Independent Auditor's Report

To the Trustees of
Springfield Anesthesia Service, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Springfield Anesthesia Service, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Springfield Anesthesia Service, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Springfield Anesthesia Service, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Springfield Anesthesia Service, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Springfield Anesthesia Service, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Springfield Anesthesia Service, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Springfield Anesthesia Service, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering substantially all employees of Springfield Anesthesia Service, Inc. (the Company). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company, the Board of Directors and the Administrative Committee of the Company are the Trustees of the Plan's assets and are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

b. Eligibility

Plan Participation Requirements

All employees of the Company are eligible to participate in the Plan upon reaching the age of 21. Participants can contribute elective deferrals upon completing one hour of service.

Non-Elective Safe Harbor Matching Contribution Requirements

Employees are eligible to receive the non-elective safe harbor matching contributions upon reaching the age of 21, and after completing one year of service or 1,000 hours worked.

Discretionary Employer Matching and Profit-Sharing Contribution Requirements

Employees are eligible to receive the discretionary employer matching and profit-sharing contributions upon reaching the age of 21, after completing one year of service or 1,000 hours worked, and employed on the last day of the plan year.

c. Contributions

Participants may elect to contribute up to 100% of pre-tax or post-tax (Roth) annual compensation to the Plan, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

The Company makes a non-elective safe harbor contribution to the Plan equaling 3% of eligible compensation. The non-elective safe harbor contribution for the plan year ended December 31, 2021 was \$658,765.

The Company also has the option to make a discretionary employer match whereby the Company contributes 50% of the first 4% of eligible compensation. Total matching contributions for the plan year ended December 31, 2021, were \$416,011.

Additionally, the Company made a discretionary profit-sharing contribution totaling \$1,508,010 for the plan year ended December 31, 2021.

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (Continued)

c. Contributions (Continued)

Participants may elect to allocate contributions between various mutual funds, participant self-directed accounts and common collective trusts in the Plan.

d. Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at the rate a bank would charge for a loan of that type. A participant must repay the loan within five years unless the loan is used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions.

f. Vesting

Participants are vested immediately in their elective deferrals, plus earnings thereon.

Participants eligible for the non-elective safe harbor contributions vest 100% in the value of these contributions plus earnings thereon upon completing two years of service.

Participants eligible for the discretionary employer matching and profit-sharing contributions vest in the value of these contributions plus earnings thereon as follows:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than two years of service	0%
At least two years of service	33%
At least three years of service	66%
At least four years of service	100%

Participants become fully vested upon attainment of normal retirement age, death or disability.

g. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce discretionary employer matching contributions. Forfeitures can also be used to offset plan administrative expenses. The Plan had \$17,553 and \$24,576 of unallocated forfeitures as of December 31, 2021 and 2020, respectively. The Plan has used \$7,250 of forfeitures to pay for plan expenses in 2021. Subsequent to year end, the Plan has used \$7,950 of forfeitures to pay for plan expenses.

401(K) SAVINGS PLAN**

Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (Continued)

h. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of sixty-five. Upon termination of service due to death or retirement, a participant receives a lump-sum amount equal to the value of their account.

The Plan requires balances up to \$1,000 be paid out to participants upon termination. The Plan provides for the direct rollover to an individual retirement account for terminated participants with balances greater than \$1,000 and not more than \$5,000, unless directed otherwise by the participant.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the IRC or standards established by the Secretary of the Treasury or their delegate.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles established by the Financial Accounting Standards Board (FASB). References to generally accepted accounting principles (GAAP) in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in common collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts at year-end. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

**SPRINGFIELD ANESTHESIA SERVICE, INC.
401(K) SAVINGS PLAN**

Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)

No allowances for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the recordkeeping of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through September 7, 2022, which is the date the financial statements were available to be issued. Except as noted in Note 11, there were no other events that met the criteria for recognition for disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021, and the related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement*, establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**SPRINGFIELD ANESTHESIA SERVICE, INC.
401(K) SAVINGS PLAN**

Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Self-directed brokerage accounts: Are in common stocks, money market, mutual funds, U.S. Government securities, and corporate bonds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Money market and certificates of deposit are valued at \$1.00 per share in U.S. dollars. Mutual funds are valued at the daily closing price as reported by the fund. U.S. Government securities are valued using pricing models maximizing the use of observable inputs for similar securities. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Common stocks, money market and U.S. Government securities are valued using Level 1 inputs. U.S. Government securities and corporate bonds are valued using Level 2 inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a common collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the common collective trust will be sold for an amount different from NAV. As of December 31, 2021 and 2020, the Plan had no plans to sell the common collective trust at an amount different from NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

401(K) SAVINGS PLAN**

Notes to Financial Statements
December 31, 2021 and 2020

5. COMMON COLLECTIVE TRUSTS

The Plan's investments in common collective trusts (CCTs) are represented by the CCTs' underlying investments in the Morley Stable Value Funds, which invest in fully benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investments in the CCTs are not considered fully benefit-responsive investment contracts and are reported at fair value (see Note 4).

6. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their total accounts and any accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined in its letter dated March 31, 2014, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance, with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

8. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable to participants and transactions with investment funds managed and held by the qualified institution are considered party-in-interest transactions. During 2021, the Plan paid administration and service fees of \$40,235.

9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a number of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 was recognized as a global pandemic in 2020 which has continued to evolve into 2022. This pandemic has adversely affected global economic activity and has contributed to significant volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the magnitude of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.
