keeper, and Fidelis, who provided investment advisory services, during the years ended December 31, 2021 and December 31, 2020.

The Company provides certain administrative services at no cost to the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

Note 8: Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Great-West Trust. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 11: Subsequent Events

Subsequent events have been evaluated through September 30, 2022, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic and this resulted in federal, state and local governments, and private entities to mandate various restrictions, including travel restrictions, restrictions on public gatherings, stay at home orders and advisories and quarantining of people who may have been exposed to the virus. The Plan Sponsor's operations have been affected by the shut down, but these effects are expected to be temporary. Management of the Plan Sponsor continues to monitor the impact that the COVID-19 pandemic is having on the Plan Sponsor, the industry and markets in which the Plan Sponsor operates, but the extent to which the coronavirus pandemic may impact the Plan Sponsor's operating results, financial condition and cash flows are not known at the time these financial statements are available to be issued.
