Independent Auditor's Report

To the Plan Administrator and Participants in the
Tracelink 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Tracelink 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements.)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Tracelink 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements. .

Emphasis of Matter-Basis of Accounting on the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other

than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tracelink 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules (modified cash basis) as listed in the accompany index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Tracelink 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 31, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 1 - Description of the Plan

The following brief description of the Tracelink 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established as of November 1, 2009. The Plan is a defined contribution 401(k) Plan structured under the provisions of Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The basic plan document has been amended and restated to be in compliance with changes required under ERISA. Tracelink, Inc. (the “Company”), acts as Plan administrator and controls and manages the operation and administration of the Plan. The Plan is a “prototype plan” sponsored by Fidelity Management Trust Company (“Fidelity”) who also acts as Plan trustee. Fidelity Investments Institutional acts as the Plan’s custodian and record-keeper. UBS Financial Services Inc. provides investment advice to the Plan.

Eligibility

All employees, excluding employees covered by a collective bargaining agreement, are eligible to participate in the Plan on the first day of the month following date of hire.

Contributions

Eligible employees may elect to make both pretax and post tax (Roth) contributions to the Plan subject to certain limits determined by law and the Plan document. The Plan includes an automatic elective deferral feature in which all employees, unless they elect out, are automatically enrolled in the Plan with an amount equal to 6% of compensation withheld each pay period. Federal and state income taxes are deferred on an individual participant’s contributions of up to an indexed maximum amount. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch-up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the statements of changes in net assets available for benefit as rollover contributions.

Company Contributions

The Plan allows for a non-discretionary matching employer contribution equal to 50% of employee’s contributions, limited to 6% of employee’s total compensation.

Notes Receivable from Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participants’ account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax contribution or vested Company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon

termination, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the company's discretionary and non-discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant begins vesting based on the schedule as shown below. Participants may also become fully vested upon the attainment of age 65 while employed by the Company or at the time of permanent disability or death.

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	25%
2 year	50%
3 year	75%
4 year	100%

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies (mutual funds) and a stable value fund held in a common collective trust.

Forfeited Accounts

Participants who terminate prior to full vesting forfeit their non-vested portion of the Company's discretionary matching contribution. Forfeitures can be used to reduce future Company contributions or to offset Plan expenses. Forfeitures are to be allocated in the Plan year following the Plan year in which the designated forfeiture occurs. During the year ending December 31, 2021, forfeited amounts of \$0 were used to reduce Company contributions or reduce Plan expenses. At December 31, 2021 and 2020, there were forfeitures available of \$100,965 and \$22,391, respectively.

Note 2- Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net

Note 2 - Summary of Significant Accounting Policies (continued)

assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Year End

The Plan utilizes a December 31 calendar year end.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Putnam Stable Value Fund is a common collective trust that holds guaranteed investment contracts and short-term securities. Units of the common collective trusts are stated at net asset value. The net asset value is used as a practical expedient to estimate fair value. See Note 6 for further discussion and disclosures related to fair value measurements.

Investment earnings are composed of interest, dividends and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2021 and 2020, respectively.

Subsequent Events

For the year-ended December 31, 2021, the Company evaluated subsequent events for potential recognition and disclosure through July 31, 2021, the date of the financial statement issuance. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 2 - Summary of Significant Accounting Policies (continued)

Administration of Plan Assets

The trustee and custodian of the Plan, the Fidelity Management Trust Company, holds the Plan's assets. The Company has entered into an agreement Fidelity Management Trust Company thru an affiliate to also serve as the record keeper and custodian. Contributions are held and managed by the trustee of the Plan, which invests cash received, interest and dividend income and makes distributions to participants. Officers or employees of the sponsor perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. In addition, the Company also provides certain administrative services at no cost to the Plan.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's Financial Statements.

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, investment transactions and investment income (loss) presented in the accompanying Statements of Net Assets Available for Benefits (modified cash basis) as of December 31, 2021 and 2020, the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2021, and the Supplemental Schedules of Assets Held at End of Year (modified cash basis) as of December 31, 2021 and 2020.

Note 4 – Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. Therefore, all transactions with these entities qualify as party-in-interest transactions. Fidelity Management Trust Company acts as the Plan's trustee. Fidelity Investments Institutional acts as the Plan's custodian and record-keeper. Fees incurred for these services are paid by the Plan totaled \$21,119 for the year ending December 31, 2021. UBS Financial Services, Inc. acts as the Plan's investment advisor. Fees incurred for these services are paid by the Plan totaled \$12,292 for the year ending December 31, 2021. Other fees incurred by the Plan for the investment related expense may be included in net appreciation/depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operation.

Note 5– Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Notes to the Financial Statements

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements)

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2: Inputs to the valuation methodology include:
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at both fair value and fair value using net asset value per share (or its equivalent) as a practical expedient. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, as a result, are classified as a Level 1 investment.

Contracts in common collective trust-stable value fund: The stable value fund, held in a common collective trust, is valued at the net asset value ("NAV") of units of the common collective trust. The fund invests in stable value fixed income instruments, including Guaranteed Investments Contracts. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$37,536,219	\$-	\$-	\$37,536,219
Contracts in common collective trust-stable value fund *	=	=	=	<u>986,175</u>
Total investments at fair value	<u>\$37,536,219</u>	<u>\$-</u>	<u>\$-</u>	<u>\$38,522,394</u>

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 6 – Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$26,778,642	\$-	\$-	\$26,778,642
Contracts in common collective trust-stable value fund *	=	=	=	<u>716,680</u>
Total investments at fair value	<u>\$26,778,642</u>	<u>\$-</u>	<u>\$-</u>	<u>\$27,495,322</u>

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Level 1, 2 or 3.

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits (Modified Cash Basis).

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its practical expedient) as of December 31, 2021 and 2020:

<u>Investment</u>	<u>Fair Value</u> <u>2021</u>	<u>Fair Value</u> <u>2020</u>	<u>Redemption</u> <u>Frequency and</u> <u>Notice Period</u>	<u>Unfunded</u> <u>Commitments</u>
Contracts in common collective trust-stable value fund	<u>\$986,175</u>	<u>\$716,680</u>	Daily, None	None

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets available for Benefits (modified cash basis).

Note 8- Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance

Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 8- Tax Status of the Plan (contribution)

with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9– Delinquent Employee Deferral Transmittals

During the year ended December 31, 2020 the Company remitted participant and loan contributions beyond the limit allowable by rules set forth by the Department of Labor. The Company has taken the corrective actions necessary to rectify this situation and has contributed the necessary lost earnings to make the Plan whole as of the date of the correction. The amount of late contributions totaled \$881 for the year ending December 31, 2020. Please see the supplemental schedules in the financial statements for more detail.

Independent Auditor's Report

To the Plan Administrator and Participants in the
Tracelink 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Tracelink 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements.)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Tracelink 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements. .

Emphasis of Matter-Basis of Accounting on the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other

than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tracelink 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules (modified cash basis) as listed in the accompany index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Tracelink 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 31, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 1 - Description of the Plan

The following brief description of the Tracelink 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established as of November 1, 2009. The Plan is a defined contribution 401(k) Plan structured under the provisions of Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The basic plan document has been amended and restated to be in compliance with changes required under ERISA. Tracelink, Inc. (the “Company”), acts as Plan administrator and controls and manages the operation and administration of the Plan. The Plan is a “prototype plan” sponsored by Fidelity Management Trust Company (“Fidelity”) who also acts as Plan trustee. Fidelity Investments Institutional acts as the Plan’s custodian and record-keeper. UBS Financial Services Inc. provides investment advice to the Plan.

Eligibility

All employees, excluding employees covered by a collective bargaining agreement, are eligible to participate in the Plan on the first day of the month following date of hire.

Contributions

Eligible employees may elect to make both pretax and post tax (Roth) contributions to the Plan subject to certain limits determined by law and the Plan document. The Plan includes an automatic elective deferral feature in which all employees, unless they elect out, are automatically enrolled in the Plan with an amount equal to 6% of compensation withheld each pay period. Federal and state income taxes are deferred on an individual participant’s contributions of up to an indexed maximum amount. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch-up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the statements of changes in net assets available for benefit as rollover contributions.

Company Contributions

The Plan allows for a non-discretionary matching employer contribution equal to 50% of employee’s contributions, limited to 6% of employee’s total compensation.

Notes Receivable from Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participants’ account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax contribution or vested Company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon

Note 1 - Description of the Plan (continued)

termination, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the company's discretionary and non-discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant begins vesting based on the schedule as shown below. Participants may also become fully vested upon the attainment of age 65 while employed by the Company or at the time of permanent disability or death.

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	25%
2 year	50%
3 year	75%
4 year	100%

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies (mutual funds) and a stable value fund held in a common collective trust.

Forfeited Accounts

Participants who terminate prior to full vesting forfeit their non-vested portion of the Company's discretionary matching contribution. Forfeitures can be used to reduce future Company contributions or to offset Plan expenses. Forfeitures are to be allocated in the Plan year following the Plan year in which the designated forfeiture occurs. During the year ending December 31, 2021, forfeited amounts of \$0 were used to reduce Company contributions or reduce Plan expenses. At December 31, 2021 and 2020, there were forfeitures available of \$100,965 and \$22,391, respectively.

Note 2- Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net

assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Year End

The Plan utilizes a December 31 calendar year end.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Putnam Stable Value Fund is a common collective trust that holds guaranteed investment contracts and short-term securities. Units of the common collective trusts are stated at net asset value. The net asset value is used as a practical expedient to estimate fair value. See Note 6 for further discussion and disclosures related to fair value measurements.

Investment earnings are composed of interest, dividends and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2021 and 2020, respectively.

Subsequent Events

For the year-ended December 31, 2021, the Company evaluated subsequent events for potential recognition and disclosure through July 31, 2021, the date of the financial statement issuance. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

Note 2 - Summary of Significant Accounting Policies (continued)

Administration of Plan Assets

The trustee and custodian of the Plan, the Fidelity Management Trust Company, holds the Plan's assets. The Company has entered into an agreement Fidelity Management Trust Company thru an affiliate to also serve as the record keeper and custodian. Contributions are held and managed by the trustee of the Plan, which invests cash received, interest and dividend income and makes distributions to participants. Officers or employees of the sponsor perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. In addition, the Company also provides certain administrative services at no cost to the Plan.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's Financial Statements.

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, investment transactions and investment income (loss) presented in the accompanying Statements of Net Assets Available for Benefits (modified cash basis) as of December 31, 2021 and 2020, the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2021, and the Supplemental Schedules of Assets Held at End of Year (modified cash basis) as of December 31, 2021 and 2020.

Note 4 – Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. Therefore, all transactions with these entities qualify as party-in-interest transactions. Fidelity Management Trust Company acts as the Plan's trustee. Fidelity Investments Institutional acts as the Plan's custodian and record-keeper. Fees incurred for these services are paid by the Plan totaled \$21,119 for the year ending December 31, 2021. UBS Financial Services, Inc. acts as the Plan's investment advisor. Fees incurred for these services are paid by the Plan totaled \$12,292 for the year ending December 31, 2021. Other fees incurred by the Plan for the investment related expense may be included in net appreciation/depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operation.

Note 5– Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements)

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2: Inputs to the valuation methodology include:
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at both fair value and fair value using net asset value per share (or its equivalent) as a practical expedient. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, as a result, are classified as a Level 1 investment.

Contracts in common collective trust-stable value fund: The stable value fund, held in a common collective trust, is valued at the net asset value ("NAV") of units of the common collective trust. The fund invests in stable value fixed income instruments, including Guaranteed Investments Contracts. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$37,536,219	\$-	\$-	\$37,536,219
Contracts in common collective trust-stable value fund *	=	=	=	<u>986,175</u>
Total investments at fair value	<u>\$37,536,219</u>	<u>\$-</u>	<u>\$-</u>	<u>\$38,522,394</u>

Note 6 – Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$26,778,642	\$-	\$-	\$26,778,642

Total investments at fair value	<u>\$26,778,642</u>	<u>\$-</u>	<u>\$-</u>	<u>\$27,495,322</u>

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Level 1, 2 or 3.

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits (Modified Cash Basis).

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its practical expedient) as of December 31, 2021 and 2020:

<u>Investment</u>	<u>Fair Value 2021</u>	<u>Fair Value 2020</u>	<u>Redemption Frequency and Notice Period</u>	<u>Unfunded Commitments</u>
Contracts in common collective trust-stable value fund	<u>\$986,175</u>	<u>\$716,680</u>	Daily, None	None

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets available for Benefits (modified cash basis).

Note 8- Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 8- Tax Status of the Plan (contribution)

with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9– Delinquent Employee Deferral Transmittals

During the year ended December 31, 2020 the Company remitted participant and loan contributions beyond the limit allowable by rules set forth by the Department of Labor. The Company has taken the corrective actions necessary to rectify this situation and has contributed the necessary lost earnings to make the Plan whole as of the date of the correction. The amount of late contributions totaled \$881 for the year ending December 31, 2020. Please see the supplemental schedules in the financial statements for more detail.

Independent Auditor's Report

To the Plan Administrator and Participants in the
Tracelink 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Tracelink 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements.)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Tracelink 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements. .

Emphasis of Matter-Basis of Accounting on the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other

than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tracelink 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tracelink 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules (modified cash basis) as listed in the accompany index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Tracelink 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 31, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 1 - Description of the Plan

The following brief description of the Tracelink 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established as of November 1, 2009. The Plan is a defined contribution 401(k) Plan structured under the provisions of Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The basic plan document has been amended and restated to be in compliance with changes required under ERISA. Tracelink, Inc. (the “Company”), acts as Plan administrator and controls and manages the operation and administration of the Plan. The Plan is a “prototype plan” sponsored by Fidelity Management Trust Company (“Fidelity”) who also acts as Plan trustee. Fidelity Investments Institutional acts as the Plan’s custodian and record-keeper. UBS Financial Services Inc. provides investment advice to the Plan.

Eligibility

All employees, excluding employees covered by a collective bargaining agreement, are eligible to participate in the Plan on the first day of the month following date of hire.

Contributions

Eligible employees may elect to make both pretax and post tax (Roth) contributions to the Plan subject to certain limits determined by law and the Plan document. The Plan includes an automatic elective deferral feature in which all employees, unless they elect out, are automatically enrolled in the Plan with an amount equal to 6% of compensation withheld each pay period. Federal and state income taxes are deferred on an individual participant’s contributions of up to an indexed maximum amount. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch-up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the statements of changes in net assets available for benefit as rollover contributions.

Company Contributions

The Plan allows for a non-discretionary matching employer contribution equal to 50% of employee’s contributions, limited to 6% of employee’s total compensation.

Notes Receivable from Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participants’ account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax contribution or vested Company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon

Note 1 - Description of the Plan (continued)

termination, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the company's discretionary and non-discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant begins vesting based on the schedule as shown below. Participants may also become fully vested upon the attainment of age 65 while employed by the Company or at the time of permanent disability or death.

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	25%
2 year	50%
3 year	75%
4 year	100%

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies (mutual funds) and a stable value fund held in a common collective trust.

Forfeited Accounts

Participants who terminate prior to full vesting forfeit their non-vested portion of the Company's discretionary matching contribution. Forfeitures can be used to reduce future Company contributions or to offset Plan expenses. Forfeitures are to be allocated in the Plan year following the Plan year in which the designated forfeiture occurs. During the year ending December 31, 2021, forfeited amounts of \$0 were used to reduce Company contributions or reduce Plan expenses. At December 31, 2021 and 2020, there were forfeitures available of \$100,965 and \$22,391, respectively.

Note 2- Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net

Note 2 - Summary of Significant Accounting Policies (continued)

assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Year End

The Plan utilizes a December 31 calendar year end.

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Putnam Stable Value Fund is a common collective trust that holds guaranteed investment contracts and short-term securities. Units of the common collective trusts are stated at net asset value. The net asset value is used as a practical expedient to estimate fair value. See Note 6 for further discussion and disclosures related to fair value measurements.

Investment earnings are composed of interest, dividends and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2021 and 2020, respectively.

Subsequent Events

For the year-ended December 31, 2021, the Company evaluated subsequent events for potential recognition and disclosure through July 31, 2021, the date of the financial statement issuance. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

Note 2 - Summary of Significant Accounting Policies (continued)

Administration of Plan Assets

The trustee and custodian of the Plan, the Fidelity Management Trust Company, holds the Plan's assets. The Company has entered into an agreement Fidelity Management Trust Company thru an affiliate to also serve as the record keeper and custodian. Contributions are held and managed by the trustee of the Plan, which invests cash received, interest and dividend income and makes distributions to participants. Officers or employees of the sponsor perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. In addition, the Company also provides certain administrative services at no cost to the Plan.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's Financial Statements.

Note 3 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, investment transactions and investment income (loss) presented in the accompanying Statements of Net Assets Available for Benefits (modified cash basis) as of December 31, 2021 and 2020, the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2021, and the Supplemental Schedules of Assets Held at End of Year (modified cash basis) as of December 31, 2021 and 2020.

Note 4 – Related-Party and Party in Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. Therefore, all transactions with these entities qualify as party-in-interest transactions. Fidelity Management Trust Company acts as the Plan's trustee. Fidelity Investments Institutional acts as the Plan's custodian and record-keeper. Fees incurred for these services are paid by the Plan totaled \$21,119 for the year ending December 31, 2021. UBS Financial Services, Inc. acts as the Plan's investment advisor. Fees incurred for these services are paid by the Plan totaled \$12,292 for the year ending December 31, 2021. Other fees incurred by the Plan for the investment related expense may be included in net appreciation/depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operation.

Note 5– Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right to do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements)

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2: Inputs to the valuation methodology include:
- o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at both fair value and fair value using net asset value per share (or its equivalent) as a practical expedient. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, as a result, are classified as a Level 1 investment.

Contracts in common collective trust-stable value fund: The stable value fund, held in a common collective trust, is valued at the net asset value ("NAV") of units of the common collective trust. The fund invests in stable value fixed income instruments, including Guaranteed Investments Contracts. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$37,536,219	\$-	\$-	\$37,536,219
Contracts in common collective trust-stable value fund *	=	=	=	<u>986,175</u>
Total investments at fair value	<u>\$37,536,219</u>	<u>\$-</u>	<u>\$-</u>	<u>\$38,522,394</u>

Note 6 – Fair Value Measurements (continued)

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$26,778,642	\$-	\$-	\$26,778,642
Contracts in common collective trust-stable value fund *	=	=	=	<u>716,680</u>
Total investments at fair value	<u>\$26,778,642</u>	<u>\$-</u>	<u>\$-</u>	<u>\$27,495,322</u>

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Level 1, 2 or 3.

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits (Modified Cash Basis).

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its practical expedient) as of December 31, 2021 and 2020:

<u>Investment</u>	<u>Fair Value</u> <u>2021</u>	<u>Fair Value</u> <u>2020</u>	<u>Redemption</u> <u>Frequency and</u> <u>Notice Period</u>	<u>Unfunded</u> <u>Commitments</u>
Contracts in common collective trust-stable value fund	<u>\$986,175</u>	<u>\$716,680</u>	Daily, None	None

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets available for Benefits (modified cash basis).

Note 8- Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance

Tracelink 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 8- Tax Status of the Plan (contribution)

with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9– Delinquent Employee Deferral Transmittals

During the year ended December 31, 2020 the Company remitted participant and loan contributions beyond the limit allowable by rules set forth by the Department of Labor. The Company has taken the corrective actions necessary to rectify this situation and has contributed the necessary lost earnings to make the Plan whole as of the date of the correction. The amount of late contributions totaled \$881 for the year ending December 31, 2020. Please see the supplemental schedules in the financial statements for more detail.
