Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Report of Independent Auditors

To the Administrator of Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Arch Capital Group (U.S.) Inc. Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

1. Description of Plan

The following description of the Arch Capital Group (U.S.) Inc. Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by Arch Capital Group (U.S.) Inc. (“Plan Sponsor”) and is a defined contribution plan covering all eligible employees, as defined in the Plan, of Arch Capital Group (U.S.) Inc., Arch Insurance Group Inc., Arch Reinsurance Company, Arch Reinsurance Ltd.- a Bermuda Company, Arch Capital Group Ltd.- a Bermuda Company, Arch Re Facultative Underwriters Inc., Arch Capital Services LLC, Arch Mortgage Insurance Limited, Arch Reinsurance Europe Underwriting Limited, Arch U.S. MI Services Inc., Arch Investment Management Ltd.- a Bermuda Company, Arch Mortgage Risk Transfer PCC Inc., United Guaranty Services, Inc., McNeil and Company, Inc. and Arch LMI Pty Ltd. (collectively, the “Companies”). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Arch Capital Services LLC. (“Plan Administrator”).

Contributions

Participants may elect to contribute a percentage of eligible compensation into the Plan after satisfying the Plan’s eligibility requirements. The Plan also contains an automatic enrollment feature. Newly eligible employees and active participants who have not made a deferral election are subject to automatic enrollment and are notified approximately 30 days prior to when their employer will begin to automatically deduct 6% from their eligible pay on a pre-tax basis. Newly eligible employees and participants may elect to opt-out or change this automatic contribution by following the instructions provided in the notice.

Participants elect the percentage of eligible compensation to be withheld from each payroll on a pre-tax basis and/or as an after-tax Roth Deferral and contribute such funds to an account in the Plan held for their benefit. Pre-tax and/or Roth Deferrals are subject to an annual deferral limit of the lesser of 60% of eligible compensation as defined in the Plan or \$19,500 for 2021. Participants may increase or decrease their deferral amount as of the beginning of each payroll period. Company matching contributions, other than additional discretionary matching contributions, are contributed to the Plan each payroll period. Total contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Participants are eligible for matching contributions only if they make employee contributions.

Participants who are age 50 or older on or before the end of the Plan year are eligible to make catch-up pre-tax and/or Roth Deferral contributions, in addition to their 401(k) deferrals (\$19,500 in 2021). The 2021 catch-up contribution limit established by the IRS is \$6,500. No company matching contributions are made on catch-up contributions.

Matching contributions to the Plan are 100% of the first 3% of eligible compensation and 50% of the next 3% of eligible compensation. The Companies are permitted to make an additional discretionary matching contribution as determined by their respective Boards of Directors.

In addition, for each Plan year, the Companies will make a non-elective employer contribution on behalf of each eligible active participant in an amount equal to (a) 5% of each active participant’s eligible compensation, plus (b) 5% of eligible compensation in excess of the Social Security Taxable Wage Base up to the annual compensation limit (\$290,000 for 2021). The Social Security Taxable Wage Base is the

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

amount of compensation subject to the annual Federal Insurance Contribution Act (FICA) limit in effect as of the beginning of the Plan year (\$142,800 for 2021).

The Plan accepts cash rollover contributions made by participants from qualified retirement plans of other employers, including: 401(a), 403(a), 403(b), Roth and governmental 457(b) plans. Additionally, rollovers may be accepted from traditional individual retirement accounts provided such amounts would otherwise be includable in gross income.

Participant Accounts

Each participant's account is credited with their allocation of:

- (a) pre-tax traditional and/or Roth Deferrals plus earnings;
- (b) the Companies' matching or additional discretionary contributions plus earnings; and
- (c) non-elective employer contributions plus earnings.

Vesting

Participants are immediately 100% vested in their pre-tax traditional or Roth Deferrals plus earnings. Vesting in the Companies' matching and non-elective employer contributions is based on years of service; participants are 50% vested after one year of service and 100% vested after two years of service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one (1) outstanding loan at any time. Loans are secured by the vested balance in the participant's account and are subject to the prevailing interest rates as determined by the Plan Administrator. Loans must be repaid in accordance with an amortization schedule prepared by the Plan's Trustee and record keeper, Fidelity Management Trust Company ("FMTTC"). The repayments must be made at least quarterly over a five year period through after-tax payroll deductions. For loans in connection with the purchase of a principal residence, the loan repayment period may not extend beyond 10 years from the date of the loan. Loans may be repaid at any time by the participant without penalty. Participant loans are measured at their unpaid principal balance including accrued interest. Outstanding participant loans include interest rates ranging from 3.25% to 7.00%.

Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant (or beneficiary) can elect to receive 100% of their account balance, a partial withdrawal or defer receipt until a later date if the vested account balance exceeds \$1,000. For termination of employment based on other reasons, a participant will receive the value of the vested interest in their account as a lump sum distribution. For participants with balances transferred from the Arch Capital Group (U.S.) Inc. Pension Plan (#42303), the normal form of payment for those balances under the Plan is a qualified joint and survivor annuity, unless the waiver requirement is satisfied. For all other participants the normal form of payment is a lump sum distribution; participants may also elect direct rollover distributions, non-rollover distributions, a combination non-rollover and direct rollover distributions or installment distributions.

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

Forfeited Accounts

Participants who terminate employment and are less than 100% vested in their employer contributions may forfeit the non-vested portion of such employer contributions. A forfeiture will occur in the Plan year that a participant receives a distribution of their entire vested account or, if no distribution occurs, then after five consecutive one-year breaks in service. Forfeited accounts will be retained in the Plan to be used to pay administrative expenses and future employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$96,529 and \$159,375, respectively. In 2021, no amounts were applied to administrative expenses and \$609,447 in forfeited amounts was used to fund employer related contributions.

Plan Expenses

The Plan Sponsor directly pays all permissible Plan administrative expenses that are not otherwise paid for with Service Credits. The plan receives an annual credit in the amount of \$15,000 that may be used for certain Fidelity-provided services and which are available under the fixed dollar fee pricing model. Any unused Service Credits expire at the end of the twelve-month period. See Note 7 for additional information relating to Plan expenses.

Plan Termination

Although the Companies have not expressed an intention to do so, they have the right, under the Plan, to discontinue their contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

The Plan offers participants the ability to invest in the Plan's core investment line-up and/or BrokerageLink, a self-directed brokerage option. The Plan periodically reviews and may make changes to the investment alternatives available.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements. All values are stated in U.S. dollars.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2021 and 2020, the Plan's investments include shares held in Fidelity and non-Fidelity mutual funds, and target-date funds. The Plan also provides for a self-directed brokerage option, which is limited to mutual funds. These investment options provided for by the Plan are stated at fair value. The Plan's shares in mutual funds, including the self-directed brokerage option, and Vanguard

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

target retirement collective trusts are valued at published market prices in an active market, which are represented by the net asset value ("NAV") of shares held by the Plan at each year-end.

As of December 31, 2021 and 2020, the Plan's investments include an interest in the Fidelity Managed Income Portfolio fund ("Fidelity MIP"), a common collective trust ("CCT"), which holds fully benefit-responsive investment contracts, which is reported at fair value using NAV as a practical expedient on the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits. The underlying investments in Fidelity MIP are measured at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions. The contract value is based on information reported by FMTC using the financial statements of Fidelity MIP. See Note 5, "Fidelity MIP, CCT" for additional detail.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The Plan's appreciation (depreciation) in the fair value of its investments consists of realized gains and losses and unrealized appreciation and depreciation on investments.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurement of Investments

Accounting guidance regarding fair value measurements addresses how entities should measure fair value when they are required to use a fair value measure for recognition or disclosure purposes under GAAP and provides a common definition of fair value to be used throughout GAAP. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly fashion between market participants at the measurement date. In addition, it establishes a three-level valuation hierarchy for the disclosure of fair value measurements. The valuation hierarchy is based upon the observability of inputs to the valuation of an asset or liability as of the measurement date. The level in the hierarchy within which a given fair value measurement falls is determined based on the lowest level input that is significant to the measurement (Level 1 being the highest priority and Level 3 being the lowest priority).

The three levels of inputs that may be used to measure fair value are defined as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments as of the reporting date;

Level 2—Inputs to the valuation methodology are other than quoted prices in active markets for identical investments, which are either directly or indirectly observable as of the reporting date, and reflect assumptions market participants would use to price the investments based on market data obtained from sources independent of the Plan; and

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

Level 3—Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the investment and the Plan makes estimates and assumptions related to the pricing of the investment. Unobservable inputs reflect the Plan's own assumptions about the factors market participants would use to price an asset, and would be based on the best information available in the circumstances.

The policy of the Plan is to recognize transfers between levels at the beginning of the reporting period. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3. There have been no changes in the methodology used at December 31, 2021 and December 31, 2020.

Investments of \$950,293,100 and \$801,957,130 at December 31, 2021 and 2020, respectively, are reflected at fair value. During 2021, the Plan's investments appreciated in value by \$109,344,313. Such appreciation includes gains and losses on investments bought and sold, as well as held during the year.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds and Self-Directed Brokerage

The Plan's investments in mutual funds and self-directed brokerage accounts, which are composed of mutual funds, are public investment vehicles valued using the NAV of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the shares outstanding. The NAV is a published price in an active market and classified as Level 1 of the valuation hierarchy because the daily NAV is validated with a sufficient level of observable activity. Investments in mutual funds may be redeemed daily.

Vanguard Target Retirement Collective Trusts

The target retirement trusts invest in mutual funds using a diversified asset allocation strategy consistent with the participants' current stage of life. The Plan's holdings at December 31, 2021 are valued using the NAV, as provided by the trustee of each trust. The NAV is based on the fair value of the underlying investments held by each trust less all liabilities. Redemptions are permitted daily with no advance notice requirement. The NAV is a published price in an active market and classified as Level 1 of the valuation hierarchy because the daily NAV is validated with a sufficient level of observable activity.

* Composed of mutual funds.

**In accordance with ASU 2015-07, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Fidelity MIP, CCT

Fidelity MIP is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and is managed by FMTC. Fidelity MIP invests in investment contracts issued by insurance companies and other financial institutions ("Wraps"), fixed income securities and money market funds. Fidelity MIP may also invest in futures contracts, option contracts and swap agreements. Wraps are designed to permit the use of contract value accounting to maintain a stable NAV of \$1.00 per unit. Through the use of contract value accounting, there is no immediate recognition of investment gains and losses on Fidelity MIP's securities. Instead, gains and losses are recognized over time by adjusting the interest rate credited to Fidelity MIP under the Wraps. Accordingly, Fidelity MIP's yield will fluctuate. The average yield was 1.65% and 2.10% and the crediting interest rate was 0.85% and 1.16% for 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than

Arch Capital Group (U.S.) Inc. Employee Retirement Plan
Notes to Financial Statements
For the Year Ended December 31, 2021

zero. The Wraps provide for the payment of participant directed withdrawals and exchanges at contract value (principal and accrued interest) during the term of the Wraps. However, withdrawals prompted by certain events (*e.g.*, termination of Fidelity MIP, changes in laws or regulations) may be paid at market value which may be less than contract value. The Wrap issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be likely to do so. Issues and redemptions are permitted daily and recorded upon receipt of the holder's instructions based on the determined NAV. There were no restrictions on redemption or unfunded commitments as of December 31, 2021 and 2020.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the Plan's financial statements to Form 5500 at December 31, 2021 and 2020. The difference between the financial statements and Form 5500 relates to fully benefit responsive investment contracts as discussed in Note 2 and Note 5. Form 5500 requires the interest in Fidelity MIP be reported at fair value.

6. Tax Status

Effective July 27, 2021, the Plan was restated on Fidelity Investment's pre-approved Volume Submitter document (the "Restated Plan"). The Plan Sponsor intends to rely on the Advisory Letter received by Fidelity Investments from the IRS, which stated that the form of the Restated Plan meets the qualification requirements of a tax-qualified plan. The Plan Sponsor continues to rely on the Advisory Letter since any changes adopted after July 27, 2021, were already included and provided for in the pre-approved Volume Submitter.

In accordance with GAAP, the Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Based on IRS guidance, the Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Transactions with Parties-in-Interest

The Plan invests in shares of mutual funds managed by an affiliate of FMTC. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid to FMTC by the Plan for management of administrative services amounted to \$90,926 for the year ended December 31, 2021. Such amount primarily includes fees paid by participants in connection with loan set-up and maintenance. During 2021, the Plan received an amount of \$136,647 under the FMTC Participant Revenue Credit program. In addition, during the 2021 year accounting fees in the amount of \$65,000 were paid to a third party provider. Such payment was made from the balance remaining in the FMTC Revenue Credit Program from prior years. Net fees amounted to \$19,280 for the year ended December 31, 2021.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

There are no material commitments, guarantees or contingent liabilities.

9. Certified Financial Data

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information included in this Note has not been subject to any audit procedures by our independent auditors, except for comparing such information with the related information provided by the Trustee. All investments and investment activity of the Plan are held by the Trustee who has certified to the completeness and accuracy of the investment information, including the assets as of December 31, 2021 and 2020 and investment income and net appreciation in the market value of all investments for the year ended December 31, 2021.

Report of Independent Auditors

To the Administrator of Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Arch Capital Group (U.S.) Inc. Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

1. Description of Plan

The following description of the Arch Capital Group (U.S.) Inc. Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Arch Capital Group (U.S.) Inc. ("Plan Sponsor") and is a defined contribution plan covering all eligible employees, as defined in the Plan, of Arch Capital Group (U.S.) Inc., Arch Insurance Group Inc., Arch Reinsurance Company, Arch Reinsurance Ltd.- a Bermuda Company, Arch Capital Group Ltd.- a Bermuda Company, Arch Re Facultative Underwriters Inc., Arch Capital Services LLC, Arch Mortgage Insurance Limited, Arch Reinsurance Europe Underwriting Limited, Arch U.S. MI Services Inc., Arch Investment Management Ltd.- a Bermuda Company, Arch Mortgage Risk Transfer PCC Inc., United Guaranty Services, Inc., McNeil and Company, Inc. and Arch LMI Pty Ltd. (collectively, the "Companies"). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Arch Capital Services LLC. ("Plan Administrator").

Contributions

Participants may elect to contribute a percentage of eligible compensation into the Plan after satisfying the Plan's eligibility requirements. The Plan also contains an automatic enrollment feature. Newly eligible employees and active participants who have not made a deferral election are subject to automatic enrollment and are notified approximately 30 days prior to when their employer will begin to automatically deduct 6% from their eligible pay on a pre-tax basis. Newly eligible employees and participants may elect to opt-out or change this automatic contribution by following the instructions provided in the notice.

Participants elect the percentage of eligible compensation to be withheld from each payroll on a pre-tax basis and/or as an after-tax Roth Deferral and contribute such funds to an account in the Plan held for their benefit. Pre-tax and/or Roth Deferrals are subject to an annual deferral limit of the lesser of 60% of eligible compensation as defined in the Plan or \$19,500 for 2021. Participants may increase or decrease their deferral amount as of the beginning of each payroll period. Company matching contributions, other than additional discretionary matching contributions, are contributed to the Plan each payroll period. Total contributions are subject to certain Internal Revenue Service ("IRS") limitations. Participants are eligible for matching contributions only if they make employee contributions.

Participants who are age 50 or older on or before the end of the Plan year are eligible to make catch-up pre-tax and/or Roth Deferral contributions, in addition to their 401(k) deferrals (\$19,500 in 2021). The 2021 catch-up contribution limit established by the IRS is \$6,500. No company matching contributions are made on catch-up contributions.

Matching contributions to the Plan are 100% of the first 3% of eligible compensation and 50% of the next 3% of eligible compensation. The Companies are permitted to make an additional discretionary matching contribution as determined by their respective Boards of Directors.

In addition, for each Plan year, the Companies will make a non-elective employer contribution on behalf of each eligible active participant in an amount equal to (a) 5% of each active participant's eligible compensation, plus (b) 5% of eligible compensation in excess of the Social Security Taxable Wage Base up to the annual compensation limit (\$290,000 for 2021). The Social Security Taxable Wage Base is the

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

amount of compensation subject to the annual Federal Insurance Contribution Act (FICA) limit in effect as of the beginning of the Plan year (\$142,800 for 2021).

The Plan accepts cash rollover contributions made by participants from qualified retirement plans of other employers, including: 401(a), 403(a), 403(b), Roth and governmental 457(b) plans. Additionally, rollovers may be accepted from traditional individual retirement accounts provided such amounts would otherwise be includable in gross income.

Participant Accounts

Each participant's account is credited with their allocation of:

- (a) pre-tax traditional and/or Roth Deferrals plus earnings;
- (b) the Companies' matching or additional discretionary contributions plus earnings; and
- (c) non-elective employer contributions plus earnings.

Vesting

Participants are immediately 100% vested in their pre-tax traditional or Roth Deferrals plus earnings. Vesting in the Companies' matching and non-elective employer contributions is based on years of service; participants are 50% vested after one year of service and 100% vested after two years of service.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one (1) outstanding loan at any time. Loans are secured by the vested balance in the participant's account and are subject to the prevailing interest rates as determined by the Plan Administrator. Loans must be repaid in accordance with an amortization schedule prepared by the Plan's Trustee and record keeper, Fidelity Management Trust Company ("FMTTC"). The repayments must be made at least quarterly over a five year period through after-tax payroll deductions. For loans in connection with the purchase of a principal residence, the loan repayment period may not extend beyond 10 years from the date of the loan. Loans may be repaid at any time by the participant without penalty. Participant loans are measured at their unpaid principal balance including accrued interest. Outstanding participant loans include interest rates ranging from 3.25% to 7.00%.

Payment of Benefits

Upon termination of service due to retirement, death or disability, a participant (or beneficiary) can elect to receive 100% of their account balance, a partial withdrawal or defer receipt until a later date if the vested account balance exceeds \$1,000. For termination of employment based on other reasons, a participant will receive the value of the vested interest in their account as a lump sum distribution. For participants with balances transferred from the Arch Capital Group (U.S.) Inc. Pension Plan (#42303), the normal form of payment for those balances under the Plan is a qualified joint and survivor annuity, unless the waiver requirement is satisfied. For all other participants the normal form of payment is a lump sum distribution; participants may also elect direct rollover distributions, non-rollover distributions, a combination non-rollover and direct rollover distributions or installment distributions.

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

Forfeited Accounts

Participants who terminate employment and are less than 100% vested in their employer contributions may forfeit the non-vested portion of such employer contributions. A forfeiture will occur in the Plan year that a participant receives a distribution of their entire vested account or, if no distribution occurs, then after five consecutive one-year breaks in service. Forfeited accounts will be retained in the Plan to be used to pay administrative expenses and future employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$96,529 and \$159,375, respectively. In 2021, no amounts were applied to administrative expenses and \$609,447 in forfeited amounts was used to fund employer related contributions.

Plan Expenses

The Plan Sponsor directly pays all permissible Plan administrative expenses that are not otherwise paid for with Service Credits. The plan receives an annual credit in the amount of \$15,000 that may be used for certain Fidelity-provided services and which are available under the fixed dollar fee pricing model. Any unused Service Credits expire at the end of the twelve-month period. See Note 7 for additional information relating to Plan expenses.

Plan Termination

Although the Companies have not expressed an intention to do so, they have the right, under the Plan, to discontinue their contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

The Plan offers participants the ability to invest in the Plan's core investment line-up and/or BrokerageLink, a self-directed brokerage option. The Plan periodically reviews and may make changes to the investment alternatives available.

2. Summary of Significant Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America ("GAAP"), have been used consistently in the preparation of the Plan's financial statements. All values are stated in U.S. dollars.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2021 and 2020, the Plan's investments include shares held in Fidelity and non-Fidelity mutual funds, and target-date funds. The Plan also provides for a self-directed brokerage option, which is limited to mutual funds. These investment options provided for by the Plan are stated at fair value. The Plan's shares in mutual funds, including the self-directed brokerage option, and Vanguard

Arch Capital Group (U.S.) Inc. Employee Retirement Plan

Notes to Financial Statements

For the Year Ended December 31, 2021

target retirement collective trusts are valued at published market prices in an active market, which are represented by the net asset value ("NAV") of shares held by the Plan at each year-end.

As of December 31, 2021 and 2020, the Plan's investments include an interest in the Fidelity Managed Income Portfolio fund ("Fidelity MIP"), a common collective trust ("CCT"), which holds fully benefit-responsive investment contracts, which is reported at fair value using NAV as a practical expedient on the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits. The underlying investments in Fidelity MIP are measured at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions. The contract value is based on information reported by FMTC using the financial statements of Fidelity MIP. See Note 5, "Fidelity MIP, CCT" for additional detail.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The Plan's appreciation (depreciation) in the fair value of its investments consists of realized gains and losses and unrealized appreciation and depreciation on investments.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurement of Investments

Accounting guidance regarding fair value measurements addresses how entities should measure fair value when they are required to use a fair value measure for recognition or disclosure purposes under GAAP and provides a common definition of fair value to be used throughout GAAP. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly fashion between market participants at the measurement date. In addition, it establishes a three-level valuation hierarchy for the disclosure of fair value measurements. The valuation hierarchy is based upon the observability of inputs to the valuation of an asset or liability as of the measurement date. The level in the hierarchy within which a given fair value measurement falls is determined based on the lowest level input that is significant to the measurement (Level 1 being the highest priority and Level 3 being the lowest priority).

The three levels of inputs that may be used to measure fair value are defined as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments as of the reporting date;

Level 2—Inputs to the valuation methodology are other than quoted prices in active markets for identical investments, which are either directly or indirectly observable as of the reporting date, and reflect assumptions market participants would use to price the investments based on market data obtained from sources independent of the Plan; and

Arch Capital Group (U.S.) Inc. Employee Retirement Plan
Notes to Financial Statements
For the Year Ended December 31, 2021

Level 3—Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the investment and the Plan makes estimates and assumptions related to the pricing of the investment. Unobservable inputs reflect the Plan's own assumptions about the factors market participants would use to price an asset, and would be based on the best information available in the circumstances.

The policy of the Plan is to recognize transfers between levels at the beginning of the reporting period. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3. There have been no changes in the methodology used at December 31, 2021 and December 31, 2020.

Investments of \$950,293,100 and \$801,957,130 at December 31, 2021 and 2020, respectively, are reflected at fair value. During 2021, the Plan's investments appreciated in value by \$109,344,313. Such appreciation includes gains and losses on investments bought and sold, as well as held during the year.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds and Self-Directed Brokerage

The Plan's investments in mutual funds and self-directed brokerage accounts, which are composed of mutual funds, are public investment vehicles valued using the NAV of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the shares outstanding. The NAV is a published price in an active market and classified as Level 1 of the valuation hierarchy because the daily NAV is validated with a sufficient level of observable activity. Investments in mutual funds may be redeemed daily.

Vanguard Target Retirement Collective Trusts

The target retirement trusts invest in mutual funds using a diversified asset allocation strategy consistent with the participants' current stage of life. The Plan's holdings at December 31, 2021 are valued using the NAV, as provided by the trustee of each trust. The NAV is based on the fair value of the underlying investments held by each trust less all liabilities. Redemptions are permitted daily with no advance notice requirement. The NAV is a published price in an active market and classified as Level 1 of the valuation hierarchy because the daily NAV is validated with a sufficient level of observable activity.

**In accordance with ASU 2015-07, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Fidelity MIP, CCT

Fidelity MIP is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans and is managed by FMTC. Fidelity MIP invests in investment contracts issued by insurance companies and other financial institutions ("Wraps"), fixed income securities and money market funds. Fidelity MIP may also invest in futures contracts, option contracts and swap agreements. Wraps are designed to permit the use of contract value accounting to maintain a stable NAV of \$1.00 per unit. Through the use of contract value accounting, there is no immediate recognition of investment gains and losses on Fidelity MIP's securities. Instead, gains and losses are recognized over time by adjusting the interest rate credited to Fidelity MIP under the Wraps. Accordingly, Fidelity MIP's yield will fluctuate. The average yield was 1.65% and 2.10% and the crediting interest rate was 0.85% and 1.16% for 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than

Arch Capital Group (U.S.) Inc. Employee Retirement Plan
Notes to Financial Statements
For the Year Ended December 31, 2021

zero. The Wraps provide for the payment of participant directed withdrawals and exchanges at contract value (principal and accrued interest) during the term of the Wraps. However, withdrawals prompted by certain events (*e.g.*, termination of Fidelity MIP, changes in laws or regulations) may be paid at market value which may be less than contract value. The Wrap issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be likely to do so. Issues and redemptions are permitted daily and recorded upon receipt of the holder's instructions based on the determined NAV. There were no restrictions on redemption or unfunded commitments as of December 31, 2021 and 2020.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the Plan's financial statements to Form 5500 at December 31, 2021 and 2020. The difference between the financial statements and Form 5500 relates to fully benefit responsive investment contracts as discussed in Note 2 and Note 5. Form 5500 requires the interest in Fidelity MIP be reported at fair value.

Notes to Financial Statements

For the Year Ended December 31, 2021

6. Tax Status

Effective July 27, 2021, the Plan was restated on Fidelity Investment's pre-approved Volume Submitter document (the "Restated Plan"). The Plan Sponsor intends to rely on the Advisory Letter received by Fidelity Investments from the IRS, which stated that the form of the Restated Plan meets the qualification requirements of a tax-qualified plan. The Plan Sponsor continues to rely on the Advisory Letter since any changes adopted after July 27, 2021, were already included and provided for in the pre-approved Volume Submitter.

In accordance with GAAP, the Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Based on IRS guidance, the Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Transactions with Parties-in-Interest

The Plan invests in shares of mutual funds managed by an affiliate of FMTC. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid to FMTC by the Plan for management of administrative services amounted to \$90,926 for the year ended December 31, 2021. Such amount primarily includes fees paid by participants in connection with loan set-up and maintenance. During 2021, the Plan received an amount of \$136,647 under the FMTC Participant Revenue Credit program. In addition, during the 2021 year accounting fees in the amount of \$65,000 were paid to a third party provider. Such payment was made from the balance remaining in the FMTC Revenue Credit Program from prior years. Net fees amounted to \$19,280 for the year ended December 31, 2021.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

There are no material commitments, guarantees or contingent liabilities.

9. Certified Financial Data

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the information included in this Note has not been subject to any audit procedures by our independent auditors, except for comparing such information with the related information provided by the Trustee. All investments and investment activity of the Plan are held by the Trustee who has certified to the completeness and accuracy of the investment information, including the assets as of December 31, 2021 and 2020 and investment income and net appreciation in the market value of all investments for the year ended December 31, 2021.
